Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

SUMMONS.

In the Circuit Court of the State of Oregon for Jackson County. William Robinson, Plaintiff, vs. George Hoffman, as administrator of the estate of John Bolt, deceased; Elizabeth Bolt, widow of said John Bolt, deceased; George N. Bolt; L. E. Hoffman; Emma Bolt; Mary McVey, John Bolt, Fred Bolt and Florence Bolt, as heirs at law of the said John Bolt, deceased; Cora Bolt, wife of George N. Bolt; George Hoffman, husband of E. Hoffman, and N. G. McVey, husband of said Lucy McVey, and H. C. Austin, one of the above-named defendants.

THE NAME OF THE STATE OF OREGON: You are hereby required to appear in the above entitled suit and court, and answer the complaint on file against you therein, within six weeks of the date of the first publication of this summons, which date of the first publication thereof is Thursday, April 28, 1901, and, if you fail to appear for want thereof plaintiff will apply to said court for the relief demanded in his complaint.

The relief demanded is the foreclosure of a certain mortgage executed and delivered by John Bolt, deceased, and Elizabeth Bolt to John Bolt on December 18, 1897, to secure the payment of a certain promissory note made by the said John Bolt, deceased, and Elizabeth Bolt, for \$500, payable December 18, 1898, with interest at the rate of 10 per cent per annum, which said mortgage and note was duly assigned December 18, 1899, to said plaintiff, and which mortgage conveyed unto plaintiff for that purpose the following described real property, to-wit:

Lot No. 2, and the southwest quarter of the northeast quarter, the northwest quarter of the southwest quarter of Section 5, of township 30 south, range 4 west of W. M., containing 160.29 acres, together with the tenements, hereditaments and appurtenances thereto belonging, and all the estate, right, title, interest, dower claim and demand whatsoever of the said John Bolt and Elizabeth Bolt, in and to the same.

And a further decree barring and foreclosing, with costs of the said suit, from said mortgage and all right, title and interest in or to said real property, and every part thereof.

This summons is published by order of Hon. H. K. Hanna, one of the judges of the above entitled court, which order was dated in Chambers April 19, 1901, and required this summons to be published in the DEMOCRATIC TIMES in Jacksonville, Oregon, for six consecutive weeks from the date of the first publication thereof, and requires you to answer this cause on or before the last day within said time.

The SPORTING WORLD

Record Cycling Season.

The principal features of the national circuit cycle races this season will be the performances of the great team of riders engaged by the American Bicycle company—the "A. B. C." Never before in the history of cycling has such an imposing aggregation of wheel racers been brought together under a single head.

The world famed Jimmie Michael, the stellar pace follower; Owen Kimble ("Ole Kaintuck"); Tom Cooper of Detroit, the international racer; John Nelson of Chicago, winner of more paced

rides than any other rider in the country; Bobby Walthour of Cambridge, Mass., winner of the Boston six day race, and many others are to ride.

Floyd McFarland, the nery long distance rider who won the last six day race in New York city by defeating McEachern in the last lap of a gruelling finish, is said to be in fine fettle this year. He is "out for blood" and will undoubtedly prove a stumbling block in the path of many an ambitious "pro" before the curtain is rung down in the fall.

The action of the "A. B. C." in retaining this string of cyclists has awakened a revival of wheeling interest throughout the country. President H. Lindsay Coleman is principally responsible for this. Although a millionaire several times over, he has worked like a Trojan for the success of the undertaking, and a record season in the cycling arena is assured.

Whooping Cough. A woman who has had experience with this disease, tells how to prevent any dangerous consequences from it. She says: Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamberlain's Cough Remedy they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops.—Jessie Pinky Hall, Springfield, Ala. This remedy is for sale by City Drug Store.

Scarecrows.

The term is almost a misnomer, now-a-days. For the "century-living crow" has been schooled by experience. The scarecrow doesn't scare him. Investigating ornithologists say that he can tell a gun from a stick and can count up to seven. Evidently the crow has progressed from the ignorance of his ancestry.

The crow is in some things in advance of the human family. There are scarecrows which scared our grandfathers, and which are just as fearsome to us. In spite of the fact that some scientific investigators say "There's nothing to be afraid of a scarecrow can't hurt you," the bulk of men and women still believe the scarecrow is a powerful and destroying fetish.

This attitude is most marked in relation to certain forms of disease. In diseases of the lungs and respiratory organs, for instance, it is the custom to assume that there is no cure for the cough, no help for the hemorrhage, no healing for the lungs. The scarecrow, Consumption, is set up, often taking the form of some inexperienced and unskillful practitioner who denies hope or help to the victim of disease.

Yet the records go to show that stubborn coughs have been cured, that persistent hemorrhages have been stopped, and that weak lungs have been made strong by the use of Dr. Pierce's Golden Medical Discovery.

TESTIMONY TALKS.

All the claims in the world for the curative virtues of a medicine will not equal one testimony to the actual fact of cure. Thousands of testimonials like the following have been received from persons cured of lung troubles, bronchitis, hemorrhage, obstinate coughs, etc., by "Golden Medical Discovery."

"I was very sick indeed," writes Mrs. Mollie Jacobs, of Pelton, Kent Co., Delaware, "and could only get up to eat, and I was so weak that I must die soon, for I felt so awfully bad. Had a bad cough, spit blood, was very short breath; in fact, could hardly get my breath at all sometimes. I had pains in my chest and right lung, also had dyspepsia, before I took your Golden Medical Discovery, and Pleasant Peppermint." I was so weak that I could not sweep a room, and now I can do a small washing. I worked in the canning factory this year, and I thank the good Lord for making this good medicine. I believe that the Lord and your medicine have saved my life. I took thirteen bottles of your Golden Medical Discovery, and four vials of Doctor Pierce's Peppermint.

There is no alcohol in "Golden Medical Discovery" and it is entirely free from opium, cocaine, and all other narcotics.

Sometimes a dealer will offer a substitute for the "Discovery," claiming it to be "just as good." I believe that the substitute pays him more profit, that's why. Protect yourself from such impostors by insisting on Dr. Pierce's Golden Medical Discovery.

Of knowledge wouldn't amount to much, you'd think. But for just 21 cents invested in one-cent stamps (to pay expense of mailing only), you can obtain knowledge which it has taken hundreds of years and millions of money to acquire. Dr. Pierce's Common Sense Medical Adviser covers the field of medicine and hygiene from the day of Galen to the present hour. Arrival of the Horse.

The horse, which has long been consigned by pessimists to the condition of the dodo, still survives and is worth more than ever. All the new schemes of transportation, from the locomotive to the trolley car and automobile, have not appreciably affected his status. Every new business makes more business in all sorts of directions. There are a constant adjustment and readjustment going on that follow natural laws. Labor saving machinery, so called, has greatly increased the number of workers, who toil less arduously. Every valuable contribution to our industrial life works out for the good of the whole in the long run. The horse will ever remain the best servant of man in spite of new inventions.—Philadelphia Inquirer.
