The Kind You Have Always Bought

For the
Farmer.

I do not believe that many farmers
can afford to be without a horse weeder
on the farm, says Alva Agee in The
National Stockman. It kills weeds just
when they are starting. It gives rapid,
inexpensive cultivation. It breaks the
crust after rains and does it at a rapid
rate. It gives surface cultivation, let-
ting the roots be undisturbed. It keeps
the ground level. It is especially good
for cutting out the little ridge in the
row between the plants. In loose soil
its work is ideal. In a tougher soil it
is even more needed right after the
cultivator that has cut out the middles
and slightly ridged the row. It is a
money saver in cultivation, but it must
be used on time. It is one farm im-
plement that may often pay its cost
in a single week's work.

Care of Milk Cows.
It has come to be a common practice
with many intelligent, prudent and
careful dairymen to keep their cows in
the stable most of the winter. Where
this practice is followed with good
judgment it is doubtless better for the
cows than the method too common of
turning them out in the cold and
storms during a large part of the day.
In most cases where cows are thus
kept in stables they are allowed a re-
asonable amount of exercise on warm
and sunny days during the winter, are
usually provided with running water
in their stalls or at the end of the sta-
ble or yard. Most dairymen who treat
their cows in this manner are careful
to see that the stable or barn is well
ventilated, so that the cows can have
plenty of fresh air, while at the same
time keeping comfortably warm. Under
such circumstances the continuous
confinement of milk cows is by no
means cruel or inhuman.

How it is Done.
The first object in life with the
American people is to "get rich"; the
second, how to retain good health.
The first can be obtained by energy,
honesty and saving; the second (good
health) by using Green's August
Flower. Should you be a despondent
sufferer from any of the effects of Dys-
pepsia, Liver Complaint, Appendicitis,
Indigestion, etc., such as Sick Head-
ache, Palpitation of the Heart, Sour
Stomach, Habitual Constiveness, Diz-
ziness of the Head, Nervous Prostra-
tion, Low Spirits, etc., you need not
suffer another day. Two doses of the
well-known August Flower will relieve
you at once. Go to City Drug Store
and get a sample bottle free. Regular
size, 75 cents. Get Green's Prize Al-
manac.

Bloodhounds For Railway Service.
Bloodhounds are now a part of the
equipment of the Oregon Short line.
The hounds will be kept at certain sta-
tions in Utah, Wyoming and Idaho,
where their presence is thought to be
most needed, the character of the coun-
try and the small number of inhabit-
ants affording excellent opportunities
for the operations of train robbers.

The moment that word of a train ro-
bbery reaches the railroad officials a
special engine and car containing a
pack of hounds will be sent to the
scene at full speed and with absolute
right of way. The bloodhound special
will stop at nothing until it arrives at
the spot where the bandits were last
seen. Experienced men in charge of
the dogs will put them on the trail—

A Good Cough Medicine For Children.
"I have no hesitancy in recommend-
ing Chamberlain's Cough Remedy,"
says F. P. Moran, a well-known and
popular baker of Petersburg, Va.
"We have given it to our children
when troubled with bad coughs, and
it has always given perfect satisfaction.
It was recommended to me by a druggist
as the best cough medicine for chil-
dren, as it contained no opium or other
harmful drug." Sold by the City Drug
Store.

The Good Man's Joke.
Two gentlemen of the cloth were
standing on a corner the other day.
Evidently they were talking about ex-
tra services to be held during the week.
"I anticipate a great awakening in
my church," said the first speaker.
"My people never go to sleep," said
the second.

"Ah, there comes my car," replied
the first and they parted company.—
