To Found a Model Town.

A gigantic scheme is afoot to found a great model industrial town in the eastern part of the country, where shall be gathered a variety of manufacturers and an army of employees, under social conditions, with the highest approved business methods, with the highest regard to the physical and intellectual welfare of its residents. Fifty years ago a medicine was founded which also had in view the welfare of humanity. CHOICE MISCELLANY

English as She is Perverted.

The boast of Americans has been that no matter where you may go in any part of the United States there is very little difficulty in understanding the dialect.

Oregon may talk with Florida or Maine with Arizona without the confusion that arises in the various counties of England. But if a New York woman is to be believed a new language is springing up in the metropolis which promises to develop the worst phases of Anglomani.

When she answered a summons to the front door, she encountered a small boy who briefly remarked that he had come for "de foyndish."

"De what?"

"De foyndish."

"Well," she said in desperation, "I don't know what you want, but I am quite sure I haven't got it. Who sent you?"

"De flogst. De flogst sent me fur de foyndish."

This did not mend matters, and the boy was going down the steps when a light suddenly burst upon the woman's mind, and she remembered that she had asked the florist to send for her fern dish. The boy was recalled, the dish was brought, and the amenities were restored.

Tom O'Rourke's Boxing Club.

Tom O'Rourke says that he has found a battleground near New York where the coming fight between Joe Walcott and "Denver Ed" Martin may take place without police interference. Everybody seems to be wondering where O'Rourke is figuring on holding the bout, but the general opinion favors Connecticut. Peter Maher says he does not believe fights can be held in Connecticut for some time to come, but Billy Madden, Billy Delaney and Jim Jeffries appear to believe that field is good. The fight in question is to be for the "colored heavyweight championship of the world" and \$1,000.

## Collapse.

Caused by over-work? No, caused by under-nourishment. Work rarely causes collapse. It is worry—the outcome of a low condition of the nervous system and inadequate nutrition which generally causes collapse. The collapse occurs sudden, but in reality it is a slow process. The stomach and organs of digestion and nutrition are diseased, the nourishment in the food eaten is only partially extracted and imperfectly assimilated. The blood becomes impure; the very fount of life is poisoned, and some day all the faculties and functions go on a strike. That's collapse. Dr. Pierce's Golden Medical Discovery cures diseases of the organs of digestion and nutrition, purifies the blood and builds up the weak body with sound healthy flesh.

"I was cured of a very bad case of indigestion, associated with torpid liver, by the use of Dr. Pierce's Golden Medical Discovery," writes Mr. G. B. Bird of Nevada, Putnam Co., W. Va. "Before I began the use of Golden Medical Discovery I had no appetite, could not sleep, nor work but very little, bowels constipated, and life was a misery to me. After taking four bottles I felt so well that I went to work, but soon got worse, so I used it about eight weeks longer. I was permanently cured."

Dr. Pierce's Medical Advertiser is sent free on receipt of stamps to pay cost of mailing only. Send 21 one-cent stamps for paper covered book, or 31 stamps for cloth, to Dr. R. V. Pierce, Buffalo, N. Y.
