Tom Young of Eagle Point precinct found Jacob Klippel's overcoat, advertised for in THE TIMES. There is nothing like a good advertising medium.

Will. H. McDaniel and Fred. Offenbacher of Applegate were in Jacksonville one day this week. From the looks of their load something is likely to happen on Applegate before long.

Chas. H. Vegnte, one of Ashland's leading business men, has purchased the land belonging to the heirs of the late Lewis Rees and which is situated in Eagle Point precinct. He secured a bargain.

E. Band, guardian of the minor heirs of Geo. Schumpf, deceased, in another column of THE TIMES gives notice that he will sell the real estate belonging thereto at private sale after Dec. 14th.

Mrs. L. C. Bolle of Meadows precinct, who is suffering with an internal cancer, has returned from San Francisco, the doctors pronouncing her case hopeless. She is now taking faith-cure treatment.

Mr. Morris, superintendent of construction, informs THE TIMES that no more men are needed by the Jackson County Improvement Co. on their ditch. Employment will be given to several more teams, however.

The S. P. Co., which recently bonded D. R. Andrus' coal mine, situated in Meadows precinct, has several men engaged in developing it. The prospects for the discovery of a large vein of good coal are promising.

Judge Hanna has granted Maud Clute of Ashland the care and custody of her minor child. Frank Clute, her former husband, through his attorney, H. L. McWilliams, also sought the charge of the girl.

Jacksonville's branch of the Society of Christian Endeavor will give an entertainment on the evening of Nov 30th, for which an excellent program is being arranged. It will appear in the next issue of THE TIMES.

Mr. Rock, a brother of Rock Bros. of Thompson creek, and his wife arrived from Fresno, Calif., Saturday evening, accompanied by J. Rock's son and G. W. Snyder. They may locate.

A masquerade ball will be given in Jacksonville on New Year's night, under the auspices of P. P. Prim Cabin, N. S. O., for which preparations will soon be begun. It will be the grandest affair of the kind ever held in Southern Oregon.

There will be a grand Thanksgiving party at the public hall in Williams, Josephine county, November 28th. The best of music and supper will be provided, and nothing left undone to ensure its success. Tickets, $1.50. All are invited to come and enjoy themselves.

Prof. Colvin left for Marysville, Calif., on Tuesday's midnight train. The night before he finished instructing a large class in dancing at Jacksonville, having given general satisfaction. Nearly all of his pupils will become proficient in the art with enough practice.

Shooting has become quite interesting at the gallery which was recently opened on California street by Clarence Raymond. The party making the highest score wins the $10 cash prize, while $5 will be paid to him who is second best in the match. Turkeys are also being shot for.

A. F. McCrary, whom Mrs. Irene Eaton seeks to eject from land she received a U. S. patent for, has appealed to the supreme court from the order dismissing his complaint, made by Judge Hanna recently. Snell & Hartson represent McCrary and A. N. Soliss appears for Mrs. Eaton.

The county court has awarded the contract for keeping the county poor for one year from Jan. 1, 1902, to E DeRoboam at $4 a week per indigent. The contractor is enlarging and improving the hospital, and will furnish it new throughout. The increased price will enable him to do much better by his patients than during the past.

"Some years ago while at Martinsburg, W. N., I was taken with cholera morbus, which was followed by diarrhœa. The doctor's medicine did me no good. I was advised to get a bottle of Chamberlain's colic, cholera and diarrhœa remedy, which I did, and it cured me sound and well. G. A. MORRIS, Embreeville, Pa. Sold by City Drug Store.

The Oregonian of last Friday says: "K. K. Kubli, a prominent miner of Southern Oregon, is in the city, en route to Sumpter, where he will make a detailed examination of the Tillamook group of mines. He has extensive mining interests in Josephine and Jackson counties, and has just disposed of his Gold Hill mine for a very handsome figure. Mr. Kubli says that Southern Oregon was never as prosperous as it is today, and that there is a great future in store for that part of the state."

Jacksonville, which, owing to the presence of accommodating affidavit-makers, has been the Gretna Green of many couples who couldn't get married elsewhere, experienced an innovation the forepart of the week. One of the colored people connected with the Pullman service of the S. P. Co., brought his honey with him Monday night, and they were soon launched on the sea of matrimony. The official who performed the ceremony being of a modest disposition, the osculatory part of the programme was omitted.

D. E. Morris, the efficient superintendent of construction of the Jackson County Improvement Co., which is building the big ditch from Butte creek to Medford, was at the county-seat one day this week. He reports that the continuation of favorable weather has made it possible to make even better progress than had been hoped for. A substantial 600-foot flume across the south fork of Butte creek, eight feet wide on the bottom, has just been finished. One hundred men and quite a number of teams are employed by the company, and the ditch, with the exception of some rock work, will this fall be completed as far as the drop at the Bradshaw place, near Brownsboro, where a fine electric plant will be installed in the near future. Mr. Morris is of the opinion that water will be rushing through the ditch and irrigating much of the land along its route by May 15, 1902. Jackson county is to be congratulated upon the advent of the energetic gentlemen from California who are furthering this important enterprise that will make the desert blossom as the rose.

Agents Wanted.

To sell "McKinley's Dying Words," the latest, greatest and most pathetic copyrighted song of the day. Over 15,000 were sold in Chicago during first three days of publication. JOSEPHINE COUNTY ITEMS.

Rev. Robt. Booth has returned from a visit at Eugene.

Grant's Pass' city election promises to be very interesting.

Mrs J A Rusk, an excellent teacher, has just finished a successful term in Selma district.

Mr and Mrs J L Scott of Evans creek visited their son, Geo Scott, one day last week.

Mrs. May Haskins has returned from Jacksonville, and is again chef at the Palace Hotel.

Rev A T Shoemake, who officiated at the Baird-Mastin nuptials, acquitted himself creditably.

Chas. E. Maybee, the popular attorney, has been admitted to practice before the Interior Department.

I. T. Nicklin, formerly of the Eugene Soap Works, and a clever salesman, has accepted a position with R. L. Coe & Co.

Oliver S. Brown, the attorney, has returned from Coos county, where he has been in the interests of the Woodmen of America for several months.

Mrs. Chas. Duffield of Jerome Prairie has been enjoying a visit from her mother, Mrs E Stevens of Woodville, who recently returned from an Eastern trip.

M. A. Walker has a nice little farm, situated not far from Antioch schoolhouse, Table Rock precinct, which he will sell very low. It contains 110 acres of land, 30 acres of which are in cultivation. There is a dwelling, well, outbuildings, etc., on the place. Only $400. Address Mr. Walker at Grant's Pass.

The early closing of stores that has been in effect in Grant's Pass for the past four months has been abandoned by mutual consent. The change is due to the fact that the merchants are unable to handle their greatly increased trade. It is likely that the early-closing movement will again be taken up by the clerks after the holidays.

Saturday morning a large cinnamon bear made his appearance on the farm of E. Dimmick, in the northern suburbs of Grant's Pass. The beast was boldly attacking the occupants of the barnyard when the owner of the ranch unexpectedly met him. There was a hasty scrimmage for a gun, the contents of which put an end to bruin's career. The appearance of a wild cinnamon bear, almost within the city limits, is an unusual occurrence.

A Great Statesman's Secret.

The secret of a celebrated statesman's long life was his systematic way of eating. Every bite of food was chewed thirty times before swallowing. The result was he naturally enjoyed good health. Most men and women bolt their food, and eat things which were never intended to be eaten. They become costive, have a bad complexion, lose flesh and are irritable and nervous; and the first thing they know are "played out." It is gratifying to know that Hostetter's Stomach Bitters cure stomach troubles. It is a purely vegetable medicine that has stood the test of fifty years. It cures cases which seem to be hopeless. Sufferers from any disorder of stomach, liver or bowels should try it.

Try Grain-O! Try Grain-O!

Ask your grocer today to show you a package of GRAIN-O, the new food drink that takes the place of coffee. The children may drink it without injury as well as the adult. All who try it like it. GRAIN-O has that rich seal brown of Mocha or Java, but it is made from pure grains, and the most delicate stomach receives it without distress. ¼ the price of coffee. 15c. and 25cts. per package. Sold by all grocers.

What Shall We Have for Dessert?

This question arises in the family every day. Let us answer it today. Try Jell-O, a delicious and healthful dessert. Prepared in two minutes. No boiling! No baking! Simply add boiling wate and set to cool. Flavors:—Lemon, orange, raspberry and strawberry. Get a package at your grocer's today. 10cts.

Grand Christmas Raffle.

A raffle for $100 in U. S. gold coin will take place at the Banquet saloon in Jacksonville on Tuesday night, Dec. 24, 1901. The person throwing the highest number with dice will get $75, and the lowest throw takes the remaining $25. Chances will range from one cent to $1. A fine turkey supper will be set after the raffle, which will be conducted to insure general satisfaction.

MINING NEWS.

Some work is being done at the Sterling mine, but active operations will not begin until some rain falls.

Notices for the location of placer and quartz mines, etc., up-to-date and complete, for sale at THE TIMES office.

Miners' liens, deeds to mines, water-right locations and other mining blanks always on hand at THE TIME office.

The ledge at the Bill Nye mine, situated on Gall's creek, has widened considerably, and is as rich as ever. The ore is being sacked and kept in a safe place.

Jas. Calvert of Grant's Pass is fitting up his placer mines, located in Pleasant creek district, in first-class shape, and will make a good run this season.

W. H. Maultby and A. Gilson, who have been prospecting at the head of Sterling creek, have struck an old channel, which promises to be quite rich. A considerable body of gravel, that prospects well, is already in sight.

The machinery at the Exchequer mine, situated in Applegate district, has been moved to the Rising Star mine by Geo. St. John, the superintendent of both properties. They are showing up well and improving steadily.

The American Mining Code, standard authority on all subjects pertaining to mining, water-rights, etc., is kept on hand at THE TIMES office.

The equipments of the King hydraulic mine, located near Althouse, recently purchased by the Althouse Mining Co., have been more than doubled during the past summer. New and larger ditches have been dug, and the entire plant repaired.

The mines in the vicinity of Waldo, which have been lying idle for sometime, pending freedom from litigation, are awakening to activity. Captain Draper has put a crew of men to work under Mr. Ank, running a long and deep cross-cut tunnel.

H. Kling, superintendent of the Seattle Co-operative Mining Co.'s mines in Watkins precinct, informs THE TIMES that a Ruble grizzly has been installed on the property, which is expected to materially assist in the successful working thereof.

At the recently discovered copper mines on Little Grayback, Josephine county, there is much activity. Nearly everything has been taken up, representing 50 claims. The greater part are being developed as fast as is possible. In some of the older claims tunnels have been run to a depth of 50 and 75 feet, or opened up by shafts to this depth. The ledges exposed show widths ranging from 10 to 150 feet, carrying copper values of from 11 to 30 per cent.

Fred Mellis of Baker city, who represented our state's mineral interests at Buffalo, reports that Oregon secured 14 gold medals and 30 silver medals, besides a large number of diplomas and certificates of honorable mention. The Oregon mineral exhibit was by far the best at the fair, and attracted a great deal of attention. Of the four silver medals awarded to the Pacific Coast states Oregon received two. There were no gold medals awarded for minerals.

The lost Tayapa mines, celebrated in Spanish annals as having produced $80,000,000 in silver and gold in the seventeenth century, which are described on Spanish maps as being situated in Northwestern Mexico, about fifty leagues from the sea, near Dos Pilares, have been found. Explorers who have recently returned from Cienaguita report having discovered the old stone prisons, old smelters, also the stupendous work accomplished by the ancients. They say there are millions of tons of ore exposed, rich in copper, silver, gold and in the form of sulphide of copper, that could not be worked by methods then in vogue. They state there is ore in sight valued at more than $100,000,000.

Colds

"I had a terrible cold and could hardly breathe. I then tried Ayer's Cherry Pectoral, and it gave me immediate relief."
W. C. Layton, Sidell, Ill.

How will your cough be tonight? Worse, probably. For it's first a cold, then a cough, then bronchitis or pneumonia, and at last consumption. Coughs always tend downward. Stop this downward tendency by taking Ayer's Cherry Pectoral.

Three sizes: 25c., 50c., $1. All druggists.

Consult your doctor. If he says take it, then do as he says. If he tells you not to take it, then don't take it. He knows. Leave it with him. We are willing.

SAVED BY A FRIEND

One Woman Rescued From Death by Another.

"If it had not been for one of my friends I would not be here to tell the tale."

These were the words of Miss Frances Hathaway, of No. 416 Pine street, Kalamazoo, Mich., whose interview is published in the Holland, Mich., Times.

"It is really remarkable that I did not lose my life," she said. "When I was 16 years old I was taken ill. I was pale and weak and grew easily tired and the family doctor seemed unable to help me at all."

"Didn't you try any other physicians?" asked the newspaper man.

"Yes, but they did not help me either. My parents tried various remedies and treatment but I only kept getting worse. By the time I was 19 years old I was thin and bloodless as a ghost."

"What did the doctors call your disease?" querried the reporter.

"They said my blood had turned to water and I had anæmia. I felt dreadful. It was about this time that Miss Huntley advised me to try Dr. Williams' Pink Pills for Pale People, as she had been cured of a somewhat similar trouble by their use. I bought a box and before I had taken all the pills I found that they were doing me good. My appetite increased and the healthy color began to show in my cheeks and lips. I continued to use the pills until I had taken fifteen boxes when I found myself entirely cured."

"Have you ever had any return of the trouble?" asked the reporter.

"No; never a bit. I cannot remember a time when I was as strong and healthy as now. I know that Dr. Williams' Pink Pills for Pale People saved my life and I believe that no other medicine could have done so."

Anæmia is not the only disease which succumbs to the potent influence of Dr. Williams' Pink Pills for Pale People. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after-effects of the grip, palpitation of the heart, pale and sallow complexions and all forms of weakness either in male or female. They are sold by all druggists or direct from Dr. Williams Medicine Co., Schenectady, N. Y. Price 50 cents per box; six boxes, $2.50.
