There have been placed upon the market several cheap reprints of an obsolete edition of "Webster's Dictionary." They are being offered under various names at a low price.

By dealers, agents, etc., and in a few instances as a premium for subscriptions to papers.

Announcements of these comparatively worthless reprints are very misleading. They are advertised to be the substantial equivalent of a higher priced book, while they are all

City Drug Store, Jacksonville, and Dr. J. Hinkle, Central Point.

A Brussels dispatch to the London Mail reports the organization of "The Internal Company of the Far East," which, it is explained, "constitutes a trust of the principal financial houses of Europe and America, and aims at acquiring all the commerce of China." King Leopold of Belgium is said to be a secret promoter of this gigantic undertaking. If China is to enjoy all the blessings of civilization, the empire must, of course, undergo the process of benevolent assimilation by trusts.

At a recent meeting of his cabinet the President told his secretaries that the start for the Pacific coast would be made the first week in May. He extended an earnest invitation to all of the members to accompany him. The purpose is to make the journey by an easy itinerary, devoting perhaps six weeks to the round trip, including a week or more to be spent in California. The return is to be made by one of the northern routes, with possibly a visit to Yellowstone Park, which the President has been trying to see for several years.

Symbols of Success

A vacant chair and a portrait on the wall—strange symbols of success! Yet, in many a home these are the symbols of the success of the man who did not find time to care for his health, or neglected the increasing warnings of disease which Nature gave him. When the stomach is "weak" and food is imperfectly digested and assimilated, it is only a question of time until the break-down comes. The stomach is the very center of vital power and must be kept in health if sickness is to be avoided. Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It increases the supply of pure, rich blood, and gives the body strength to withstand the strain put upon it by the struggle for success.

"I was a sufferer from what the doctors called indigestion, but after trying several eminent physicians failed to get a cure," writes Mr. Frank Mericle, of Independence, Jackson Co., Mo. "Some of my symptoms were soreness in pit of stomach, belching, tired feeling, constipation, sometimes greenness would exude to the surface. Some one recommended me to take Dr. Pierce's Golden Medical Discovery, which I did, and after taking only a few bottles of 'Discovery' and your Pleasant Pellets, I can say I derived more benefit from them than any other medicine I ever tried. I began to gain flesh from the start. Have recommended it to others and will continue to do so."

The sluggish liver made active by Dr. Pierce's Pleasant Pellets.

Work on Tufts' proposed brick building in Grant's Pass will commence in a short time. A new banking institution will be located in the corner of the lower story, and \$250,000 worth of its stock has already been subscribed by stockholders of the old bank, probably with the intention of heading off the bank which L. L. Jewell, Dr. Moore and others are about to organize. This is a peculiar game to play.

Millions Given Away.

It is certainly gratifying to the public to know that there is at least one concern in this broad land that is not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles of this great medicine, and have had the satisfaction of knowing that it has cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the Throat, Chest and Lungs are surely cured by it. Call on City Drug Store and get a free trial bottle. Regular sizes, 50 cents and \$1. (Hudyan's All Druggists—50c.)

Should study this diagram, for about one person out of every five suffer from heart trouble, functional or organic, and nearly all such sufferers are misled as to the true nature of the malady until destructive changes have taken place. The early symptoms of HEART DISEASE are very misleading, and the patient usually suspects nervous trouble, stomach and what is slowly and surely heart disease that is slowly and surely approaching. This fatal error may be avoided by a careful study of the following:

It is gratifying to know that a positive and permanent cure for heart disease has been found. The remedy is HUDYAN.
