### A Profitable Investment.

"I was troubled for about seven years with my stomach and in bed half my time," says E. Demick, Somerville, Ind. "I spent about \$1000 and never could get anything to help me until I tried Kodol Dyspepsia Cure. I have taken a few bottles and an entire wall. You live by what you digest and assimilate. If your stomach doesn't digest your food you are really starving. Kodol Dyspepsia Cure does the stomach's work by digesting the food. You don't have to diet. Eat all you want. Kodol Dyspepsia Cure cures all stomach troubles. City Drug Store, Jacksonville, and Dr. J. Hinkie, Central Point.

### The Trip of the Season.

A winter trip to southern California and Arizona via the famous Shasta Route is one never to be forgotten. Renewed acquaintance with this section will ever develop fresh points of interest and added sources of enjoyment under its numberless resorts of mountain, shore, valley and plain. Two trains leave Portland daily, morning and evening, for California. These trains are equipped with the most improved pattern of standard and tourist sleeping cars, and the low rates place the trip in reach of all. For illustrated guides California and Arizona winter resorts address R. B. MILLER, Gen'l Pass. Ag't, Portland, Or.

### Children Especially Liable.

Burns, bruises and cuts are extremely painful, and if neglected often result in blood poisoning. Children are especially liable to such mishaps, because not so careful. As a remedy, DeWitt's Witch Hazel Salve is unequalled. Draws out the fire, stops the pain, soon heals the wound. Beware of counterfeits. Sure cure for piles. "DeWitt's Witch Hazel Salve cured my baby of eczema after two physicians gave her up," writes Jas. Mock, N. Webster, Ind. "The sores were so bad she could not get up or dress a day." City Drug Store, Jacksonville, and Dr. J. Hinkie, Central Point.

### The Sacred Bone.

The bone lux, or the "resurrection bone," is at the lower extremity of the spinal column. The Jewish rabbis taught that it was incorruptible, and from it, as from a seed, the human body would spring at the resurrection. There is a Jewish tradition that the Emperor Hadrian questioned a rabbi as to the existence of this bone and was convinced by the production of one by the Jewish teacher. Various attempts were made to destroy it. It was cast into a furnace and came forth unscathed; it was steeped in boiling water, but remained unsoftened; it was smitten with a hammer, and the hammer was broken. Some trace of the former reverence for the bone is found in the modern name.

### Tried to Improve.

A little girl who made frequent use of the word "guess" was corrected for it and told to say "presume" instead. A lady friend, noticing the admirable set of the little girl's apron, asked something in regard to the pattern. "Mamma don't cut my dresses an' aprons by a pattern," said the small lady. "She just looks at me an' presumes!"

### Well Forged.

Joakley—I understand there's considerable talk now in naval circles about some orders that were forged very skillfully.  
Coakley—Aha! Another scandal, eh?  
Joakley—Oh, no. They were orders for some eight inch guns.—Exchange.

### Advice as to Roasting a Turkey.

"Ninety-nine women out of every hundred, ninety-nine cooks out of every hundred, will bake a turkey with the back to the pan," said a New Orleans man who keeps in touch with the kitchen, "and this is a mistake. A famous French cook I know never thinks of baking a turkey with the breast up. The breast is turned to the bottom of the pan and instead of being dry and tasteless when it is served is richly flavored and as sweet and juicy as one would care to have it. You see, all the fine flavoring of the turkey, the juices of the dressing and all the dainties teem down toward the breast of the fowl, and when the white meat is served you get the full benefit of every flavor added during the process of preparing and baking the turkey, in addition to the distinctive taste of the fowl itself.

"Inconvenient and awkward! Not at all. It is just as easy to cook a turkey in this way as in any other way, and the result is infinitely more satisfactory. It is no trouble to arrange the fowl in the pan. If you desire to place the fowl on the table before carrying it, you will find that it will look quite as well as it would if baked in the usual way, and certainly it will taste much better than it would if you baked the breast until it was dry and flavorless."  
—New Orleans Times-Democrat.

### Snails Are Queer Creatures.

The snail is found everywhere, 3,332 species being known, serving in France as an important item of diet and in this country an attractive inhabitant of the fernery. Some of the large tropical snails, as bullsnails, form nests of leaves, their eggs being as large as a pigeon's.

The snail is extremely skillful in bending its shell, and some curious experiments may be tried with them. Thus I have seen a helix of a yellow species attached to another shell of a reddish hue by cutting off the top whorl of the latter, when the snail will proceed to weld the two shells together and occupy both, using the addition as a door and possibly working at this sudden extension of its house.

In the winter some of the snails hibernates or lie dormant until warm weather, just as the snakes do in California. A snail of the Philippine islands has a faculty of throwing off its tail when seized. This is also true of a West Indian variety—stenopus.

## Getting Thin

is all right, if you are too fat; and all wrong, if too thin already.

Fat, enough for your habit, is healthy; a little more, or less, is no great harm. Too fat, consult a doctor; too thin, persistently thin, no matter what cause, take Scott's Emulsion of Cod Liver Oil.

There are many causes of getting too thin; they all come under these two heads: over-work and under-digestion.

Stop over-work, if you can; but, whether you can or not, take Scott's Emulsion of Cod Liver Oil, to balance yourself with your work. You can't live on it—true—but, by it, you can. There's a limit, however; you'll pay for it.

Scott's Emulsion of Cod Liver Oil is the readiest cure for "can't eat," unless it comes of your doing no work—you can't long be well and strong, without some sort of activity.

The genuine has this picture on it, take no other.

If you have not tried it, send for free sample, its agreeable taste will surprise you.
