BRIEF MENTION.

Bananas, oranges and lemons can always be found at Wetterer's.

It is alleged that the Union Pacific has been acquired by the Vanderbilt interests.

The best brands of cigars, tobacco, etc., can always be found at Joe Wetterer's.

President McKinley gets \$50,000 a year—and King Edward is to have \$2,500,000.

Henry Wiggins, a Chemawa Indian, who was vaccinated ten days ago, died from the effects.

Light drinks, cigars and tobacco, lunch goods, etc.—best in the market—at The Boss.

To evade our tariff laws, an English company will establish a large industrial plant in the United States.

One-third of Canada remains unexplored. There is nothing known of 1,250,000 square miles of its territory. Labrador is a wilderness.

Irving M. Scott of the Union Iron Works says he will not go into any shipbuilding trust. If the trusts want his plant they must buy it.

Portland has developed a new class of criminals. They go into yards at night and steal choice plants and shrubbery. The same in Ashland.

Try the new remedy for costiveness, Chamberlain's Stomach and Liver Tablets. Every box guaranteed. Price 25 cents. For sale by City Drug Store.

This paper is kept on file at the Oregon Press Association, headquarters, Portland, by Albert Tozier, who is authorized to make contracts for advertising in the same.

A monument in honor of Admiral Dewey's victory at the battle of Manila is to be erected in Union Square, San Francisco. The sum of \$35,000 is on hand, having been collected shortly after the battle of May 1, 1898.

Mrs. Rauf, who died in North Dakota a few days ago, was the mother of four sons who ranged in height from six feet to six feet six inches, and in weight from 200 to nearly 600 pounds. The aggregate weight of the four boys was nearly 1,400 pounds.

With Oregon and Washington wheat going to the foreign markets on the same freight rate, about the only advantage still retained by the California grower over his Oregon neighbors is the discrimination of a shilling a quarter made by the Liverpool buyers in favor of the California product. In time we may overcome even this handicap, and when we do, Northwest wheat lands will be in greater demand than ever.

If people only knew what we know about Kodol Dyspepsia Cure, it would be used in nearly every household, as there are few people who do not suffer from a feeling of fullness after eating, belching, flatulence, sour stomach or water-brash, caused by indigestion or dyspepsia. A preparation such as Kodol Dyspepsia Cure, which, with no aid from the stomach, will digest your food, certainly can't help but do you good. City Drug Store, Jacksonville, and Dr. J. Hinkle, Central Point.

Russell Sage predicts another "Black Friday," blacker than any day ever experienced by the financial world. If it comes it will mean calamity to many people. As gambling operations on Wall street today are vastly heavier than those of 1869, what will be the Black Friday predicted by Mr. Sage? There was reckless speculation in gold on the stock exchange in Wall street, leading up to Friday, September 18, 1869, when many a financial house closed its doors, and on September 24, 1873, when a second great panic followed a period of insane speculation.

BAD BLOOD, BAD COMPLEXION.

The skin is the seat of an almost endless variety of diseases. They are known by various names, but are all due to the same cause, acid and other poisons in the blood that irritate and interfere with the proper action of the skin.

To have a smooth, soft skin, free from all eruptions, the blood must be kept pure and healthy. The many preparations of arsenic and potash and the large number of face powders and lotions generally used in this class of diseases cover up for a short time, but cannot remove permanently the ugly blotches and the red, disfiguring pimples.

Eternal vigilance is the price of a beautiful complexion when such remedies are relied on.

Mr. H. T. Shobe, 2704 Lucas Avenue, St. Louis, Mo., says: "My daughter was afflicted for years with a disfiguring eruption on her face, which resisted all treatment. She was taken to a California health springs, but received no benefit. Many medicines were prescribed, but without result, until we decided to try S. S. S., and by the time the first bottle was finished the eruption began to disappear. A dozen bottles cured her completely and left her skin perfectly smooth. She is now seventeen years old, and not a sign of the embarrassing disease has ever returned."

S. S. S. is a positive, unflinching cure for the worst forms of skin troubles. It is the greatest of all blood purifiers, and the only one guaranteed purely vegetable.

Bad blood makes bad complexion.

SSS purifies and invigorates the old and makes new, rich blood that nourishes the body and keeps the skin active and healthy and in proper condition to perform its part towards carrying off the impurities from the body. If you have Eczema, Tetter, Acne, Salt Rheum, Psoriasis, or your skin is rough and pimply, send for our book on Blood and Skin Diseases and write our physicians about your case. No charge whatever for this service.

JOSEPHINE COUNTY ITEMS.

Mrs. Jos. Moss has returned from a visit with her parents, Dr. and Mrs. Will Jackson of Baker City.

Dr. Clive Majors of Grant's Pass has been arrested for practicing medicine without being registered, as required by law.

A. B. Crossman, postmaster of Portland, arrived at Grant's Pass Saturday, to look after his mining interests in Williams district.

Sloan & Ritter last week sold three carloads of fat cattle to A. F. Hunt of the Ashland Meat Co., which will be shipped to San Francisco.

Mr. DeBoest, the popular railroad man, was among those who went to Jacksonville to attend the Odd Fellows' celebration. He was well pleased with his visit.

Supt. Savage, S. W. Holmes and a number of our school teachers went to Gold Hill Saturday, to attend a local institute. They report a pleasant and instructive session.

Tom Smith, ex-county assessor, who is now well located at Spokane, in the undertaking business, is among us again, for a short while. His family will return with him.

Dr. S. Abbott, the veterinary surgeon, who has no superior in the state, still has his headquarters at Lister & Calvert's livery stable, in Grant's Pass. He treats successfully the diseases stock of all kinds are subjected to.

The May-day ball given by Hawthorne lodge, Degree of Honor, netted \$80 and was a success in every way. Instead of the usual grand march, the drill of the order was performed, and handsomely, too, under the management of Mrs. R. L. Demaree. It was led by two young ladies dressed in black, who, with 16 of their comrades dressed in white, with the degree colors, and banners and golden spears, went through the many pretty figures.

Paris Exposition Prizes.

The United States received more prizes at the Paris Exposition than any other nation, except France. The total being 1,281. It is also a remarkable fact that, though the inhabitants of every country suffer from digestive troubles, and though every climate offers some alleviative theretofore, it remains for America to produce an absolutely reliable remedy for such common diseases. This remedy is Hostetter's Stomach Bitters. Half a century ago it was placed upon the market, and from that day to this it has never been equaled. It has an almost unparalleled record for the cure of dyspepsia, indigestion, constipation, sick headache, sour stomach, belching, heartburn, nervousness, fatigue, insomnia, or any other disturbance of the stomach. Be sure to give it a trial.

How We Get Our Salt.

"Please pass me the salt" is heard at table many and many a time in the course of a year, yet probably no boy or girl gives a thought as to how that most necessary article of diet is manufactured. Salt is so necessary that no human being can retain his health long without it. This fact makes the subject one of interest, but the various ways in which the mineral is secured form a theme that is more interesting still. There are three general sources from which the salt you secure at the grocery store is obtained. One is by evaporation, one by mining and one by scraping from the surface as snow is removed from the ice on a pond.

At Syracuse, N. Y., in Michigan and in many other states there are evaporating vats, into which water from salt springs is poured. As the water is drawn away by the sun the salt remains. In a number of states there are great salt mines from which the pure rock salt is taken as are blocks of coal from a coal mine.

In southern California there is a salt field where the mineral is scraped up in huge heaps, refined and placed on the market. In this region, called the Colorado desert, lying just north of the Mexican line, is a tract covering 1,000 acres, 264 feet below the sea level and covered with salt to a depth of from one to eight inches. In the sunlight the field is of dazzling whiteness. Eight years ago the Colorado river broke through its banks and flooded this desert, but the water receded, and since then the gathering of the salt has been a growing industry. The crust of salt is first broken into furrows by a salt plow, is then gathered and hauled away to the refinery. It is said the salt crust is due to innumerable salt springs below the surface.

Scott's Emulsion

of Cod Liver Oil is the means of life, and enjoyment of life to thousands: men women and children.

When appetite fails, it restores it. When food is a burden, it lifts the burden.

When you lose flesh, it brings the plumpness of health.

When work is hard and duty is heavy, it makes life bright.

It is the thin edge of the wedge; the thick end is food. But what is the use of food, when you hate it, and can't digest it?

Scott's Emulsion of Cod Liver Oil is the food that makes you forget your stomach.

If you have not tried it, send for free sample, its agreeable taste will surprise you.
SCOTT & BOWNE, Chemists, 409 Pearl Street, New York. 50c, and \$1.00; all druggists.
