About the only change in the assessment law enacted by the last legislature, so far as the work of the present assessor is concerned, is the provision for the assessment of farm machinery owned by foreign residents in the person of those holding the machinery. The great change in the taxation law is that in reference to the payment of taxes. After this year payments are to be made semi-annually, on June 1st and December 1st, to the sheriff. If paid before a certain date a rebate is to be allowed. During a certain period they are to be paid at their face, and then a penalty is to be added. And this is twice a year. This means additional work in the sheriff's office.

As might have been expected, what was known as the railroad tax case has been decided against Jackson county and in favor of the Southern Pacific and Oregon & California railroad companies. Judge Hanna granted an injunction prohibiting the sheriff of this county from collecting taxes from those corporations at the rate of \$10,000 a mile on its roadbed, which assessment was made by Assessor Grieve and confirmed by the board of equalization, composed of that official, Judge Crowell and County Clerk Jackson. His honor decided that, as the earning capacity of the railroad justified an assessment of only \$4,500 a mile, the roadbed should be assessed at that sum. The supreme court this week affirmed Judge Hanna's decision, and the people must now pay the expense of a suit born in the insane desire of Crowell to become circuit judge, a position he is as much qualified for as a hog is to teach astronomy.

SCRIBNER'S MAGAZINE for April, in addition to articles of travel, adventure and art, by Walter A. Wychoff, John Fox, Lord Weeks and others, contains six short stories, three of them by new writers and three by those whose work is familiar in this magazine. On its art side this number is also rich and varied. It has a colored cover by Foringer. It contains eight pages of illustrations by Frederic Durr Steele, reproduced in color in a novel way to illustrate the story of a "Blue Ribbon Horse." The frontispiece, which is a very delicate pen-and-ink drawing by Peixotto, is reproduced with a tint; Edwin Lord Weeks, the traveler and artist, continues a very elaborate illustrated article on "Two Centres of Moorish Art," which reveals his wonderful skill as a painter of oriental subjects. Among the other artists are Christy, Yohn, Will H. Low and Henry McCarter. Altogether, both in the beauty and richness of its illustration and in the variety of its contents, this is a spring number of extraordinary attractiveness.

NEWS FOR THE AFFLICTED.

ANNOUNCEMENT THAT INTERESTS MANY.

While adverse to drawing attention to any advertisements which partake of a medical character, there is justification in overriding this objection with respect to the announcement of the coming visit of Dr. Darrin.

This far-famed physician, who has achieved such a great reputation throughout the coast, has been prevailed upon, by urgent requests of many to visit Ashland, as they could not afford by their time and business to consult him at the head offices. The doctor has at last consented to visit Ashland, to accommodate the sick and afflicted, and will have his office at the Hotel Oregon. Those wishing to consult the doctor will find it to their advantage to consult him while there and during the first part of his stay, as many require more than one treatment.

He comes laden with testimonials from the whole northwest, and the authentic report of some cures seem nothing short of miracles. As so many thousands are already acquainted with his mode of treatment, it seems unnecessary to state that he uses but few drugs in a majority of cases, and perfects his cures by the wonderful power of the various forms of electricity. Medicines and surgery are employed whenever necessary.

There are few ills to which the human flesh is heir which cannot be relieved and generally permanently cured by Dr. Darrin's electro-magnetic treatment; and cases that have resisted the efforts of ordinary physicians have yielded to its power. These cases embrace almost every form of disease, and as said before no man, woman or child need despair of relief while Dr. Darrin offers his valuable services. The doctor is prepared to treat and perform all surgical operations on the eyes. Also to fit glasses to any desiring them.

Unlike other physicians who have become eminent in their profession, the doctor's charges are extremely moderate and reasonable, according to circumstances and ability to pay, and he will not undertake cases that he cannot hope to cure or benefit. Consultation is free to all. Should there be cases that are incurable he will immediately discover them on consultation, thus saving his patients any further expenditure of time or money.

Dr. Darrin makes a specialty of all diseases of the ear, eye, nose and throat, catarrh and deafness, and all nervous chronic and private diseases, such as loss of vigor, blood taints, gleet, stricture, varicocele, hydrocele, and seminal weakness. All peculiar female troubles, displacements, etc., are confidently and successfully treated. Most cases can be treated at home after one visit to the doctor's office.

Dr. Darrin will visit Ashland again April 1st to 28th, stopping at the Hotel Oregon. The hour will be treated free. Office hours, 10 A. M. to 5 P. M. Evenings, 7 to 8. Sundays, 10 A. M. to 1 P. M. The worthy poor will be treated free, except medicine, from 9 to 10 A. M., daily. Charges for treatment for those able to pay, \$5 weekly, or in that proportion as cases may require.

Circulars and question blanks sent free. Inquiries answered. All business relations with Dr. Darrin are strictly confidential. Cures that can be referred to, cured by Dr. Darrin: Wm. Railroad Tax Case Decided. In the supreme court, last Monday the following proceedings took place: Oregon & California Railroad Co, and Southern Pacific Co., respondents, vs. Jackson county and A. S. Barnes, sheriff, appellants; appeal from Jackson county, Hanna, judge, modified. Opinion by Justice Wainwright. This is a suit to enjoin the collection of certain taxes levied against the roadbed and lands of the plaintiff companies, because of unjust valuation of the same. In the lower court judgment was rendered reducing the assessment of the roadbed to \$4500 per mile, and lands to an average of 50 cents an acre. After an exhaustive opinion, covering 34 typewritten pages, the supreme court concludes: "These conditions render a modification of the decree of the court below necessary; and the decree here will be that upon payment by the plaintiffs of the taxes levied upon the roadbed, at a valuation of \$4500 per mile, and upon the lands at 75 cents an acre, within 20 days from this date, the injunction be made perpetual; otherwise the complaint will be dismissed. The costs of the appeal will be taxed to the respondents." Briefs and records in this case covered about 2000 printed pages.
