It is predicted that Gov. Geer and all of the present state officials, with the exception of State Printer Leeds, who already has had two terms, will be renominated by the Republican convention.

The Times regrets very much to announce the death of Gov. Rogers of Washington. He died at Olympia of pneumonia, after a short illness. Gov. Rogers was an able, honest official, whose loss will be felt severely by the taxpayers of our sister state. He was elected a fusionist; but his successor, Mr. McBride, is a Republican.

The government of Germany, in its proceedings for the collection of a claim which the government of Venezuela, with fatuous obstinacy, refuses to meet, appears to have been considered of the position occupied by the United States as the unofficial guardian of the republics of the new world—in fact, to have made obeisance to the Monroe doctrine. Washington dispatches say that the United States has been informed exactly by Germany of what she proposes to do, and also that a guarantee is given that any occupation of Venezuelan soil which may be found necessary shall not be permanent. The United States has every reason to be satisfied with this status of affairs.

SENATOR MITCHELL offered three important amendments to the Philippine tariff bill. The first amendment aims to place on the free list all wood and other vegetable materials, lumber, furniture and manufactures of wood; also all meats, fish, cereals, grain, flour, dried fruits and vegetables and preparations of the same; seeds and forage, and a variety of other similar articles, all of which under the House bill are made subject to the duty imposed by the Taft Commission war revenue act. In addition, this amendment intends to limit duties on all other articles which are imported into the Philippine Islands from the United States to just 50 per cent. of the duties levied by the House bill. The second amendment is to limit the duty on all articles coming into the United States from the Philippines to 50 per cent. of the Dingley rates of duty, which are levied by the recent House act. The third amendment strikes out the provision levying a tonnage tax on all vessels coming into the United States from the Philippines.

COL. W. J. BRYAN recently made a visit to Mayor Johnson of Cleveland, during which both attended and briefly addressed a pro-Boer meeting. Both expressed themselves heartily in favor of the cause of the South African republics. Concerning the Democratic platform, Mr. Bryan said he thought it too early to forecast such a document; but believed the party would stand by what it has fought for in the last two campaigns, and that the money plank would be included in the platform. Regarding his own candidacy for the presidency, he said that he was not a candidate for anything. Asked if he considered Mayor Johnson the logical candidate for the Democratic nomination for the presidency in 1904, Mr. Bryan said: "There is nobody in the United States who is at present qualified to name the Democratic candidate. It hardly would be proper for me to assume the right to discuss any particular candidate at present. This is because I am not prepared to discuss the relative merits of men who might be associated with the Democratic nomination."

PRESIDENT ROOSEVELT and Secretary Root have realized that a political and military mistake was made when they censured General Miles for his endorsement of Admiral Dewey's position in the Schley case. Mr. Roosevelt keenly regrets that his personal insult to Miles should have been printed in the papers, and has determined that he must square himself with the public and appease the General, who is preserving an ominous silence. Hence, at the reception at the White House, on New Year's day, when Miles, commanding the U. S. army, headed the long line of army officers resplendent in blue and gold lace. He was cordially received by President and Mrs. Roosevelt. Still smarting under the pain of a personal and public rebuke by the chief officer of the land, the face of the old warrior was pale and stern as he approached and acknowledged the greetings extended to him in a purely official and perfunctory manner. When Gen. Miles had passed from the line it was a signal for a great ovation to him, and diplomats and prominent public men joined in the rush to grasp his hand and wish him a happy New Year. Some of the diplomats were especially demonstrative in their greetings and overwhelmed him with their attentions. Gen. Miles received their demonstrations graciously, and soon retired from the White House to his own home, and the reception there was practically a repetition of the scene.

THE JACKSONVILLE-MEDFORD FOOT BALL GAME.

OBSERVATIONS BY ONE WHO WAS THERE.

The Medford Enquirer makes a vicious, unwarranted and cowardly attack upon the members of the Jacksonville foot-ball team and the official time-keeper of the game between the Jacksonville and Medford elevens which was played Christmas day. Among other things, the article charges that but six of the members of the Jacksonville team are from Jacksonville, and that Medford was beaten by a combined aggregation from Southern Oregon. This statement is untrue, and the editor of the Enquirer knew that it was false at the time he allowed the article to be printed. Every member of the Jacksonville team is a resident of our town, with the exception of Free (who makes his home here when not employed) and nearly all of them are boys who have been raised at the county-seat.

The screed was so absurdly untrue that in the next issue the Enquirer man acknowledged that all but one of the Jacksonville team belonged to our town; but, not having principle enough to withdraw his other charges, it becomes our duty to recognize his sheet long enough to refute them.

In the first place, before the game was called, the captains of the two teams agreed that Medford should have the privilege of playing Beeson of Talent and that Jacksonville should have the privilege of playing Free. The article goes on to say that in the second half Jacksonville used slugging tactics, and that it would be hard to find a better lot of would-be scrappers than those in the aggregation from Jacksonville, etc. It is very strange that the officials of the game, who are honest and disinterested citizens from Ashland, and who understand all of the rules, would have permitted Medford to have been beaten in this manner. It is also peculiar that not a single member of Medford's team will bear Mann out in any of these assertions. Each and all of them are unanimous in saying that it was a good, hard-fought, square game of foot ball, and that the best team won.

As to the time-keeper extending the time 15 or 20 minutes, as claimed by the Enquirer, the charge is as ridiculous as it is false. It is provided in the rules that the period intervening when "time" is called by the referee and "play" is called shall be taken out. The officials frequently were compelled to call "time," as the bystanders crowded upon the field so much that it was almost impossible for the players to play. One of the time-keepers was from Medford, and it is doing him an injustice to say that he allowed Mr. Kull to bunco him out of 15 minutes in a 30-minute half. Jacksonville won fairly, and all of them have been under the training of Prof. E. E. Washburn, one of the best coaches in Southern Oregon, and to him more than anyone else is due the victory. He did not attempt to teach fake plays nor pretty grandstand ball. He coached the boys to play good, hard, scientific foot ball, which in the second half showed Medford up in a very weak light.

We are sorry that such unjust charges have been made to detract from the victory won by the Jacksonville team, and we hope that under the advice and at the special request of the Medford team, in the future games played between Medford and other towns, the editor of the Enquirer can be persuaded to go 'way back and sit down, and not make a fool of himself.

Child Worth Millions.

"My child is worth millions to me," says Mrs. Mary Bird of Harrisburg, Pa. "yet I would have lost her by a group had I not purchased a bottle of One Minute Cough Cure." One Minute Cough Cure is sure relief for coughs, croup and throat troubles. An absolutely safe cough cure which acts immediately. The youngest child can take it with entire safety. The little ones like the taste and remember how often it helped them. Every family should have a bottle of One Minute Cough Cure handy. At this season especially it may be needed suddenly. City Drug Store, Jacksonville, and Dr. J. Hinkle, Central Point.

MEDFORD SQUIBS.

Miss Jo Orth of Jacksonville visited in Medford Tuesday.

Judge Hanna and Miss Rose Brentano of Jacksonville were in Medford one day this week.

A. S. Hammond has gone to Klamath Falls, to attend circuit court for Klamath county.

Mrs. J. G. Van Dyke and her daughter, who were among the holiday excursionists, will remain in California awhile.

Sixteen candidates for admission were initiated at the last meeting of our Rebekah degree lodge. Several members of the order from Jacksonville assisted in the initiation.

A. T. Markley of Portland, who formerly resided in Medford, has sued Julia Markley for a divorce, on the ground of desertion, alleged to have occurred 10 years ago. They were married in Missouri in 1866.

Our Odd Fellows and Rebekah degree lodges held a joint installation Wednesday night, which was a handsome affair. A number of members of the order from Jacksonville and Ashland were also present, and all enjoyed themselves.

Chas. E. Wolcott, who started the Medford Monitor several years ago, is now residing in Chicago with his family. The Guard says that he is in the employ of the Success. Pub. Co., and recently sent a draft for \$330 to one of his creditors.

MINING NEWS.

Operations have been resumed at the Seattle Co-operative Mining Co.'s mines in Watkins district.

Notices for the location of placer and quartz mines, etc., up-to-date and complete, for sale at THE TIMES office.

The placer mining season, which began so auspiciously, promises to be one of the poorest known in many years.

Miners' liens, deeds to mines, water-right locations and other mining blanks always on hand at THE TIMES office.

The American Mining Code, standard authority on all subjects pertaining to mining, water-rights, etc., is kept on hand at THE TIMES office.

For sale: 225 feet of 7 1/2-inch pipe, 12-inch taper, 2 elbows, No. 1 giant, with nozzles. All in good order and used but little. Enquire at THE TIMES office.

We are informed that D. H. Harrell and J. Willits have purchased the Joe Creek property, belonging to Judge McMuray of Tacoma and others. The price paid is said to be \$2,500.

It is reported that the Behram property, situated in Meadows district, and comprising 800 acres of cinnabar ground, which has been under bond for a large sum by an English company for several months, is to be transferred soon. The company will put in an extensive and complete plant for extracting mercury from the ore, which promises good returns.

There is no limitation by law of the number of claims either lode or placer, which one person, properly qualified according to law, can locate on one placer deposit or on one lode. A discovery location on a lode can be located. It is essential, however, to make the location of the latter valid, that there shall be discoveries on—that is to say, they cannot be located on faith alone as extensions; but must have on them valuable mineral which is discovered by the locator.

The year 1901 in the San Francisco Mint marks the record for all mints of this country in regard to the volume of money made in one year. There was at noon Jan. 21 \$141,797,558.70 of United States money and bullion in charge of Superintendent Leach. The coinage for 1901 at that mint is a little in excess of \$1,000,000, of which \$78,000,000 is gold coin and \$3,000,000 silver coin. The next highest amount ever coined by any one mint was that of the Philadelphia Mint in 1881, when the amount coined was \$76,997,125.50.

A quartz vein, the ore of which yields an average of from 35 to 50 cents per ton in free gold, has been uncovered in the Dry Diggings district, situated east of Grant's Pass, by Andrews Brothers. The discovery was made by the continued sinking of a shaft beneath a pocket. Instead of ceasing work, as most prospectors do, after the pocket was emptied, these men sank down, struck a rich ochre seam, which on being followed developed. Drives out the first steps of six inches, at a depth of only 10 feet. The ledge at this depth is a soft, crumbling stuff, with the free gold richly sprinkled through all parts of it.

Children Especially Liable.

Burns, bruises and cuts are extremely painful, and if neglected often result in blood poisoning. Children are especially liable to such mishaps, because not so careful. As a remedy DeWitt's Witch Hazel Salve is unequaled. Draws out the fire, stops the pain, soon heals the wound. Beware of counterfeits. Sure cure for piles. "DeWitt's Witch Hazel Salve cured my baby of eczema after two physicians gave her up," writes Jas. Moeck, N. Webster, Ind. "The sores were so bad she soiled two or five dresses a day." City Drug Store, Jacksonville, and Dr. J. Hinkle, Central Point.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits

by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Name of Swamp-Root, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Saint Helen's Hall... PORTLAND, OREGON. (Founded 1869.) A Boarding and Day School for Girls. MUSIC, ART AND ELOCUTION. This School offers to girls a broad and thorough education, combined with the advantages of a beautiful and refined home. It occupies a large and attractive building in the immediate vicinity of the City Park. The sanitary condition of the premises has been made a matter of special attention. The best chambers, class and recitation rooms are large and thoroughly ventilated; and the construction of the building is such that every room is open to the sunlight. The greatest care has been taken to provide all the necessary appointments of a well-equipped school, and to furnish every facility for training pupils in the most approved methods. The aim of the school is to give thorough and well-rounded instruction to girls and young women, fitting them for college when that is desired, and to aid in the development of true and womanly character. The Fall term opens September 16, 1901. A faculty of twenty competent teachers insures for children and young women that individual care and instruction necessary to the best results. There are four skilled teachers in the Music Department alone, specialists in Art and Oration, and native teachers in French and German. Provision is made for all athletic games suitable to women, as tennis, croquet, basket ball bicycling and horseback riding. A gymnasium, 50x100 feet, is in process of construction which will offer still more opportunity for a healthful exercise. For illustrated catalogue apply to MISS ELEANOR TEBBETTS, Principal.
