BRIEF MENTION.

Trespass notices, printed on cloth, on sale at THE TIMES Printing House.

Pendleton is threatened with a wood famine. Wood now sells in that place at \$6 per cord.

An attempt to kill the midway elephant at Buffalo by electricity failed. It did not feaze him.

A large quantity of newspapers, suitable for wrapping, pasting on walls, putting under carpets, etc., can be obtained cheap, in quantities to suit, at THE TIMES Printing House.

William Ogden of McLean county, Illinois, has bought 180,000 acres of land in Western Kansas, which will be converted into the largest wheat ranch in the world. He paid \$250 an acre on an average.

The celebrated Snap Shot, the best medicine in the world for allaying inflammation in man or beast, can be found at Dr. Robinson's drug store, also at Dr. Hinkle's, Central Point. Try it.

Dan Tew, a Mergenthaler operator in the Des Moines Daily Capital office, broke the world's record for speed. He set 3344 lines of nonpareil in eight hours, newspaper measure, equal to 86,844 ems. Making 24 touches per em, he touched the keyboard 217,360 times.

"Some years ago while at Martinsburg, W. N., I was taken with cholera morbus, which was followed by diarrhoea. The doctor's medicine did me no good. I was advised to get a bottle of Chamberlain's colic, cholera and diarrhoea remedy, which I did, and it cured me sound and well. G. A. MORRIS, Embreeville, Pa. Sold by City Drug Store.

Portland Telegram: A book recently issued is entitled "The Lives of the Hunted." But since it contains no reference to ex-wood-haven-been Governor Taylor, Pat Crowe, the Chicago postage-stamp robbers, the Lane county, Oregon, train robber, or many others that the detectives can't find, it is very incomplete.

During an engagement with the Boers, under Commando Smuts, October 13, Capt. Thornton's district troops surrendered. Of the 180 mounted troops practically all were Dutchmen. They fired all their ammunition at long range and then refused to fight further. Thornton declares that there must have been treachery in his camp.

The San Francisco Call says the record shows that there has been a month without a full moon. That was in February, 1880. In that year January and March had two full moons each, but there was none in February. Such never before occurred during the Christian era, and according to the computations of Astronomer Royal of England such will not occur again until 2,500,000 years from 1880.

American invasion of Germany's commerce is causing great anxiety throughout the empire. The Emperor himself was one of the first to scent the danger that threatens Germany's commerce, and has been watching every movement of American capital in Europe. He has repeatedly called attention to the necessity of a commercial union against the United States, and in other ways has attempted to impress upon the country the gravity of the situation. That Emperor William is deeply apprehensive is shown by the close interest he has manifested in the Bourse lately and the official inquiries that inevitably follow every large transaction. He was deeply concerned over the report that J. Pierpont Morgan was about to acquire the Hamburg line, and immediately set to work to prevent the transfer of any of Germany's carriers to foreign companies.

A Miraculous Feat.

"It seemed that nothing short of a miracle could save my little daughter from an untimely death," says City Marshall A. H. Malcolm, of Cherokee, Kan. "When two years old she was taken with stomach and bowel trouble and despite the efforts of the best physicians we could procure, she grew gradually worse and was pronounced incurable. A friend advised

Dr. Miles' Nervine

and after giving it a few days she began to improve and finally fully recovered. She is now past five years of age and the very picture of health."

JOSEPHINE COUNTY ITEMS.

Miss Bertha Hurlbert is in Sam's Valley, visiting at the farm of her father.

Geo C Calhoun, the well-known business man, has gone to California to seek a location.

Col. F. V. Drake of Portland, a well-known operator in mines, has been at Grant's Pass this week.

Cecil Royal returned this week from De Lamar, Shasta county, Calif., where his parents reside.

Jas. Hawkins of Slate creek precinct and his wife were in Jackson county the forepart of the week.

E D Weston, the expert photographer, is at Glendale. He will open a gallery in Grants Pass next week.

Dan Johnson, who has been dangerously sick at Portland with inflammatory rheumatism, is slowly improving.

Mark Burns, the hustler, is now a resident of Klamath county, where he is engaged in stock-raising on a large scale.

The Oregonian says that Dr W H Flanagan is in Portland for the purpose of purchasing an automobile with which to astonish the natives of Josephine county.

A letter from China states that Miss Winifred Miller, who is with her parents, Consul and Mrs. H. B. Miller, had been very ill and for some time her life was despaired of; but when the letter was written she was out of danger. Kenneth Miller is expected home on the Transport Sheridan, which will probably be before Christmas, to attend the U. of O.

Modern Surgery Surpassed.

"While suffering from a severe case of piles I consulted a doctor who advised me to try a box of DeWitt's Witch Hazel Salve as a splendid cure for piles, giving relief instantly, and I heartily recommend it to sufferers. Surgery is unnecessary to cure piles. DeWitt's Witch Hazel Salve will cure any case. Cuts, burns, bruises and all other wounds are also quickly cured by it. Beware of counterfeits. City Drug Store, Jacksonville, and Dr. J. Hinkle, Central Point.

There is a Class of People

Who are injured by the use of coffee. Recently there has been placed in all the grocery stores a new preparation called GRAIN-O, made of pure grains, that takes the place of coffee. The most delicate stomach receives it without distress, and but few can tell it from coffee. It does not cost over 14 as much. Children may drink it with great benefit. 15 cts. and 25 cts. per package. Try it. Ask for GRAIN-O.

TSAMS WANTED.

I can give employment to eight or ten good teams, at \$3 per day. Apply to me at the Fish Lake Ditch camp. D. E. MORRIS, Supt. of Construction.

Blue Predominant.

He was from the country and stood helplessly before the haughty young lady clerk of the downtown store.

"What do you want, please?" she demanded jolly.

He gulped down his embarrassment, for he was hopelessly young and shy and awkward, and she was a most superior looking creature.

"I want twelve yards of blue predominant," he finally said.

"What?" demanded the startled clerk.

"Twelve yards of b-b-blue predominant," he stammered again.

"I'm sure I don't know what you mean," said the clerk. Then, womanly kindness and intuition getting the better of her hauteur, she said, "Tell me just what it was your mother or your sister told you to bring."

He gave a sigh of relief and said: "They wanted some wash goods for my little sister's dress. They said they were not so particular as to quality and color, just so I got blue predominant. Can't I get it here?"—Memphis Scimitar.

Not in Order.

In a certain Lanarkshire village a meeting was called to consider the advisability of erecting a bridge over a creek which had been heretofore crossed by means of stepping stones.

The schoolmaster, who presided over the meeting, warmly advocated the erection of a bridge in an eloquent speech, when a local worthy, who was something of a character and noted for his outspokenness, got up and interrupted:

"Hoot, toot, schulemaster, you're fair halverlu, mon! Wha wad gang an' put a brig ower siccan a wee bit creek as yon? Losh, mon, I cud cross it wi' a stannin' jump!"

"Order, order!" exclaimed the chairman angrily. "You are clearly out of order."

"I ken I'm oot o' order," rejoined the interrupter amid the laughter of the audience. "If I was in order, I cud jump as faur again!"—London Answers.

The Color of Wood.

A simple way to restore color to wood is to mix the color with oil and turpentine, applying with a soft cloth and rubbing in well. Either the powdered pigment of colors ground in oil may be used. For light oak use raw umber, for dark oak burnt umber. If it is very dark, add a mere shade of lamp-black. For mahogany use burnt sienna, chrome yellow and bismarck brown, and for cherry use burnt sienna.

He Was Too Slow.

Magistrate—Your husband charges you with assault.

Madam—Yes, your honor. I asked him if he would always love me, and he was so slow in answering that I hit him with a mop. I'm only a woman, judge, and a woman's life without love is a mere blight.—Illustrated Bits.

Quite Realistic.

"This," said the eminent artist, "is my famous study of the 'Cows in the Clover.'"

"But where is the clover?" was asked, none appearing in the picture.

"Oh, the cows have eaten it, you know."—Baltimore American.

Spicy.

"If you intend to dine on us," queried the captured mariner, "why did you greet us with a fusillade?"

"Because we always pepper our food before eating it," grinned the cannibal. —Philadelphia Record.

Good Reason.

Professor—Why does the earth move? Hardup (absently)—Can't pay the rent, I suppose.—Exchange.

Help... Nature

Babies and children need proper food, rarely ever medicine. If they do not thrive on their food something is wrong. They need a little help to get their digestive machinery working properly.

SCOTT'S EMULSION OF COD LIVER OIL WITH HYPOPHOSPHITES OF LIME & SODA

will generally correct this difficulty.

If you will put from one-fourth to half a teaspoonful in baby's bottle three or four times a day you will soon see a marked improvement. For larger children, from half to a teaspoonful, according to age, dissolved in their milk, if you so desire, will very soon show its great nourishing power. If the mother's milk does not nourish the baby, she needs the emulsion. It will show an effect at once both upon mother and child.
