An English Author Wrote 'No shade, no shine, no fruit, no flowers, no eaves,-November!" Many Americans would add no freedom from Catarrh, which is so ag gravated during this month that it becomes constantly troublesome. There is abundant proof that catarrh is a constitutional disease. It is related to scrofula and consumption, be ng one of the wasting diseases. Hood's Sarsaparilla has shown that what is capable of radicating scrofula completely cures catarrh and taken in time prevents consumption. We cannot see how any sufferer can put off taking this medicine, in view of the widely published cord of its radical and permanent cures. It s undoubtedly America's Greatest Medicine for America's Greatest Disease-Catarrh.

A Boarding and Day School for Girls. MUSIC, ART AND ELOCUTION.

This School offers to girls a broad and thorough education, combined with the advantages of a healthful and reflued home. It occupies a large and attractive building in the immediate vicinity of the City Park. The sanitary condition of the premises has been made a matter of special attention. The bed chambers, class and recitation rooms are large and thoroughly ventilated; and the construction of the building is such that every room is open to the sunlight.

The greatest care has been taken to provide all the necessary appointments of a well-equipped school, and to furnish every facility for training pupils in the most approved methods. The aim of the school is to give thorough and well-ordered instruction to girls and young women, fitting them for college when that is desired, and to aid in the development of true and womanly character.

The Fall term opens September 16, 1901. A faculty of twenty competent teachers insures for children and young women that individual care and instruction necessary to the best results.
