With the sad results achieved from the use of cheaper flour? The one, the highest triumph of cookery—the most useful of all the arts; the other, a monument to wasted energy, blasted hopes and poor judgment. But why continue the comparison? Flowers and fruit in large quantities are sent to Czokorz by sentimental sympathizers; but the prison authorities wisely intercept these undesired and incongruous tokens of erratic minds. One of the curiosities of human sentiment is the mawkish sentimentality evinced in behalf of the most noted, desperate or wholesale criminals. But the authorities cannot afford to allow people to make a hero or a pet of Czokorz, and so tempt other mentally and morally diseased creatures to the commission of similar crimes.—[Telegram.

A Ray of Light

For woman's guidance is found in the fact that Dr. Pierce's Favorite Prescription cures female weakness and the diseases of the delicate womanly organs which darken the lives of so many women with suffering and sorrow. That ray of light has penetrated many darkened chambers where women moaned in misery, and has guided them out to health and happiness. "Favorite Prescription" is not a tonic, not a palliative, but a positive cure for the diseases which are peculiar to women. It gives vigor and vitality. It banishes nervousness, headache, and all the aches which come from a diseased condition of the womanly organs. A temperance medicine, it contains neither alcohol nor narcotics.

"I was troubled for three years with ulceration and female weakness," writes Mrs. Lulu Hunter, of Allenton, St. Louis Co., Mo. "I saw an advertisement in the paper of Dr. Pierce's Favorite Prescription. I began the use of it about a year ago. I took five bottles of it, and my health is better now than it was for years. I have also recommended these medicines to some of my friends, who suffered from female weakness, and good results have followed."

Blood.

We live by our blood, and on it. We thrive or starve, as our blood is rich or poor.

There is nothing else to live on or by.

When strength is full and spirits high, we are being refreshed, bone muscle and brain, in body and mind, with continual flow of rich blood.

This is health. When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, we are starved; our blood is poor; there is little nutriment in it.

Back of the blood, is food, to keep the blood rich. When it fails, take Scott's Emulsion of Cod Liver Oil. It sets the whole body going again—man woman and child.

If you have not tried it, send for free sample. Its agreeable taste will surprise you.
