MRS. JONAS FATTIG.

TO THE EDITOR: Since 13 years old (I am now 29) I have been troubled with deafness. Of late I could scarcely hear anything from one ear, and the other was partially deaf. The cause of the deafness was discharging ears. All remedies known to science failed to cure me, until Dr. Darrin treated me with electricity and other remedies. I was perfectly cured of deafness, and ringing noises in my ears. Refer to me at Ballston, Oregon, where I am working on a farm for Noah Gregg.

A Burglary in Jacksonville.

Jacksonville was treated to a sensation early Sunday morning, something it has not experienced before. Somebody—evidently an amateur—entered Cronemiller & Love's store, by the rear door, and robbed the till of about \$7. He also attempted to enter the safe—an old Tilton & McFarland—but got only so far as breaking off the padlock. Why the burglar did not finish the job is somewhat of a mystery, as it would have been no trouble at all for an expert to have entered the inner door of the safe; and he would have been well rewarded.

A First-Class Exhibition Promised.

The Edison Waragraph Co., which is under the management of Fleming Bros., will give one of their popular exhibitions at U. S. Hall in Jacksonville Tuesday evening, May 21st. It has had a very successful season, being well patronized everywhere, giving the fullest satisfaction and being highly praised by the press and public. The following paragraph, taken from the Lakeview Examiner, is one of the many compliments which has been bestowed on the company:

"Fleming Bros. pleased the people of Lakeview on Monday and Tuesday evenings of last week with their Edison Waragraph or moving picture entertainment. The gentlemen gave Lakeview people an agreeable surprise, as their entertainment is right up-to-date, and is given as advertised. Heretofore our people have been moving by fairs with alleged first-class moving picture entertainments. Fleming Bros. are to be complimented for breaking the monotony and giving us a thoroughly good show. Their illustrations, among which is 'Just as the Sun Went Down,' are well worth the admission fee. The Sharkey-McDoy prize fight given in the 13th rounds, with a knockout, the destruction of the Spanish fleet, the 'Passion Play,' Carry National's salmon-smashing expedition, and dozens of other moving scenes fully justify us in pronouncing the Fleming Bros. show as far the best of its character ever presented in this country. Besides, the proprietors and advance agent, John Hall, are honest, generous and affable gentlemen. They had big houses here for two nights."

A False Alarm.

Sheriff Orme was called to Siskiyou mountain Thursday night, and the festive pencil pushers expected a big sensation for their respective newspapers. A double murder was hinted at, but it failed to materialize after an investigation. It seems that a couple named Goddard and their child, who were traveling from California to Medford with a horse and buggy, got as far as the Siskiyou, when the animal became exhausted. They proceeded to their destination afoot, leaving their rig behind them. This gave foundation to the rumor that there had been foul play, which became darker as it spread along. Sheriff Orme and J. W. O. Gregory of Ashland arrived at the scene about the time Goddard came after his property on a wheel, and the mystery was solved.

Pen Picture for Women.

"I am so nervous, there is not a well inch in my whole body. I am so weak at my stomach, and have indigestion horribly, and palpitation of the heart, and I am losing flesh. This headache and backache nearly kills me, and yesterday I nearly had hysterics; there is a weight in the lower part of my bowels bearing down all the time, and pains in my groins and thighs; I cannot sleep, walk or sit, and I believe I am diseased all over; no one ever suffered as I do."

This is a description of thousands of cases which come to Mrs. Pinkham's laboratory for advice. An inflamed and

ulcerated condition of the neck of the womb can produce all of these symptoms, and no woman should allow herself to reach such a perfection of misery when there is absolutely no need of it. The subject of our portrait in this sketch, Mrs. Williams of Englishtown, N. J., has been entirely cured of such illness and misery by Lydia E. Pinkham's Vegetable Compound.

No other medicine has such a record for absolute cures, and no other medicine is "just as good." Women who want a cure should insist upon getting Lydia E. Pinkham's Vegetable Compound when they ask for it at a store.

"NERVE WASTE"

One of the most helpful books on nerve weakness ever issued is that entitled "Nerve Waste," by Dr. Sawyer, of San Francisco, now in its fifth thousand. This work of an experienced and reputable physician is in agreeable contrast to the vast sum of false teaching which prevails on this interesting subject. It abounds in carefully considered and practical advice, and has the two great merits of wisdom and sincerity.

It is endorsed by both the religious and secular press. The Chicago Advance says: "A perusal of the book and the application of its principles will put health, hope and heart into thousands of lives that are now suffering through nervous impairment."

The book is \$1 by mail, postpaid. One of the most interesting chapters—chapter xx, on Nerves and Nerve Tonics—has been printed separately as a sample chapter, and will be sent to any address for stamp, by the publishers, THE PACIFIC PUB. CO., Box 2658, San Francisco.
