Drying preparations simply develop dry catarrh; they dry up the secretions which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study to me; but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and as a last resort prescribed it. The most wonderful result was effected. \$1,000 REWARD For Evidence of Fraud in Testimonials Advertising Dr. Williams' Pink Pills for Pale People. It is sometimes thought that some concerns, in order to make people believe that the articles in which they deal in a good one, manufacture themselves the testimonials which they use in their advertisements. The Dr. Williams' Pink Pills for Pale People, however, have always held that the publication of a fictitious or even a misleading testimonial is not only bad morally but is bad advertising. Consequently the greatest care has always been taken in selecting testimonials for their advertising. Every case is not only carefully investigated but in most instances it is sworn to in legal form and the affidavit placed on file. That no doubt may be in the minds of the public, the company offers one thousand dollars (\$1,000) for evidence of fraud, on its part, in the publication of any of the testimonials used in making known the merits of Dr. Williams' Pink Pills for Pale People. In view of this, the following remarkable case, published in the Democrat and Sentinel, Lewiston, Pa., is given without further comment. Mr. Frank A. Means, a well known farmer of Reedsville, Mifflin County, Pa., writes: "I had the grip and as a result my nerves broke down. I lost the entire use of the lower half of my body. For a whole year I lay in bed perfectly helpless with no power in either limb and the feeling gone so that I couldn't feel a pin run into my legs at all. I couldn't turn over in bed without help. Six doctors gave me up and said it was only a question of a few weeks with me as nothing more could be done. Then a friend sent me a pamphlet containing statements of two men who had been afflicted something like me and who had been cured by the use of Dr. Williams' Pink Pills. I began taking them at once and although my improvement was slow it was certain. Now I can walk most of the time without a cane and everybody around here thinks it is a miracle that I can get about as I do. Your pills have certainly been a God-send to me." Signed, F. A. MEANS. Subscribed and sworn to before me this 17th day of April, 1901. ALBERT S. GIBBONEY, Notary Public. At all druggists, or direct from Dr. Williams' Medicine Company, Schenectady, N.
