Considerable of a sensation was occasioned at Klamath Falls last week by the death of Rufus Stiles from small pox. There are a number of cases there, of the mild type which prevailed in southern Oregon last summer.

C. M. Phelps, Forestdale, Vt., says his child was completely cured of a bad case of eczema by the use of DeWitt's Witch Hazel Salve. Beware of all counterfeits. It instantly relieves piles. City Drug Store, Jacksonville, and Dr. J. Hinkle, Central Point.

W. C. Deneff, Stone Bros. and O. Blenvenue have returned from a hunting trip to Applegate. They had indifferent success, as they saw little game, they say.

Oris Crawford and W. A. Carter have bargained for a building at Gold Hill, formerly occupied by A. R. Merritt and Fifeid & Co., and will engage in the sale of general merchandise.

The gross receipts of the Grant's Pass postoffice, as shown by the report of the fiscal year, are \$5,640, an increase of \$300 over the receipts of last year. The net revenues of the office for the year were \$3,328.

Mayor Chrisman of Eugene has been at Central Point, having been called there by a telegram announcing the fatal illness of his stepmother, Mrs. C. E. Chrisman, widow of the late C. E. Chrisman of Cottage Grove.

DeWitt's Little Early Risers never disappoint. They are safe, gentle, prompt, effective in removing all impurities from the liver and bowels. Small and easy to take. Never gripe or distress. City Drug Store, Jacksonville, and Dr. J. Hinkle, Central Point.

There was an interesting game of football on the Jacksonville ball grounds Sunday. The team headed by Charley Nunan and Dick Donegan won from the eleven led by Lewis Ulrich and Hurley by a score of 17 to 10. Another game will probably be played next Sunday.

The widow, son and daughter of the late Samuel Phillips request THE TIMES to return sincere thanks to those who lent assistance during the illness of their deceased husband and father and the arrangements for his funeral. They will ever be held in kind remembrance.

M. A. Walker has a nice little farm, situated not far from Antioch school-house, Table Rock precinct, which he will sell very low. It contains 110 acres of land, 30 acres of which are in cultivation. There is a dwelling, well, outbuildings, etc., on the place. Only \$400. Address Mr. Walker at Grant's Pass.

The funeral of the late Samuel Phillips took place Friday afternoon, and was attended by a number of the deceased's friends, as well as relatives. Rev. S. H. Jones officiated. Mr. P. was an Oregon pioneer of '51, coming to Jacksonville county the following year. He is survived by his wife, a son, Raymond Phillips of Applegate, and a daughter, Mrs. O. B. Dews of Ashland.

A number of assessors increased the amount of taxable property in their respective counties by raising the valuation of some already on the assessment roll and discovering more or less that had previously escaped taxation. Excepting the assessor of Multnomah county, Assessor Pendleton is easily first in this respect, as the new assessment roll of Jackson county is \$500,000 larger than it was in 1900. This is a very creditable showing, and means a lower rate of taxation for our people.

Although the Buffalo Exposition will be open for only a few days longer, the State Horticultural Society last week shipped a fine lot of winter apples to Superintendent Denech. The fruit was raised by W. H. Stewart, who lives near Medford, and will keep all winter—White Belleflower, Wine-sap and Jonathan. The apples will probably be taken to Charleston next month, to show the visitors at that exposition the splendid fruit gathered from the trees in Oregon.

While O. Harbaugh of Jacksonville was driving near Central Point last Thursday afternoon his mare ran away. The buggy struck the railroad track, while the animal was going at full speed, and Mr. H. was thrown violently to the ground, striking on his head. He was removed to the residence of Mrs. K. Morris, where he remained in an unconscious condition for sometime. A letter received today by Miss Edith Priest from his wife, who is with him, gives the information that he is considerably improved.

Bernal Wolfard, a fireman, has sued the Southern Pacific Co. for \$40,000 damages, because of personal injuries received on February 8, 1901, at Snowden, on the Ashland division. He complains that one of his legs was injured so that it became necessary to amputate it below the knee, and the other was badly crushed and mangled, and he was bruised and otherwise hurt. The papers were filed in the state circuit court at Portland Oct. 23d by O'Leay & Tarpley. Wolfard is 22 years old; and, calculating the average life of a healthy man at 62 years, he estimates that he would have been able to earn if he had not been injured \$1000 per year for 40 years yet to pass.

David R. Jones, who died at his home, near Lakeview, October 19, was the oldest inhabitant of Lake county. He was born in Virginia in 1836. He arrived in Jacksonville in 1860, coming by boat from New York to San Francisco; thence by stage. In 1864 Mr. Jones left Jacksonville for Washington territory, and in 1866 he moved to Idaho. During this time he was engaged in the freighting business. The following year he loaded his big teams with grain and followed the U. S. soldiers to old Camp Warner, in Warner Valley, Lake county, arriving there September 15, 1867. Mr. Jones has resided in that section nearly ever since. He married Mrs. Ellen Gregory in May, 1869, and they have three children. Wm. R. Jones, who resides near Medford, is a brother of the deceased.

MINING NEWS.

Work on the old Hammersly mine, situated in Jump-off-Joe district, has been resumed.

The Gold Hill News says that the S. P. R. Co. has men prospecting for coal in Meadows district.

Notices for the location of placer and quartz mines, etc., up-to-date and complete, for sale at THE TIMES office.

The American Mining Code, standard authority on all subjects pertaining to mining, water-rights, etc., is kept on hand at THE TIMES office.

Riley Hammersly and others are developing a copper deposit located in Meadows district, which is called the Shamrock. Some excellent ore has been extracted.

The Umpqua Valley Oil Co.'s stock has advanced 5 cents per share, or to 30 cents, it is reported on the strength of a telegram received from Bakersfield, Calif., announcing the loading of the drilling plant recently purchased and also upon the favorable report of the expert geologist who has been looking over the holdings of the company.

The Grant's Pass Observer says that a rich body of ore has been uncovered at the Baby quartz mine, situated in Jump-off-Joe district. A 26-inch vein has been uncovered by a new tunnel 80 feet long, which carries free-milling ore said to be worth several hundred dollars to the ton, besides carrying good values in base.

The Baby was bonded recently by Meyers, Rice & Smith of Pollock, Jewell & Dodge.

Frank Koester, who has been working his quartz claim on Fooks creek for some time, brought to Gold Hill one day last week two and a half tons of ore, in which free gold is plainly visible to the naked eye in surprising quantities. The ore was treated at Houck's mill and the returns were large. Mr. Koester has about 75 tons of similar rock on his dump, which will be treated there as rapidly as it can be hauled.

A large amount of lumber is being hauled to the Golden Standard mine on Gall's creek, for the building of quarters for an increased force of men which will be put at work on the property as soon as possible. About 20 men are now employed and development is progressing rapidly. This is the Kubli mine which was sold last month for \$40,000. The owners have since steadily pushed operations upon the property, and express themselves as being more than satisfied with their bargain.

A Gold Hill dispatch to the Oregonian gives a very roseate hue to the result of the late visit of Frank H. Ray of New York. He is at the head of the syndicate of eastern capitalists who have invested largely in the mines of southern Oregon and are represented by Dr. C. E. Ray. Prior to the Col.'s departure for home he announced unofficially that his company intended taking immediate steps looking to the extensive improvement of the company's big holdings in this section. In addition to the opening of the many mineral properties acquired during the past three years, it is proposed to establish milling plants of sufficient capacity to handle the output of the mines, to furnish power for these. To supply light and power to Gold Hill and adjacent mining camps an electric plant will be established. It is also stated that a ditch will be built taking water from Rogue river at a point near Gold and bringing it to the several sites selected for the respective plants. This will be 16 feet wide on top, 12 feet wide on the bottom, and will carry a volume of water five feet deep. Work will be started upon the water-way probably not later than December 1, it is reported.

Farm for Sale.

A good farm situated one mile northeast of Phoenix lying alongside county road, containing 150 acres. There will be sold with it, if desired by the purchaser, 40 acres of wood land. The place is all enclosed; about 150 acres of it is under cultivation. The improvements consist of a dwelling-house, a large barn with sheds for stock, smoke, wood and poultry houses. There is a good well of water at the house and one near the barn; an orchard in good condition, containing about 60 fruit trees of assorted varieties, mostly apples; school-house at the north end of the farm. Terms, \$3,000; \$1,000 in cash, \$1,000 in one year, and \$1,000 in two years, deferred payments to draw interest, or all cash at option of purchaser. Inquire of SILAS J. DAY, Real Estate Agent, Jacksonville, Oregon.

The Duty of Mothers.

What suffering frequently results from a mother's ignorance; or more frequently from a mother's neglect to properly instruct her daughter! Tradition says "woman must suffer," and young women are so taught. There is a little truth and a great deal of exaggeration in this. If a young woman suffers severely she needs treatment, and her mother should see that she gets it. Many mothers hesitate to take their daughters to a physician for examination; but no mother need hesitate to write freely about her daughter or herself to Mrs. Pinkham's Laboratory at Lynn, Mass., and secure from a woman the most efficient advice without charge.

Mrs. August Pfalzgraf, of South Byron, Wis., mother of the young lady whose portrait we here publish, wrote in January, 1896, saying her daughter had suffered for two years with irregular menstruation—had headache all the time, and pain in her side, feet swelled, and was generally miserable. She received an answer promptly with advice, and under date of March, 1899, the mother writes again that Lydia E. Pinkham's Vegetable Compound cured her daughter of all pains and irregularity.

Nothing in the world equals Lydia E. Pinkham's great medicine for regulating woman's peculiar monthly troubles.

Saint Helen's Hall... PORTLAND, OREGON.

A Boarding and Day School for Girls.

MUSIC, ART AND ELOCUTION. This School offers to girls a broad and thorough education, combined with the advantages of a beautiful and refined home. It occupies a large and attractive building in the immediate vicinity of the City Park. The sanitary condition of the premises has been made a matter of special attention. The bed chambers, class and recitation rooms are large and thoroughly ventilated; and the construction of the building is such that every room is open to the sunlight. The greatest care has been taken to provide all the necessary appointments of a well-equipped school, and to furnish every facility for training pupils in the most approved methods. The aim of the school is to give thorough and well-ordered instruction to girls and young women, fitting them for college when that is desired, and to aid in the development of true and womanly character. The Fall term opens September 16, 1901. A faculty of twenty competent teachers insures for children and young women that individual care and instruction necessary to the best results. There are four skilled teachers in the Music Department alone, specialists in Art and Oratory, and native teachers in French and German. Provision is made for all athletic games suitable to women, as tennis, croquet, basketball, bicycling and horseback riding. A gymnasium, 50x100 feet, is in process of construction which will offer still more opportunities for healthful exercise. For illustrated catalogue apply to MISS ELEANOR TEBBETTS, Principal.
