A SUCCESSFUL CONVENTION.

The first concert of the Rogue River Choral Union's convention (held at Grant's Pass last week) was given on Thursday night. It was a rare musical treat. The large audience listened with critical attention, and set its seal with critical attention, and set its seal of a proval upon every number. The special favorites were the "Grand American Fantasia," by the orchestra; "Ever be Happy," by Mrs. R. C. Brooks of Oakiand, Calif., and male chorus; "Spirit Immortal," by Dr. R. T. Burnett, Mrs. Brooks and George Cramer, and the closing "Hallelujah Chorus." All of the choruses had orchestral accompaniment, which added much to the pleasure of the evening. Director Nash cannot say too much to the credit of the Choral Union and the excellence of its convention.

the excellence of its convention.

Friday afternoon a matinee concert
was given, the participants being
members of the various choral unions, assisted by members of the orchestra and Mrs. R. C. Brooks. The opera-house was crowded, and encores were numerous. The schools enjoyed a vacation, to give the students a chance to attend, and almost every business house was closed during the hours of the concert. The star of the afternoon was 8-year-old Bertina Boffa of Medford, whose violin playing was a revelation to all. Mrs. R. C. Brooks again captivated the audience, and responded with some imitations of children's Gray & Bradbury, lumber..... songs at various ages, which brought R S Dunlap cemetery work down the house. Father Dominic and T J Kenney, merchandise..... A. T. Baldwin of Mt. Angel gave a brilliant plane duet as a closing number. Delegations of music lovers were in attendance upon the concerts from Gold Hill, Medford, Jacksonville and Plymaie. clerical work of recorder Ashland.

CASE OF LOCOMOTOR ATAXIA CURED NEAR CHICAGO.

Victim Lost the Sight of One Eye and Was Unable to Walk--Vision Restored

and the Use of Limbs Regained. miracle was that of Samuel Curnock of 62 Twenty-second avenue, Melrose Park, Ill. The story is best told in his

own words. He says: "Early in 1898 I began to experience a worn out feeling and noticed that I became tired after very slight exertion. I continued at my work in the machine shop until July 2, 1898, when I suffered from a fall and after that time grew rapidly worse. A physician was called and pronounced my trouble locomotor ataxia. He treated me for four months and there was no improvement in my condition. I was told that my case was incurable and that I would continue to was not confined to my bed although I spent much of my time lying down and was entirely unable to work. I could hardly stand; it seemed as if my legs would give out from under me, and my movements were like those of a drunken man. A cold numbness came in my right side and I lost the strength of my right arm. Then my eyes began to blur so that I could see nothing distinctly, and in a short time I became totally

blind in my right eye. "Last December I began taking Dr. Williams' Pink Pills for Pale People and within a month I was so much improved that I determined to persist in the treatment. At the end of the second month I was able to return to my work and have not lost a day on account of illness since that time. Since I began taking the pills I have gained 30 pounds in weight can walk almost as well as ever and my sight is fully restored. I firmly believe that Dr. Williams' Pink Pills for Pale People saved my life and enabled me to again earn my livelihood.
