Very little of the land for which the county issued tax-sale certificates to itself were sold at the sale announced by Sheriff Orme to take place on the 8th. Marion Freshour, the efficient sheriff of Siskiyou county, Calif., was in Jacksonville Tuesday. He came for Wm. Pippin, a half-breed Indian who shot a man twice, on Klamath river, last April. Co.'s line at Black Butte Summit, 22 miles north of Dunsmuir, between the southbound California express and a special northbound passenger train of seven coaches, carrying mustered-out volunteers from the Philippines. Two helper engines, a baggage car and a mail car were badly wrecked. A ho-bo on the soldier train was instantly killed and another had his arm and leg broken. Engineer H. Wentz of the express train sustained serious injuries, and a number of passengers received bruises. The locality of the wreck was a very sharp curve, and the two trains were moving at the rate of 20 miles an hour when the crash came. That so few casualties occurred is most remarkable. The blame for the accident seems to attach to the engineer of the soldier special train, who failed to note the time of the regular passenger train.

Lucky Mrs. West.

TO THE EDITOR:—Monday, July 8th, at 5 P. M. I arrived in Medford and put myself under Dr. Darrin's treatment for almost total deafness of long standing in one ear and partial deafness in the other, accompanied with ringing noises. In less than it takes to write this card I was cured so I can hear a watch tick or a whisper across the room, something I could not do for a long time. My hearing is perfect now. I live in Ashland at the depot restaurant, and will gladly impart all I know of this almost miraculous cure by electricity. I am a daughter of Wm. Bush of Ashland.

MRS. HATTIE WEST.

OUR NATIONAL HOLIDAY.

HOW IT WAS CELEBRATED AT THE COUNTY SEAT.

Those who spent the 4th of July in Jacksonville will bear witness to the assertion of THE TIMES that in no town of the size of this was the event as handsomely or successfully celebrated, while those in charge of celebrations in even the larger cities would have found it interesting to criticize the parade on our streets that day. That the pioneer town of southern Oregon never does anything by halves and always carries out the programme announced in first-class style has long been an acknowledged fact. Everybody is generous in praise of the general committee and its efficient assistants. Their unsparing and intelligent efforts made the success gained possible.

Independence Day opened auspiciously. The clerk of the weather could not have been more considerate; and while the crowds that gathered in Jacksonville from every portion of southern Oregon entered into the spirit of the occasion with a zest that became enthusiastic, patriotic citizens, there was not an instance in which the bounds of propriety were overstepped. Everything passed off nicely and without an unpleasant incident. It is estimated that between 2500 and 3000 people were in attendance, which are a great many when we consider that there were half a dozen other celebrations in the valley.

It was after ten o'clock when Grand Marshal Orme got the procession in line for the parade. Headed by the Medford cornet band, which was seated in the wagon especially built for such purposes and drawn by four horses, it made the circuit of the principal streets. It proved the cynosure of all eyes and received the unstinted praise of everybody who beheld it. There were about 25 distinct features, every one of them first-class. The floats were richly and appropriately decorated and showed the good taste of those who had prepared them.

Carriages with the officers of the day followed the band. The first float, typical of the American flag, was occupied by Miss Mabel Flim. Then came the goddess of liberty, Miss Marie Nickell, in a float of cardinal and gold. Next was that in pure white, carrying the angel of peace, Miss Isa Cook, who was attended by four cherubs, Pansy Carney, Laura Neuber, Fleeta Ulrich, Mary Peter. The thirteen colonies were cleverly represented by the following ladies, riding horseback: 20th-century fashion: Mrs. Annie Hicks, with the stars and stripes; Mrs. G. E. Neuber, Miss Frances Donegan, Miss Ella Orth, Mrs. G. E. Howland, Miss Bertha Orme, Miss M. Sutton, Miss Elaine O'Brien, Miss Edith Priest, Mrs. D. B. Thompson, Miss Anna Keegan, Miss Oral Jones, Mrs. B. E. Haney. Their steeds were handsomely and appropriately mounted and gracefully ridden. The liberty car was occupied by forty-five young misses, representing the different states, and commanded by Leon Hanna in the role of Gen. Miles. It had a goddess and angel of its own, Frances Kenney and Louise Williamson. Justice, blindfolded and holding the scales, was personated by Miss Nellie Ray. The battleship Oregon, an excellent miniature of the original, built by Voyle Bros, was manned by Don and Vance Colvig, Bryant DeBar, Don Cameron, Fabian Eckelson, Jas. Grievie and Frank Voyle, each of whom had seen actual service, appeared for the army and navy. The Red, White and Blue were represented in separate floats by Misses Lizzie Buck, Lelah Prim and Annie Wendt. Then followed "Uncle Sam," (Ernest Elmer) pushing in a baby carriage his latest protégé, Cuba, (little Margaret Kubli) who was guarded by Roland Hines and Charley Thompson. The only industrial float in the parade was that presided over by Miss Agnes Love, which characterized the age of Oregon in the completeness of its prosperity and the display of its productions. It was full of meaning and attracted more than passing attention. Bertha Prim and Leona Ulrich's beautifully decorated wheels were also in evidence. The presence of three of our fraternal societies were noticeable in the parade, each having prepared a magnificent float. The Native Daughters of Oregon were represented by Misses Ollie Huffer, Elsie Day, Lillie Taylor, Ollie Crump, Emma Ulrich of Jacksonville and Misses Gregory of Medford. The Improved Order of Red Men presented the tableau of Pocahontas rescuing John Smith, with Miss Clara Lytle and Fred Picke in the title roles. "Rebecca at the Well" (Mrs. D. Barbe) was symbolized by Ruth Rebekah degree lodge, Jacksonville Fire Engine Co.'s engine and hose cart, nicely decorated and manned by men and boys respectively, brought up the rear, Isabel McDonald occupying the seat of honor on the first-named.

The Court House Square had been handsomely arranged for the occasion, the raised platform, on which the literary and musical exercises occurred, being an innovation that proved popular with the multitude that heard them with evident satisfaction. J. C. Whipp acted as president of the day, and announced the following programme which was well and acceptably carried out: 1. American Overture, Medford K. of P. band; 2. Prayer by Rev. S. H. Jones; 3. Chorus, Red, White and Blue; 4. Reading of Declaration of Independence, Miss Nora Sydow; 5. Duet and chorus, Independence Day; 6. Solitude Caprice, band; 7. Oration, Hon. H. G. Norton of Grant's Pass; 8. Chorus; Flag of the Free; 9. Commonwealth March, band. The singing by the choir, composed of Mesdames Robinson, Kubli and Howland, Misses Beekman and C. Linn and John F. Miller, with Mrs. Susie Neil as organist, was exceptionally fine. The band's numbers were also pleasing everybody. Miss Nora Sydow's reading of the immortal document which was the foundation of our national freedom was a clever illustration of the superior elocutionary grace and skill the young lady is endowed with. The oration was an excellent one—out of the ordinary run. Instead of an effort which had occupied weeks of preparation and abounded in fine-spun phrases, Mr. Norton kindled anew the fires of patriotism with an extemporaneous address full of original thought and practical suggestions. Rev. Mr. Jones' prayer was able and impressive, and quite appropriate to the occasion.

The afternoon was pleasantly spent

and devoted nearly entirely to amusements of different kinds. The baseball game for a purse of \$75, in which the Jacksonville and Medford clubs participated, was the principal feature. It was witnessed by a large crowd, Neuber & Taylor's fine grand stand accommodating about 600 people with a superior view. The contest was devoid of extraordinary plays, although Chas. Nunan of the local team made a home run through errors. The Jacksonville club was sadly out of form and never played so poorly. Medford won the game and money by a score of 28 to 8.

An excellent display of fireworks at the base-ball grounds and a grand ball at Orth's hall closed the day's festivities. First-class music for the party was furnished by Boffa's popular orchestra, composed of the Signor, Miss Osenbrugg, Will. Barnum and Ed. Van Dyke.

HYMENEAL.

Foster-Burnett.

A very pretty home wedding was solemnized at the residence of Mrs. L. J. Searns in Medford Wednesday morning, when her daughter, Charlotte Grace Foster, and Dr. R. T. Burnett were bound with matrimonial ties. No invitations had been issued, and the affair was quiet and informal, there being present, besides the contracting parties, a few relatives and the officiating minister, only three of the bride's most intimate friends—Misses Frances Barnes, Frances Haskins and Jessie Worman. The apartment was charmingly decorated with a profusion of English ivy, choice roses, dainty jessamine and ferns. The bride looked lovely and was most beautifully gowned in clinging crepe de chine en traine, trimmed with rare point lace, her veil held in place by sprays of jessamine and carrying a shower bouquet of bride roses. Immediately after the ceremony Dr. and Mrs. Burnett entered their carriage and drove to Ashland, their future home. They are clever young people, popular in society and with numerous friends. That their journey through life may be prosperous and blissful is the wish of all.

A Handsome Entertainment.

Hamilin's Wizard Oil Company has been drawing good-sized crowds at the U. S. Hall during the past week and giving general satisfaction. Each performance given is worth several times the price of admission charged. Tonight they will give an entire change, introducing Laura Miller in a wonderful illusion "The Hindoo Mystery," as a special feature. Other entertaining numbers will be presented to make up a first class program. The admission is only 15 cents for any seat in the house, and entitles you to cast 15 votes for the most popular lady. Go early and don't forget to vote. You will be pleased with the entertainment.

AWFUL AGONY

The Story of a Stricken Woman Whom Doctors Were Not Able to Help.

From the News, Connorsville, Ind.

The story of Mrs. Nellie M. Hedden, of No. 621 Summit avenue, Connorsville, Ind., contains an important lesson for many American women who suffer in silence rather than face the ordeal that the usual treatment of their troubles entails. It is a story that rings with the gratitude and does not tell of misery that the narrator endures. Women who are suffering as Mrs. Hedden did will know how to turn to and appreciate much that cannot be told in a newspaper article. Mrs. Hedden's experience is best given in her own words. She says:

"For nearly a year I endured terrible agony caused by a general breaking down of the nervous system, female weakness and suppression of the periods. I suffered greatly with bearing down pains and was very weak and short of breath. My circulation was very bad, causing numbness of limbs, dizziness and headache all the time. My heart would sometimes feel
