SORES AND ULCERS.

Sores and Ulcers never become chronic unless the blood is in poor condition—the poisons that accumulate in it. The system must be relieved of the unhealthy matter through the sore, and great danger to life would follow should it heal before the blood has been made pure and healthy and all impurities eliminated from the system. S.S.S. begins the cure by first cleansing and invigorating the blood, building up the general health and removing from the system **A CONSTANT DRAIN UPON THE SYSTEM.**

When this has been accomplished the discharge gradually ceases, and the sore or ulcer heals. It is the tendency of these old indolent sores to grow worse and worse, and eventually to destroy the bones. Local applications, while soothing and to some extent alleviate pain, cannot reach the seat of the trouble. S. S. S. does, and no matter how apparently hopeless your condition, even though your constitution has broken down, it will bring relief when nothing else can. It supplies the rich, pure blood necessary to heal the sore and nourish the debilitated, diseased body.

Mr. J. B. Talbert, Lock Box 245, Winona, Miss., says: "Six years ago my leg from the knee to the foot was one solid sore. Several physicians treated me and I made two trips to Hot Springs, but found no relief. I was induced to try S. S. S., and it made a complete cure. I have been a perfectly well man ever since."

SSS is the only purely vegetable blood purifier known—contains no poisonous minerals to ruin the digestion and add to, rather than relieve your sufferings. If your flesh does not heal readily when scratched, bruised or cut, your blood is in bad condition, and any ordinary sore is apt to become chronic. Send for our free book and write our physicians about your case. We make no charge for this service. THE SWIFT SPECIFIC CO., ATLANTA, GA.

"NERVE WASTE"

One of the most helpful books on nerve weakness ever issued is that entitled "Nerve Waste," by Dr. Sawyer, of San Francisco, now in its fifth thousand. This work of an experienced and reputable physician is in agreeable contrast to the vast sum of false teaching which prevails on this interesting subject. It abounds in carefully considered and practical advice, and has the two great merits of wisdom and sincerity.

It is endorsed by both the religious and secular press. The Chicago Advance says: "A perusal of the book and the application of its principles will put health, hope and heart into thousands of lives that are now suffering through nervous impairment."

The book is \$1 by mail, postpaid. One of the most interesting chapters—chapter XX, on Nervines and Nerve Tonics—has been printed separately as a sample chapter, and will be sent to any address for stamp, by the publishers, THE PACIFIC PUB CO., Box 2658, San Francisco.

FOR THE HOUSEWIFE

Hints to Housewives. Pantry shelves should be lined with white oilcloth, which is easily wiped clean with a damp duster and always looks fresh and nice.

Whoever gives out the weekly linen, whether mistress or maid, should be careful to observe that linen of a sort is used in turn—that is to say, if there are several sets of linen for the same purpose take for use each week that which has been longest in the cupboard, not the set that was returned last from the wash. In this way linen will in the ordinary course last for a much longer time than would otherwise be the case.

To impart to the kitchen tables that wonderful whiteness which some such tables possess no soap or soda should be used in cleaning them, but sand should be employed instead, this being briskly rubbed over the surface of the wood with hot water and rough brush. If whitewood tables are thus scrubbed, they will present a brilliant whiteness which will put to blush the appearance of a table scrubbed with soap and soda.

Quince Jelly. Quinces for jelly should be quite ripe, but they should not be fine yellow. Rub the down from them, core and cut them small. Put them in a preserving kettle with a teacupful of water for each pound. Let them stew gently until soft without mashing. Put them in a thin muslin bag with the liquor and press them very lightly. To each pint of liquor put a pound of sugar. Stir it until all is dissolved; then set it over the fire and let it boil gently until by cooling some on the plate you find it a good jelly. Then turn it into pots or tumblers and when cold secure as directed for jellies.

A Violent Attack of Croup Cured. "Last winter an infant child of mine had croup in a violent form," says Elder John W. Rodgers, a Christian evangelist of Filley, Mo. "I gave her a few doses of Chamberlain's Cough Remedy, and in a short time all danger was past and the child recovered."

"This remedy not only cures croup, but, when given when the first symptoms appear, will prevent the attack. It contains no opium or other harmful substance, and may be given as confidently to a baby as to an adult. For sale by City Drug Store."

Mop and Brush. One of the new patents is the invention of Edward Hilker of Chicago. It is calculated to be a help to the house-

COMBINATION MOP AND BRUSH.

wife, combining as it does in one instrument a scrubbing brush and a mop. When desired, the mop is pulled out of the way. At other times the brush serves to re-enforce the mop. But the most remarkable thing about the apparatus perhaps is a little crank on the handle, by the help of which the mop may be easily wrung out at any moment.

Pumpkins and Squash. Pumpkin pie has a tender hold upon the American heart, and as squash pie is its nearest kin it, too, comes in for a share of honors. Hubbard squashes may be reckoned among our most valued fruits. Fruits they are because they contain seeds. Only tubers and roots, such as potatoes, beets, turnips, carrots, onions, dare be called vegetables. To return to the squash question, few housekeepers comparatively have tried its virtues in any other shape than disguised with eggs, spice and cream in a pie filling. Sections of squash with the rind on set in the oven and baked are as delicious as sweet potato. Many serve the pieces still in the rind, and each butters, salts and peppers to taste. Stewed squash dressed with cream and butter and scalloped squash baked in the oven are both tempting dishes.

For Over Fifty Years Mrs. Winslow's Soothing Syrup has been used for children while teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. Twenty-five cents a bottle. Sold by druggists throughout the world.

Benefits of Fall Plowing. Fall plowing is to be commended not only because it makes plant food already contained in the soil more available for next year's crop, but stores up much more rainfall as well, says a New York farmer. Thus the land is put in better condition to withstand drought during the next season than if it had remained unplowed through the winter. The land is also ready for replowing much earlier in the spring.

The Swill Barrel. The swill barrel is the source of much of the trouble with hogs. As it is seldom or never cleaned it soon becomes reeking with putrid, filthy matter and infested with countless millions of germs. Many of the so called cases of hog cholera could be traced to the old swill barrel. Keep the swill in covered buckets, feed it out each day and treat the pails frequently to scalding water.

Time to Spread Manure. The best and most economical way to use manure is to spread it where wanted after the hot weather is past and before the ground is frozen, says a Massachusetts farmer in New England Home-stead. I do not like to see it spread on the frozen ground and snow. There must be too long a great loss by washing and drying ere it can be absorbed by the ground.

The Children's Friend. You'll have a cold soon. May be you have one now. Your children will suffer, too. For coughs, croup, bronchitis, grip and other winter complaints One Minute Cough Cure never fails. Acts promptly. It is very pleasant to the taste and perfectly harmless. C. B. George, Winchester, Ky., writes: "Our little girl was attacked with croup late one night and was so hoarse she could hardly speak. We gave her a few doses of One Minute Cough Cure. It relieved her immediately and she went to sleep. When she awoke next morning she had no signs of hoarseness or croup." City Drug Store, Jacksonville, and Dr. J. Hinkle, Central Point.
