

# THE DEMOCRATIC TIMES.

Published Mondays and Thursdays by  
**Wimes Printing Company**  
CHAS. NICKELL, Editor & Manager.

**RYAN'S BRICK BUILDING, California St.**  
Advertisements inserted at reasonable rates

NOTWITHSTANDING the unfavorable opinion of the editor of the Medford Enquirer, than whom none could be more competent to judge, the Commoner has already outgrown its present facilities. Mr. Bryan was in New York recently, inspecting some of the extensive newspaper plants of that city.

COL. W. C. SANGER of New York will be assistant secretary of war, vice Meikeljohn, the Nebraska politician. Senator Platt and his flunky, Senator Dewey, don't like the appointment, because Sanger is not a Republican of their stripe. They couldn't influence the President against Secretary Root's choice, however.

Why don't the civilized nations of the world stop the massacre of Christians in Turkey? They would be entitled to much greater credit for performing such a humane act than by doing anything else. It is a shame that the murderous Turks should be allowed to slaughter good and inoffensive people, simply for religion's sake.

JOHN BARRETT, who claimed to be a Democrat when he was appointed minister to Siam by Cleveland, is in Washington, waiting for the President to give him a foreign appointment. He is the quintessence of egotism and indolence; and it is to be hoped that he will be obliged to earn his livelihood through some other means than office-holding.

THE annexation of the Transvaal and Orange Free State has been officially recognized by the U. S. government. Could anything go further to prove the Administration's love for Great Britain and her imperialistic doctrines? President McKinley and his advisers should be ashamed of taking this step toward the crushing of a people who have made such a grand struggle for their liberty.

R. B. WHITESIDE of Minnesota, who owns the grove of big trees in Calaveras county, Calif., for which he paid \$125,000, like the great philanthropist that he is, says that he is willing to take \$500,000 for the property, providing it is bought inside of six months. After that time he asserts he will cut the trees into lumber. Whiteside's bust should adorn the Temple of Fame when he "shuffles off this mortal coil." His nerve is unequalled.

PRESIDENT HADLEY of Yale university, whose predictions made in the Old South church in Boston, that they will be an emperor in Washington in 25 years, unless a public sentiment capable of controlling the trusts is aroused, which has given rise to comment in this country and Europe, is quoted as saying: "The comments of the newspapers evidently have been based on misrepresentation of the facts. They seemed to have assumed that I spoke on trusts, whereas my address was not on trusts, but on public conscience, my reference to trusts being incidental and of the most casual character. I do not mean that the trusts will create an emperor. What I said was that an aroused public opinion is the only thing that can control the trusts, and without that public opinion we shall have an emperor."

THERE may be trouble yet over Cuban independence, as President McKinley and his advisers, who really prefer annexation of the island, have lately placed an impediment thereto, which is more serious than all others yet presented. At Havana, March 12th, "La Lucha" published part of a letter which Maximo Gomez recently wrote to a friend in Santo Domingo. Speaking of the present situation in Cuba, the General said: "Matters here have a serious aspect. This change in the people, who had begun to feel content with the Americans, is due to the Platt amendment. That ill-advised proceeding has wounded the sentiment of Cubans, who feel that mild disgust which such unreasonable conduct always produces. This demand, thrown as a challenge in the face of Cuba by a powerful nation, will cause deep moral perturbations. People will wonder how the United States, which are exponents of liberty, can deny our right to define the principle of liberty. Was our fight the result of hatred of Spain or of love of liberty? The United States are too rich a nation to deny Cuba these crumbs on concession. The Americans should know that, as a star of greater magnitude, the United States will receive a proportional influence upon all the nations of the great family of American republics."

## HERB AND THERE.

**Remember The Boss.**  
Stationery, notions, smokers' articles, etc., also a fresh line of lunch goods, at Joe Wetterer's.  
Gov. Geer has re-appointed Frank Rogers of Oregon city a member of the State Barbers' Commission.  
The U. S. transport Hancock arrived in San Francisco last week, bringing the 30th regiment of U. S. infantry.

Certificates for scarp bounties for the use of notaries and justices of the peace—latest forms—for sale at THE TIMES office.  
Wm. Koeppel, watchmaker and jeweler, is located at the corner of California and 5th streets, opposite Judge Day's real-estate office. Satisfaction guaranteed.

Astoria is talking of licensing slot machines. It is estimated that about \$3000 per year can be derived from an annual license of \$25 on every one of those devices in use there.

Their promptness and their pleasant effects make DeWitt's Little Early Risers most popular little pills wherever they are known. They are simply perfect for liver and bowel troubles.

The latest advices from Turkey report more massacres by the Mohammedans. Whole villages have been put to the sword, and many hundreds of Christians have been burned alive or cut to pieces.

Notwithstanding the re-election of McKinley wood is worth about a third less than a year ago, says the Albany Democrat. A Princeton paper says that where 14 cents was offered a year ago, now the highest offer is 9 1/2 to 10 cents.

The new fish law seems to have complicated matters as far as the appointment of commissioner is concerned. Both Van Dusen, the new appointee, and Reed, who was legislated out of office, claim to be entitled to the office.

The legislatures of Washington, Idaho, Utah and Montana passed resolutions endorsing the Lewis & Clarke exposition to be held at Portland in 1905, and appointed commissioners to report plans for aid and cooperation to the next legislatures, which meet in 1903.

T. H. B. Taylor, proprietor of Madford's feather-cleaning establishment, will visit Jacksonville before long and make regular trips thereafter. He does first-class work at reasonable rates. Our citizens should have their feather beds, pillows, etc., cleaned by him.

Unless the United States negotiate a treaty with Great Britain or abrogate the Clayton-Bulwer treaty, the Nicaragua minister says there will be no further negotiations with the United States concerning the question of the construction of the isthmian canal through the territory of Nicaragua.

The handsomest flower that blooms is the rose. Every lover of the beautiful should have an assortment of them. The California Rose Co., Los Angeles, Calif., are headquarters of the coast for nice, head-grown rose bushes. All the latest and best sorts. Send for a catalogue today.

Counterfeits of DeWitt's Witch Hazel Salve are liable to cause blood poisoning. Leave them alone. The original has the name DeWitt's upon the box and wrapper. It is a harmless and healing salve for skin diseases. Unequaled for piles. City Drug Store, Jacksonville, and Dr. J. Hinkle, Central Point.

The Southern Pacific will hereafter have improved piers at the Oakland pier, at the ferry depot, foot of Market street, and at the Third and Townsend street depot, San Francisco, to assist passengers in every manner possible. They will wear dark blue suits and bright red caps with a broad black band bearing in gold letters the words "Porters of S. P. Co."

Lord Roseberry has made a bold bid for the pacification of the Boer farmers. He promises to rebuild the Boer homes that have been destroyed and restore their farms. The accomplishment of this promise will be brought about by the use of the proceeds from the confiscated Rand mines. Roseberry is likely to become the British premier in the near future.

It has been stated that the \$300 exemption heretofore allowed to householders on the value of their personal property will not be allowed under the new assessment law. This is an error, however. The new law contains a provision that no reduction of assessment shall be allowed on account of indebtedness; but the old law as to the \$300 exemption is not affected by this provision. There has not been for many years an allowance for indebtedness, so the law in this respect is not changed.

Bicyclists will not be called upon this year to pay the license tax. The reason is that there is no warrant for the collection of the license tax of \$1 on each wheel. The law passed by the legislature came into existence after the tax levy had been made. Until the county court shall make the levy, it is stated, no provision is made for taking care of the tax. The sheriff cannot collect a tax which is not levied. According to the law the tax becomes delinquent April 1st. The prospects are, therefore, that nothing will be done for the bike paths this year.

Word has been received in Eugene that McMinnville college has filed with the executive committee of the intercollegiate oratorical association a charge of plagiarism against Elwood Minchin, the freshman from Pacific University at Forest Grove, who won the medal at the intercollegiate oratorical contest at Corvallis last Friday evening. It is alleged that Minchin, the subject of whose oration was "Wendell Phillips, the Agitator," stole almost his entire address from a book, and with a little retouching here and there, had the audacity and nerve to stand before an audience of intelligent people and deliver it, claiming it as original. The executive committee will immediately investigate the matter, and interesting developments are looked for. Minchin is only 17 years old, and it was thought by many at the time the oration was delivered that some of the ideas and thoughts contained in it were pretty far advanced for one so young.

## MINING NEWS.

A full assortment of May's celebrated seeds—fresh and pure—is being displayed by Joe Wetterer.

Notices for the location of placer and quartz mines, etc., for sale at THE TIMES office.

Miners' liens, deeds to mines, water right locations and other mining blanks always on hand at THE TIMES office.

There's going to be a big rush of gold seekers to the Philippines as soon as pacification proceeds a little further.

The American Mining Code, stand, and authority on all subjects pertaining to mining, water-rights, etc., is kept on hand at THE TIMES office.

The Dixie Queen mine, located in Foothills creek district, is being developed by J. A. Fitzgibbon & Co. of San Francisco, who have bonded it. The ore is yielding nicely.

Last month's output at the Bonanza mine, with 40 stamps, was \$50,000, and the Red Boy mine cleaned up \$39,000 from 20 stamps during the same time. Both are situated near Baker city.

THE TIMES learns that the company which has been developing the Mountain Lion mine situated in Missouri Flat district, after running several hundred feet of tunnel, have struck a big body of fine ore.

H. A. Reed of Grant's Pass, who had a ton of ore from the mine situated in Louse creek district, which he purchased from Briggs Bros., tested at the Gold Hill custom mill, is well pleased with the result. It yielded \$20 in gold, exclusive of nearly 100 pounds of concentrates. Mr. R. says that the development of the property shows enough ore in sight to keep a ten-stamp mill going.

The Mining Journal says that a great excitement exists on Josephine creek and at Kerby, about 30 miles south of Grant's Pass, by the finding of a very rich quartz ledge alongside of old placer ground. The vein has been traced over 300 feet, and appears to be from 5 to 10 feet wide. They have taken out \$8000 in a few days, and from present indications the whole ledge is very rich. The rock that was seen at Kerby is literally covered with gold, and judging from that already taken by panning and mortaring it will go at least \$25,000 to the ton. The mine belongs to Ed. Daily and M. Bour.

Considerable interest is being taken in the mineral resources of Jackson creek district since J. W. Opp bonded a large body of land from C. C. Beckman. A number of locations have been made by the incorporators of the Granite Mountain Mining Co., composed of J. R. Neill, P. Applegate, A. M. Soliss and G. E. Neuber, while Judge Prim, G. E. Neuber, J. S. Orth and J. S. Murphy will also locate a number of claims in the same vicinity during the week. There are several rich deposits of gold and other minerals west of Jacksonville, and they will be discovered sooner or later. The pioneer town of southern Oregon will then even surpass its former importance.

The Ashland Tidings says that two San Francisco capitalists, Messrs. Mack and Guggenheimer, have had several representatives in and around Ashland during the past twelve months, prospecting and acquiring title to thousands of acres of land south and southeast of the city, and recent reliable information has it they will have an oil-sinking plant working on some of these lands at an early date. The territory in which they propose to operate covers a large stretch of country, beginning at what is known as Steinman peak on the Siskiyou, and skirts from there along Bear, Carter and Emigrant creeks. They have purchased from the railroad company, at good prices, 1,400 acres of the old right-of-way, near what was to have been Buck Rock tunnel, on the old railroad route, and have also acquired over 1,000 other acres in the same oil belt from the United States government through scrip payments; besides buying four deeded claims from private parties, and offering to lease and buy some other desirable land that could not be secured. Among other purchases they have the old Dollard place and toll-house, consisting of 640 acres.

## EDITORIAL NOTES.

EASTERN MARKETS show a sharp advance in the price of wheat, now that the surplus is nearly all in the hands of the speculators. We hope that the advance will be felt in Oregon, too. In Portland Walla Walla is quoted at 57 cents a bushel. The price of other cereals has also advanced.

THE failure of Congress to provide for the building of the Nicaragua canal is a burning disgrace, and shows the great influence railroad and other corporations that are likely to be injured by this great waterway have with President McKinley and other Republican leaders. With Mr. Hay as secretary of state Great Britain knows that she can hold up the canal treaty indefinitely, so far as the Administration is concerned. One Congress has just expired without action on this great project, so almost universally demanded by the people, and it will be nearly a year before any further action can be taken.

## Eye Glasses Fitted.

Properly fitted glasses will cure headache. If you are not satisfied with the services your glasses are giving you, or if you do not see as well as you think you should, consult Dr. Darrin at Hotel Oregon, Ashland, April 1st to 25th. He has the latest and most improved apparatus for accurate eye testing, and will charge nothing for examining the eye.

**WISONS CURE FOR**  
CURES WHERE ALL ELSE FAILS  
Best Cough Syrup, Taste Good. Use in Time. Sold by Druggists.  
**CONSUMPTION**

## FOUR DOCTORS FAILED.

(Medford Paper.)  
Dr. Darrin has been so thoroughly heralded by the press of southern Oregon that there are none who are not aware of his presence or conversant with the many hearty endorsements that come to him from every section of Oregon. Many of these are from well known and prominent persons—persons whose word is unquestioned by their friends and neighbors, whose veracity is recognized far beyond the community in which they live, and whose endorsement carries with it more than ordinary conviction; yet even testimony of those of more than local reputation fails to carry with it quite the degree of conviction that is borne by the testimonial produced by a neighbor, relating to facts personally known to the reader. A Pool of Eagle Point, a well-known resident of Jackson county of many years' standing, submits over his signature what he knows of Dr. Darrin's professional ability in a complicated case in which four doctors had previously failed, and tells of a neighbor who is also able to bear splendid evidence of the doctor's curative powers. He writes as follows:

Mr. Editor:—I hold it to be my duty as well as a pleasure to help to make known any means of relieving the suffering of humanity. Ten years ago I was taken with heart trouble and pains through my chest and body. I had then been under the care of four doctors, who gave me up as incurable. I was so weak and run down I could scarcely walk across the street. All my friends and neighbors thought my days on earth were nearly spent. I visited Dr. Darrin in Portland ten years ago, and was cured by him in two months. I have never been ill since, and feel well and able to work.

My neighbor, G. B. Mathews, of Eagle Point, Ore., visited Dr. Darrin the same year, and was cured of lung trouble, called consumption, and a large tumor in his side. Refer to me at Eagle Point, Ore., where I reside, and have for 20 years.

A. POOL.  
Dr. Darrin will visit Ashland, Hotel Oregon, April 1st to 25th.

## THE TRANSVAAL WAR.

LONDON, March 14.—"We understand that there has been an active interchange of telegrams between the home government and the Cape authorities and Lord Kitchener," says the Daily Chronicle, concerning the negotiations with Gen. Botha, and also that immense quantities of food-stuffs are reaching Pretoria by way of Delagoa bay, on which to feed the Boers when the final surrender is made." The Daily News says: "In addition to the modifications announced by the Daily News yesterday in the 'unconditional surrender' policy, we understand the government of the new colonies shall culminate in a complete grant of free institutions." Dr. Leyds arrived at Utrecht yesterday and had a long conference with Mr. Kruger. A dispatch to the Daily Mail from Utrecht corroborates the statement made by the Daily News yesterday, regarding the concessions offered to the Boers. It is generally expected, as a result of yesterday's cabinet council, that the government will make some announcement today as to the result of negotiations at Pretoria.

ADELAIDE, (Cape Colony) March 13.—Kri singer's commando is working northward, and has eluded three British columns. It passed here on both sides of the town without attacking. Yesterday a Boer patrol captured four native scouts and shot three of them. Kri singer's men have carried off a fine horse in Albany district, for which, as they were registered, Great Britain will have to pay \$10,000. The trial of the most prominent rebel in Natal, named De Jager, has been concluded. He was sentenced to five years' imprisonment and to pay a fine of £5000.

## The Latest from Nome.

A number of fearless and enterprising Nome miners risked their lives to stake claims on Behring sea. They went out on the ice and drove stakes by which they intend to hold the claims during the coming summer. The ground where this took place is off the mouth of the Snake river, where the soil is supposed to be very rich with the precious metal. Some of those who went out dug through the ice and got good prospects from the bottom of the water. They intend to work the land by dredgers. Work is being done on many of the creeks around Nome. James & Benbrook have five men at work. They have drifted into the pay streak about 50 feet, and have found dirt worth as high as \$2 to \$25 a pan.

On Alder gulch, near Teller city, there is a report that a very valuable bench claim has been located, where gold runs as high as \$25 to the pan. The headwaters of QUARTZ creek was the late scene of a rich strike. A party of Laplanders made a find, and there was a stampede at once.

A man named O'Reilly made the richest strike of the winter. He discovered a coal mine, and one at that which could be worked during the coldest of weather, and he made a vast fortune. It was near the place where the barge Skookum met her fate.

## Volcanic Eruptions.

Are grand, but skin eruptions rob life of joy. Bucklen's Arnica Salve cures them; also running, old and fever sores, ulcers, boils, feline, corns, warts, cures, bruises, burns, scalds, chapped hands, chilblains. Best Pile cure on earth. Drives out pains and aches. Only 25 cents a box. Cure guaranteed. Sold by City Drug Store.

No-To-Bac for Fifty Cents.  
Guaranteed tobacco habit cure, makes weak men strong, blood pure. 50c. B. All druggists.

## JOSEPHINE COUNTY ITEMS.

Grant's Pass' Degree of Honor lodge will give a May-day ball.

H. D. Norton, the attorney, has gone to Yreka and Red Bluff, Calif., on legal business.

Fred Croxton sold the balance of his stock at auction last week, and has retired from business.

Hon. and Mrs. J. H. Booth have returned to Roseburg, after a pleasant visit in Grant's Pass.

John Rogers was taken to the insane asylum by Sheriff Lister last week. He is about 73 years old.

Miss Mollie John, after a visit with friends in Jacksonville and Grant's Pass, has returned to Williams.

Phil. Butcher and H. L. Butler have purchased of Griffin & Co. the butcher business they have been conducting on Front street.

Jas. Lister of Winnipeg, Canada, who has been visiting his brothers, accompanied by his wife, left for their home last week.

N. DeLamater has sold his stock of groceries to H. L. Wilson of Leland, who also purchased the Ashland Grocery Co.'s stock of goods.

T. P. Cramer and R. Thomas were elected school directors, the latter to fill the unexpired term of Hon. R. A. Booth. J. A. Jennings was re-elected clerk.

W. S. Bailey, the Davidson merchant, while on his way home from Grant's Pass, several days ago, lost a box of garden seeds, for the return of which he offers a suitable reward.

A committee of Josephine Lodge, A. O. U. W., went to Placer recently and initiated ten of the employees of the Victor, Jr., Mining Co. into the mysteries of the order. This is one of the oldest and very best fraternal orders in existence, and deserves its prosperity.

J. O. McGee, an old citizen of this county, died at his residence on Williams creek one day last week. He was a veteran of the Mexican war, and was highly respected by all who knew him. He is survived by his wife and several grown children.

Hon. R. A. Booth and J. T. Tufts are perfecting arrangements for another bank in Grant's Pass. The latter will put up a brick building, two stories high, on his lot on the corner of 6th and H streets, east of Harry Lewis' livery stable, part of which will be occupied by this new banking firm.

## FROM THE PHILIPPINES.

MANILA, March 14.—A detachment of the 46th Infantry captured five rebel officers and 30 men, together with 47 rifles, in the province of Cavite. Col. Bullard of the 39th Infantry has received the surrender of the insurgent Col. Bopen, with two officers, 33 men and 29 rifles, at Batayan, Lieut. Sherburne of the 33d Infantry, with a company of native scouts, defeated 40 insurgents in the mountains beyond Santa Maria. Major Corry of the 42d Infantry, captured one insurgent officer and two brass cannon near Moronga. Major Taggart of the 28th Infantry captured, about 25 miles south of Cagayan, several members of the revolutionary cabinet. The watchfulness of the American authorities has resulted in effectually breaking up the rebel trading operations in the Visayan Islands.

## For Over Fifty Years.

MRS. WINSLOW'S SOOTHING SYRUP has been used for children while teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. Twenty cents a bottle. Sold by druggists throughout the world.

## RELIGIOUS APPOINTMENTS.

Rev. Mr. Hansen will hold services at the M. E. church in Jacksonville Sunday morning and evening.

Rev. Father Berthiaume will hold services at the Catholic church in Jacksonville, Sunday, March 24th, at 10 o'clock A. M.

GERMAN BAPTIST.—Elder S. M. Eby will hold services at the following places: 1st and 3d Sunday in each month, at the church near Talent; second, at the Naylor school-house; 4th at Ashland.

## BAD BLOOD, BAD COMPLEXION.

The skin is the seat of an almost endless variety of diseases. They are known by various names, but are all due to the same cause, acid and other poisons in the blood that irritate and interfere with the proper action of the skin. To have a smooth, soft skin, free from all eruptions, the blood must be kept pure and healthy. The many preparations of arsenic and potash and the large number of face powders and lotions generally used in this class of diseases cover for a short time, but cannot remove permanently the ugly blotches and the red, disgusting pimples.

## Eternal vigilance is the price of a beautiful complexion.

when such remedies are relied on. Mr. H. T. Shobe, 2704 Lucas Avenue, St. Louis, Mo., says: "My daughter was afflicted for years with a disfiguring eruption on her face, which resisted all treatment. She was taken to two celebrated health springs, but received no benefit. Many medicines were prescribed, but without result, until we decided to try S. S. S., and by the time the first bottle was finished the eruption began to disappear. A dozen bottles cured her completely and left her skin perfectly smooth. She is now seventeen years old, and not a sign of the embarrassing disease has ever returned."

S. S. S. is a positive, unflinching cure for the worst forms of skin troubles. It is the greatest of all blood purifiers, and the only one guaranteed purely vegetable.

Bad blood makes bad complexions. SSS purifies and invigorates the old and makes new, rich blood that nourishes the body and keeps the skin active and healthy and in proper condition to perform its part towards carrying off the impurities from the body. If you have Eczema, Tetter, Acne, Salt Rheum, Psoriasis, or your skin is rough and pimply, send for our book on Blood and Skin Diseases and write our physicians about your case. No charge whatever for this service. SWIFT SPECIFIC COMPANY, ATLANTA, GA.

# THIN

Lots of people have thin hair. Perhaps their parents had thin hair; perhaps their children have thin hair. But this does not make it necessary for them to have thin hair.

# AYER'S HAIR VIGOR

One thing you may rely upon—

MAKES the hair healthy and vigorous; makes it grow thick and long. It cures dandruff also.

It always restores color to gray hair,—all the dark, rich color of early life. There is no longer need of your looking old before your time.

\$1.00 a bottle. All druggists.

As a remedy for restoring color to the hair, Ayer's Hair Vigor has no equal. It has always given the perfect satisfaction in every case.

Mrs. A. M. STEPHENSON, Aug. 18, 1898, Hammondport, N.Y.

Write the Doctor.

He will send you a book on The Hair and Scalp Free, upon request. If you do not obtain all the benefits you expect from the use of the Vigor, we will refund the money. Address, DR. J. C. AYER, Lowell, Mass.

# Some Reasons

Why You Should Insist on Having

## EUREKA HARNESS OIL

Unequaled by any other. Renders hard leather soft. Especially prepared. Keeps out water. A heavy bodied oil.

## HARNESS

An excellent preservative. Reduces cost of your harness. Never burns the leather; its efficiency is increased. Secures best service. Stitches kept from breaking.

## OIL

Is sold in all Localities.

Manufactured by Standard Oil Company.

# BAD COLDS.

Quinine is 10 years behind. Colds do not now have to be endured. Mendel's Dynamic Tablets (called dynamic from their energy) crowd a week's ordinary treatment into 12 hours, and about the worst of colds over night. "It was the worst case of croup I ever had. A half dozen friends had sure cures. Still it hung on. Heard of the Dynamic Tablets. To my amazement they stopped both cold and cough the first night. I endorse and recommend them to the people."—Barclay Henley, ex-member of Congress and attorney, 101 San Jose street, San Francisco, July 7, 1900.

"Winter colds have always been serious things to me. They are hard and stay for months. But the last was stopped suddenly by Mendel's Dynamic Tablets. Both cough and cold disappeared in a couple of days. Nothing else does this for me." Mrs. Emma L. Rollin, 11, Moss st., San Francisco, Aug. 6, 1900.

"I live across the street from where Mendel's Dynamic Tablets are made. That is how I first took them. They stop colds without notice. I took a dozen boxes, with me for myself and friends when I went to Nome." H. L. Van Winkle, Capitalist, 3017 Washington St., San Francisco, Aug. 10, 1900.

For sale by City Drug Store, Jacksonville.

## EXECUTOR'S NOTICE.

In the County Court of the State of Oregon, for Jackson County, deceased.

NOTICE IS HEREBY GIVEN THAT THE undersigned has been appointed by the county court of Jackson county, Oregon, sitting in probate, executor of the estate of Jos. Douden, deceased.

All persons indebted to said estate are requested to settle the same immediately, and those having claims against said estate will present them to J. R. Neill, attorney-at-law, at his office in Jacksonville, Oregon, with proper vouchers attached, within six months after the date of first publication of this notice.

Dated March 18, 1901. J. F. WALLACE, Executor of the estate of Jos. Douden.
