

LOCAL NOTES.

Hain't it 'ol? Southern Stock Co. at U. S. Hall. All kinds of lubricating oil for sale at Nunan's.

PERSONAL MENTION.

Fred Offenbacher of Applegate was a visitor Saturday. Mr. Daily, father of Supt. Daily, is in Jacksonville again. Judge Prim, who has been quite ill, is able to be about again.

Jas. B. Watkins of Butte creek was with us Monday. Don't forget that the Southern Stock Co. is playing at U. S. Hall.

Elegant home-made candies of all kinds a leader at Joe Wetterer's. Jacksonville Fire Co. and the board of trustees meet this week.

Full assortment manila and sisal cotton rope for sale at Nunan's. Herbert Lyon of Bondville, Ky., was in Jacksonville one day last week.

Trespass notices, printed on cloth, on sale at THE TIMES Printing House. The county commissioners' court meets this week, beginning Wednesday.

Johnson Bros. of Rogue river are in Jacksonville, trading with our merchants. M. S. Wakeman and Chas. Owens of Pleasant creek were with us again last week.

The best brands of cigars, tobacco, etc., can always be found at Joe Wetterer's. Harvest is progressing satisfactorily and crops are turning out better than expected.

The semi-annual teachers' examination will be held next week, beginning on the 14th. The game announced to take place between Ashland and Medford nines did not materialize.

R. Ponnay and A. J. Erickson were in Jacksonville a few days ago, registering from Eugene. Sunday was the hottest day of the season, the mercury running up to 100 degrees in the shade.

Rev. J. T. Donahue of San Francisco and his wife registered at the U. S. Hotel one night last week. The price of wheat, notwithstanding the shortage in many places, is quoted at only 42¢@43¢ at Medford.

Kola Nels, who is a member of the Albany Brewing Co., and his wife have just returned from a trip to Europe. Henry Judge of Ashland, the pioneer saddler and harness maker, intends to retire, and offers his business for sale.

Chris. Ulrich has just received 200,000 first-class cedar shingles, which he will trade for baled hay or grain. Rev. Chas. Booth of Grant's Pass, Episcopal minister, will hold services at the M. E. church this evening at 8 o'clock.

Say! Did you see the latest in photos? You can see them at the Medford studio, over Beck's hardware store. Geo. W. Mackey proprietor.

The forests seem to be afire at different places and the atmosphere is full of smoke, which is steadily getting denser. Wm. Koeppe, watchmaker and jeweler, is now located on California street, opposite the postoffice. Satisfaction guaranteed.

W. E. Bostwick of Forest creek has sold his hogs for \$4.60 per hundred-weight. This price promises to be even higher before winter sets in. Assessor Pendleton has finished field work for the year and is now completing the assessment roll for the inspection of the board of equalization.

A large quantity of newspapers, suitable for wrapping, pasting on walls, putting under carpets, etc., can be obtained cheap, in quantities to suit, at THE TIMES Printing House. Attorney-General Blackburn has rendered an opinion in which he holds that it is discretionary with a county superintendent whether he will issue a first-grade teachers' certificate granted in another county.

The Southern Stock Co. will give performances this week, beginning with tonight. Its plays are popular ones, and the troupe appears to fine advantage, all of them. Don't fail to see them. Ray Venable, aged about 8 years, fell from his father's wagon, which was heavily loaded and coming down Jackson creek at the time, one day last week, and narrowly escaped being crushed. His injuries were quite painful.

O. E. Rose of Applegate and R. E. Kincart, the well-known timber locator, were in Jacksonville Saturday. The latter has been looking over the Applegate region, but does not find it heavily timbered enough for his purpose. Chas. Nunan and P. Donegan, Jr., were among the aggregation of bail-tossers who played against the Grant's Pass club Sunday. They speak in the highest terms of the treatment they received at the hands of the people of Grant's Pass.

O. O. Buck, Belrne, Ark., says: "I was troubled with constipation until I bought DeWitt's Little Early Risers. Since then have been entirely cured of my old complaint. City Drug Store, Jacksonville, Dr. J. Hinkle, Central Point." James White, Bryantville, Ind., says DeWitt's Witch Hazel Salve healed running sores on both legs. He had suffered 6 years. Doctors failed to help him. Get DeWitt's. Accept no imitations. City Drug Store, Jacksonville, Dr. J. Hinkle, Central Point.

The team N. Mitchell was driving last Thursday ran away and threw him to the ground, inflicting painful injuries. Dr. DeBar, who was called, informs us that the crest of one of his hip bones was fractured. It will be several weeks before Nick will be about again. The Woodmen's excursion to Portland, which started Friday, was a success. Several hundred residents of southern Oregon took advantage of this occasion to visit the metropolis. Josephine county furnished a large part of the excursionists, over 80 taking the train at Grant's Pass.

The hot wave which overwhelmed the country east of the Rocky mountains for sometime seems to have reached the Pacific coast. Saturday, Sunday and Monday were unusually hot days for this section, the thermometer registering above 100 degrees in the shade on each of them.

S. E. Wright of Klamath Falls, violator of the game law and smart Alexander in general, has been discharged from his position as forest ranger. With his father he went up against the newspaper buzz-saw, with the usual result. They evidently know that they have been in a scrimmage.

Rev. J. W. Miller, who has been a member of the M. E. conference for 50 years, delivered a pioneer sermon last Sunday in the Sunnyside church, Multnomah county. Although over 70 years of age he retains much of his old-time mental and physical vigor. He is well and favorably known in Jacksonville.

Dr. C. R. Ray of Gold Hill and his associates, who are talking of building a ditch of good-sized proportions to meander Rogue river falls at Gold Hill, via Eagle Point and Tolo, have a surveying party, headed by J. S. Howard, in the field. It would prove an enterprise of much benefit and importance.

A man named Geo. Justus, who with his wife kept a boarding-house at Klamath, was arrested on complaint of a young lady employed by them for assault. The case was dismissed after hearing evidence of the prosecution, the defendant offering none. Justus claims it was a case of black mail. [Yreka Journal.]

Among the Sunday schools recently organized in southern Oregon by C. E. Kirk, representative of the American Sunday School Union, were the following: At Missouri Flat, W. S. Bailey superintendent; Eagle Point, O. P. McGee superintendent; Bridge Point, Miss Lizzie Wright superintendent; Lone Pine, Miss Lizzie Wright superintendent.

Mrs. E. A. Mack, wife of the proprietor of the Central Point hotel, was last Friday examined by Doctors Robinson and Cole on a charge of insanity. She was pronounced insane and committed to the asylum. Sheriff Orme and Mrs. J. Davis took the unfortunate woman to Salem, who seems to be suffering more from the excessive use of liquors than anything else.

Jacksonville was visited by a jolly party of serenaders from Medford one night last week. They came in a hay wagon, (the bottom of which had been filled with straw) drawn by four horses, and chaperoned by Mrs. C. I. Hutchison. The following comprised the party: Misses Bessie Hammond, Virgie Woodford, Prudence Angle, Cleo Lucas, Pearl and Edith Webb, Messrs. Narreagan, Foster, Chitwood, Haskins, Ramsey, Butler, Crandall and Webb. Central Point was afterward visited by them.

The game of base ball played at Grant's Pass Sunday, between the local club and a mixed team from Jackson county, was won by the former by a score of 17 to 1. Although one-sided the contest was interesting, the large crowd in attendance being enthusiastic notwithstanding the torrid state of the climate. Pat. Donegan of Jacksonville made a home run, which was the principal incident of the game. There is no disputing the fact that Grant's Pass has the best club in southern Oregon this season. The nines will play a return game Sunday, in Jacksonville.

JOSEPHINE COUNTY ITEMS. Dr. Van Dyke is recovering steadily, and will soon be able to be about again. Frank Crow and his wife have been visiting in Jacksonville, guests of the latter's mother, Mrs. Geo. Matthews. Dr. Flanagan and E. E. Keddield have each been granted a patent, the former for a type-writing machine, and the latter for an engine.

Miss Carrie Farr, who has been visiting at Grant's Pass, left for her home at Boise, Idaho, Friday, accompanied by Mrs. H. H. Barton, who will spend several weeks there. The Observer has been called on to retract the report that the late Geo. C. Booth of Wilderville committed suicide. Several of the dead man's former neighbors testify that he died from natural causes.

A Grant's Pass dispatch of Aug. 1st says: A general rain fell last night over Josephine county and all southern Oregon, showers continuing through today. The water-melon fields will be greatly benefited and the forest fires of the mountains will be checked. Such a rain is unusual for this time of the year here, as it generally remains dry until along in September.

The Oregon supreme court has handed down decisions, affirming the decision of the lower court in the case of Henry York, respondent, vs. C. T. Davidson, et al., appellants, and modifying it in the case of A. H. and L. W. Carson and H. B. Miller, respondents, vs. F. M. Hayes, L. L. Jewell, C. Burkholder and William Swinden, appellants. In the case of P. H. Oviatt, et al., appellants, vs. Big Four Mining Co., et al., respondents, the decision of the lower court was reversed.

Hop Pickers Wanted. The undersigned wishes to engage the services of 300 hop pickers. Picking will begin Sept. 1st. For further particulars address JOHN RANAU, JR., Grant's Pass, Or.

No-To-Bac for Fifty Cents. Substituted tobacco habit cure, makes weak men strong. Sold pure. 50c. B. All drug stores.

MINING NEWS.

It is reported that Isaac Coffman of Forest creek, who has a promising ledge, has bonded it for \$4000. Miners' liens, deeds to mines, water right locations and other mining blanks always on hand at THE TIMES office.

Notices for the location of placer and quartz mines, etc., up-to-date and complete, for sale at THE TIMES office. The American Mining Code, standard authority on all subjects pertaining to mining, water-rights, etc., is kept on hand at THE TIMES office.

H. A. Mears, the mining expert, and Carl Phelps of Gold Hill passed through town Friday, en route to upper Applegate district on a tour of inspection. Reed, Kramer & Brown, who have been developing the Tin Pan and Lime Kiln club ledges, situated in Foots creek district, have bonded them to W. H. Mead of Spokane for \$10,000. They promise nicely.

Additional stamps, concentrator, boiler, engine and other machinery have been received by the operators of the Baby mine, located in Jump-Off-Joe district. A three-foot ledge of ore, that is said to run from \$50 to \$300 per ton, was lately uncovered. This was at one time deserted as a worked-out mine; but it has been found that the rich levels are just being reached at a depth of 400 feet.

A tunnel location is limited to unappropriated public land in the right of appropriation of blind ledges discovered by it. That is to say, if there are prior valid ledge locations in the line of the tunnel, and blind ledges apexing within the vertical planes of their side or end lines are part of the claim location, and cannot be acquired under a tunnel location, even if the actual discovery is made in the latter outside of those vertical planes, the tunnel cannot under the United States statutes cross the planes of the boundary lines of the location in search of ledges, though it has the right to follow and mine within the vertical plane ledges discovered and apexing without those planes.

Hon. John P. Jones, U. S. senator from Nevada, who recently inspected the Gold Bug mine, situated in Mt. Reuben district, of which he is the principal owner, said in a recent interview: "I am very well satisfied with the Gold Bug. We are now developing into a good property. I am very favorably impressed with that district. There are a number of prospects there which I think will be proven to be good mines upon development. The expenditure of capital appears to be the thing needed to make some good mines in this country, for there are many likely prospects in southern Oregon of which I have been able to gain some knowledge. The possibilities of this region in quartz mining have been in my mind many times. For years I have heard of the great amounts of gold taken from the placers in early days. Development of some of these quartz prospects in the foothills will make more good mines. The best mines are not usually found on top of the mountains."

THE TROUT LAW. Oregon Fish and Game Association has had a synopsis of the laws in regard to trout-fishing printed on cloth, that will be placarded in every section of this state for the information of the public. These read: It is unlawful, by penalty of fine of not less than \$20 nor more than \$100, or by imprisonment in the county jail, or by both fine and imprisonment— To fish for any trout by any means whatever, except with hook and line. To take, catch or kill, by any means whatever, any eastern brook trout, Loch Leven trout, or grayling, before April 1, 1904. To take, catch, kill or have in possession any trout, char or salmon less than five inches in length, or to take, kill or capture more than 125 trout in one day. To take, catch, kill or have in possession any trout, except salmon trout, during the months of November, December, January, February or March, or to fish for salmon trout in any other than tide waters during said months. To fish for any trout between one hour after sunset and one hour before sunrise. To sell, offer for sale, or have in possession for sale or exchange, any species of trout at any time. It is unlawful, under penalty of fine of not less than \$200, and imprisonment in the county jail, and for the second offense by fine of not less than \$1000 and imprisonment in the penitentiary, to explode or cause to be exploded any giant powder, dynamite or other explosive substance whatever for the purpose of catching, killing or destroying the fish, or for causing or permitting any sawdust, lime, medicated bait or other substance deleterious to fish, in any of the waters of this state in which food fishes are wont to be.

COUNTY TREASURER'S 16TH NOTICE. Max Muller, county treasurer, gives notice that there are funds in the county treasury for the redemption of all outstanding warrants protested from Jan. 1, 1898, to Jan. 31, 1898, both dates inclusive. Interest on the same ceased Aug. 2, 1901.

Help for Women

Who Are Always Tired.

"I do not feel very well, I am so tired all the time." You hear these words every day; as often as you meet your friends just so often are these words repeated. More than likely you speak the same significant words yourself, and no doubt you do feel far from well most of the time. Mrs. Ella Rice, of Chelsea, Wis., whose portrait we publish, writes that she suffered for two years with bearing-down pains, headache, backache, and had all kinds of miserable feelings.

all of which was caused by falling and inflammation of the womb, and after doctoring with physicians and numerous medicines she was entirely cured by Lydia E. Pinkham's Vegetable Compound. If you are troubled with pains, fainting spells, depression of spirits, reluctance to go anywhere, headache, backache, and always tired, please remember that there is an absolute remedy which will relieve you of your suffering as it did Mrs. Rice. Proof is monumental that Lydia E. Pinkham's Vegetable Compound is the greatest medicine for suffering women.

Coated

Look at your tongue. Is it coated? Then you have a bad taste in your mouth every morning. Your appetite is poor, and food distresses you. You have frequent headaches and are often dizzy. Your stomach is weak and your bowels are always constipated. There's an old and reliable cure:

Don't take a cathartic dose and then stop. Better take a laxative dose each night, just enough to cause one good free movement the day following. You feel better the very next day. Your appetite returns, your dyspepsia is cured, your headaches pass away, your tongue clears up, your liver acts well, and your bowels no longer give you trouble.

Price, 25 cents. All druggists.

"I have taken Ayer's Pills for 35 years, and I consider them the best made. One pill does me more good than half a box of any other kind I have ever tried."

Mrs. N. E. TALBOT, March 26, 1899. Arrington, Kans.

"NERVEWASTE"

One of the most helpful books on nerve weakness ever issued is that entitled "Nerve Waste," by Dr. Sawyer, of San Francisco, now in its fifth thousand. This work of an experienced and reputable physician is an agreeable contrast to the vast sum of false teaching which prevails on this interesting subject. It abounds in carefully considered and practical advice, and has the two great merits of wisdom and sincerity.

It is endorsed by both the religious and secular press. The Chicago Advance says: "A perusal of the book and the application of its principles will put health, hope and heart into thousands of lives that are now suffering through nervous impairment."

The book is \$1 by mail, postpaid. One of the most interesting chapters—chapter xx, on Nerves and Nerve Tonics—has been printed separately as a sample chapter, and will be sent to any address for stamp, by the publishers, THE PACIFIC PUB CO., Box 2658, San Francisco.
