Bananas, oranges and lemons can always be found at Wetterer's.

Flowers for the dead, for gratitude and remembrance; flowers for the living, for courage and inspiration.

Notes, receipts, drafts, due-bills, etc., in book form, can always be obtained at THE TIMES Printing House.

At Jackson, Miss., the Fourth of July was celebrated this year and the Declaration of Independence read for the first time since 1860.

The total production of copper for 1900 was 468,084 tons; 472,244 tons in 1899. The United States produced 55 per cent. of the total.

Lord Russell, tried before the House of Lords in London, pleaded guilty to bigamy, and was sentenced to three months' imprisonment.

The case against Geo. M. Miller at Skagway, for hauling down the British flag, was dismissed by Judge Sheldre. There wasn't much to it, and it will soon be forgotten.

A bad complexion generally results from inactive liver and bowels. In all such cases DeWitt's Little Early Risers produce gratifying results. City Drug Store Jacksonville and Dr. J. Hinkle Central Point.

The first Sunday mail train between Portland and Corvallis recently made the round trip on the regular week-day schedule, and it was a success. The traffic it handled was fully up to the average of any day's business. This is regarded as an indication that the Sunday service has come to stay.

"I wish to truthfully state to you and the readers of these few lines that your Kodol Dyspepsia Cure is without question the best and only cure for dyspepsia that I have ever come in contact with, and I have used many other preparations. John Beam, West Middlesex, Pa. No preparation equals Kodol Dyspepsia Cure, as it contains all the natural digestants. It will digest all kinds of food and can't help but do you good. City Drug Store Jacksonville and Dr. J. Hinkle Central Point.

The Vlaktfontein incident has come near to spelling Waterloo for the British government. Apparently an unimportant incident, the censorship of one of the newspaper dispatches has had the effect of crystallizing all the widely different sorts of public dissatisfaction concerning the war in South Africa. For months public admiration for Lord Kitchener has been waning, and now he is openly and severely criticised. A rumor is current that he will shortly be succeeded in command of the forces in South Africa by Gen. Sir Bindon Blood, who has been operating in eastern Transvaal. Should a change occur, it would probably be due to the differences of opinion between Lords Milner and Kitchener, and would be announced in the form of a promotion accompanied by a statement that the operations in South Africa no longer justified the presence of an officer of the seniority of Lord Kitchener.

Cracked Lobbyists.

"If the dead are capable of sentiment, I am sure Captain Kidd and Judas Iscariot are entirely satisfied with their demise prior to the days of the Washington lobbyists," said Mr. Theodore D. Cooper of Evanston, Ill., at the Arlington the other night. "I have had transactions with them in several matters, and I know whereof I speak. Two men here took \$5,000 from a combine of manufacturers of which I am a member and whose interests were threatened by proposed legislation and did absolutely nothing to earn it. I learned positively that they paid some clerks and pages at the capitol next to nothing for information which was all they furnished us. Then I became cognizant of another deal, in which a well known lobbyist who was representing a claim against the government demanded and received \$75,000 as his share of an appropriation of \$150,000 for services and material delivered to government agents and after this big mouthful demanded and received \$14,000 additional from the claimants' share as reimbursement for sums expended for dining and dining congressmen in the interest of his clients."

#### WASHINGTON LETTER

[Special Correspondence.]

Five mansions, every one of which will cost from \$100,000 to \$500,000, have been begun or will be in the near future. The French embassy will erect in Twenty-second street and Phelps place a home for which the French chamber of deputies has just appropriated \$150,000. The architect of the government and French builders will be sent to erect this mansion. It will be completed for two years.

Senator William A. Clark of Montana has cleared the debris from the site of the old Stewart castle and will erect a magnificent house on the site.

Thomas H. Walsh of Colorado at Massachusetts avenue and Thirty-first street has his house built to the second story. He has set no limit of cost upon the plans of the architects, and this mansion is expected to be one of the most elaborate in the city.

Larz Anderson recently bought a large tract of land at the intersection of Massachusetts avenue and Florida avenue and Twenty-second street and will immediately begin the erection of a marble palace in the style modeled after the Leodovici palace in Rome. No limit has been placed on the cost of construction.

R. W. Patterson of Chicago will build opposite the Leiter house in New Hampshire avenue a house whose value will reach high into the six figures.

#### The Monument Scared.

The Washington monument is badly scarred by depredations of the souvenir fiends. Inside the memorial slabs presented by the states in the Union at the time of the monument's erection and by various societies have suffered most. There are more than 150 of these, and many of them are in a sad condition of mutilation. Missing heads, arms, legs and drapery bear eloquent witness to the manners of visitors. Just exactly what value, real or sentimental, the left ear lobe of the Goddess of Prosperity, for instance, can have for any person is hard for a sane man to understand. Somebody got it, however.

Most of the slabs presented by the states bear simply names and dates in large, bold letters that defy umbrellas and the like, and these remain untouched save by pencils that mark their owners' names. But of the delicate carving there is little left. The handsomest slab, though one of the smallest, measuring 3 by 5 feet, is that presented by the American Medical association, representing a group of the fathers of medicine. It is about midway up the monument, about where climbers rest and about four feet from the floor, a convenient reach; hence the condition of the figures, two headless and three armless.

#### Overfeeding Fowls.

Among the consequences of overfeeding getting the fowl too fat for proper egg production does not stand alone. Hens may be found dead under the roosts in the morning or perhaps on the nests as if there to lay, as usually they were, as is shown by the eggs they have in them. The cause is apoplexy, which is the result of overfeeding and lack of exercise. Another hen manifests the same disease by suddenly running round in a circle or staggering in a crooked fashion across the yard until she drops stupid and soon dies. It may be called vertigo or staggers, but it is a result of too much or too rich food and not an indication that some one has given her poison.

#### The Farm Separator.

Those who believe in the farm separator say that having the skim milk at home to feed to calves and pigs while it is warm and sweet is equal to 1 1/2 or 2 1/2 cents extra value for the pound of butter, while the cost of hauling to the creamery is so reduced as to add about another 1 1/2 cents to the butter value, and the factories average about 1.15 cents less in cost of butter making when they get only the cream than when they have to separate it from the whole milk before churning. A gain of from 3.15 to 4.15 cents a pound in value of butter from the milk is an important item.

#### Breeding Sheep.

The ram controls the external points, such as color, size and wool, and the ewe disposition, constitution and vitality.

#### A Member of the Navy.

The members of the Army and Navy club are greatly incensed because a common sailor secured his back pay and leave of absence and came to Washington to spend them. He registered at the best hotel in town, boldly writing after his name "U. S. N." Then he hunted up a newspaper reporter and gave out such an intelligent interview regarding the defects of the present navy that the officers are considering the advisability of asking congress to pass a law making it an offense for any one not wearing shoulder straps to register or sign himself as belonging to the army or navy.

#### The American Red Book.

The American Red Book for 1898, comprising the foreign relations during the eventful period of the Spanish-American war, has just made its appearance. It contains an exhaustive summary of the official correspondence. The Dupuy de Lome incident and the blowing up of the Maine are treated under separate heads. The first official notification to Spain that the United States expected the independence of Cuba was in a dispatch from Secretary Day to Minister Woodford on March 28, 1898. The president had previously instructed Mr. Woodford to endeavor to have Spain grant Cuba "full self government."

#### A Fireman's Close Call.

"I stuck to my engine, although every joint ached and every nerve was racked with pain," writes U. W. Bellamy, a locomotive fireman of Burlington, Iowa. "I was weak and pale, without any appetite, and all run down. As I was about to give up I got a bottle of Electric Bitters, and, after taking it, I felt as well as I ever did in my life." Weak, sickly, run-down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by City Drug Store. Price 50 cents.

#### Yaquina Summer Resort.

Why not spend the vacation at Yaquina bay, where can be had excellent fare, good fishing, good boating, safe bathing, alluring rides and rambles. The courses and exercises at the summer school of 1901, at Newport, will afford great variety of instructions, diversion and entertainment. No other resort offers equal attractions and advantages.

#### Carter Creek Springs.

1 1/2 miles from Steinman station or 12 miles south of Ashland. Pleasant accommodations for campers, fine mineral water and vapor baths. Rates—50 cents per person per week for camping, including use of vapor baths. Special rates for families. Address JOSEPH ZURCHER, Siskiyou, Oregon.
