The American Mining Code, standard authority on all subjects pertaining to mining, water-rights, etc., is kept on hand at THE TIMES office.

The Bonanza mine, located not far from Baker city, keeps up its reputa-tion as a producer. The November clean up is said to be in the neighbor-hood of \$60,000. In addition to this large sum there is a big output of concentrates, which is said to be rich.

A mammoth quartz mine, carrying values in both free gold and sulphurets, has just been discovered in the Dry Diggings district, three miles east of Grant's Pass. H. C. Perkins, a mining engineer, and A. J. Pike are the discoverers. The ledge breaks off on the bank of Rogue river, and, cutting through and under the Dry Diggings hydraulic mines, takes a due northerly course for Jones and Louse creek districts a number of miles distant. In its immensity and value it surpasses anything of this nature hitherto uncovered on the Pacific coast.
