

## JOSEPHINE COUNTY ITEMS.

Marcus Robbins has begun the practice of law in Grant's Pass.

E. G. Borden, the sage of Woodville, was at Grant's Pass Saturday.

J. R. McKnight, our popular grocer, has been joined by his wife.

Will Anderson has been appointed supervisor of Selma road district.

Elisha Frankum has been granted license to run a ferry across Rogue river.

N. Heberlie, a prominent business man of Chico, Calif., has been visiting his brother, L. A. Heberlie.

Eighty-two coyote scalps were presented to County Clerk Bartlett during the four months ending Dec. 31, 1901.

J. T. Logan, the genial superintendent of the Simmons-Cameron mines, spent a few days in Grant's Pass last week.

Geo. S. Calhoun and his family, who are spending the winter in California, expect to return to this section in the near future.

Miss Lena Carter returned to Josephine county from Sisson, Calif., where she has been employed for some time past.

Henry Popkin of the Grant's Pass Bottling Works was in the upper valley last week, interviewing his numerous customers.

The Grant's Pass Choral Union is rehearsing "The Haymakers," a superior cantata, which will be presented in the near future.

M. F. Hull is manipulating the ribbons on Lister & Calvert's stage line between Grant's Pass and Waldo, and giving general satisfaction.

Jesse Coffey of Gold Hill was at Grant's Pass last week. He recently purchased 10 acres of the Chavner place, paying \$80 an acre therefor.

J. C. Mason, the well-known wheelwright, has returned from Walla Walla, where he has been visiting his daughter, who has been quite sick.

Jeff Roberts, who was a railroad employe for many years, is visiting Grant's Pass. He is now engaged in raising horses near Angel's Camp, Calif.

E. D. and S. M. Weston have rented the Patton and Denise hop yards, and will operate them during the coming season. The former has leased his photograph gallery.

Grant's Pass Live of the Ladies of the Maccabees installed its newly-elected officers Thursday night. Mrs. E. A. Sherwin of Ashland, the efficient district deputy, who organized it, was in attendance. All present had a time time.

Baker Bros., the enterprising proprietors of the Grant's Pass laundry, have put a wagon in service that is probably the handsomest one of the kind in the state. It was built especially for them by S. T. Garrison, the expert wheelwright.

Martin Heston of Grant's Pass, who is playing half-back in the Michigan University's team with success, has been selected as one of the members of the All American football aggregation, which will tour the country. This is quite an honor.

Geo. W. Lewis of Wilderville has been appointed roadmaster of Josephine county for 1902, in accordance with the new law, at a salary of \$250 per day actual working time. It is an excellent appointment, as he is well qualified to fill the position.

The match race run by B. B. Baber's The Wooster and G. Sweetland's Alpha Lee on the Grant's Pass Racing Association's track, Jan. 12th, was won by the former by two lengths. The distance was a quarter of a mile, which was run in 24 seconds, good time considering the condition of the track.

Prof. Joel Mueller, who is here in the interests of the Allen & Gilbert Co., and is an accomplished musician, will give a grand concert at the opera house Jan. 27th for the benefit of J. N. Frazer's little girl, who was so badly burned recently. The best talent in Grant's Pass will participate, and the public should and will liberally patronize it.

The conviction of Frank McCann, who shot D. Halliday of San Francisco at Hotel Layton several months ago, gives general satisfaction. It was a miracle that the victim of his wrath did not die, as the bullet struck him in the head, inflicting a dangerous wound. The evidence disclosed that McCann had been an inmate of the California penitentiary and was a bad man.

The joint installation of the Odd Fellows and Rebekah degree lodges of Grant's Pass was quite interesting and well attended. The following officers were installed: Golden Rule Lodge—N. G. I. M. Davis; V. G. C. H. Marshall; Rec. Sec. T. Y. Dean; Fin. Sec. B. A. Williams; Treas. Joseph Moss; War. H. L. Wells; Con. J. W. Patton; I. G. E. N. Provost; R. S. N. G. F. H. Schmidt; L. S. N. G. H. Lewis; R. S. N. G. H. Bebb; L. S. N. G. J. Wilson; R. S. N. G. H. Moran; Powell; L. S. V. G. A. S. Greene; Ena Rebekah Lodge—N. G. E. Hartman; V. G. Mae Davis; Rec. Sec. Jennie Dennison; Fin. Sec. Myrtle Ireland; Treas. Emma Smith; Con. Alice Smith; War. Mrs. Greene; Chap. Edith McGregor; Guar. Elsie Greene; R. S. N. G. Luella Dean; L. S. N. G. Minnie Ireland; L. S. V. G. Mrs. I. M. Davis.

## Women and Jewels.

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted jewel, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boechie's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes, and drive the bread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get Dr. G. Green's reliable remedies at City Drug Store. See Green's Special Almanac.

## CENTRAL POINT POINTERS.

Lee Ingram was at the county-seat a short time since.

Mrs. M. M. Cooksey was a recent visitor in Sam's Valley.

Mrs. K. Morris spent a few hours at Jacksonville one day last week.

Mrs. E. Ross was recently the guest of her daughter, Mrs. M. L. Stanley of Ashland.

D. Lynes and his family have gone to Siskiyou county, Calif., to reside near Callaban's.

John Olwell last week attended a meeting of the regents of the Oregon Agricultural College, of which body he is a member.

Rev. Mr. Heweratt of Portland, the Baptist minister, who was to have begun a revival here, failed to put in an appearance.

Fred Roper of Placer and his wife were at Central Point recently, attending the funeral of the latter's grandmother.

Mrs. Will. Owen of Hornbrook, Calif., who has been visiting at Central Point, has returned home, accompanied by her sister, Miss Mattie Lee.

Mrs. F. M. Amy returned from a trip to Pagosa Junction, Colorado, recently, accompanied by her sister, Mrs. Tschudy, who recently lost her husband. Mr. Amy met them at Ashland.

The funeral of the late Mrs. I. B. Williams was attended by a large number of friends of the deceased. Rev. E. B. Lockhart conducted the services and preached an impressive sermon.

One of the most delightful social functions ever held in Central Point was that given at the residence of Mr. and Mrs. J. M. Gibson by their daughter, Mrs. J. C. Robnett, and Miss Nora Sydow. The decorations were profuse and beautiful, and the programme arranged quite entertaining. The hostesses have every reason to congratulate themselves.

The contest between Central Point lodge of the A. O. U. W. and that of Gold Hill, to see which would secure the most members during a given time was won by our lodge by a score of 13 to 3. The losers consequently invited their successful competitors to partake of a banquet set Monday of last week. About forty members of the order from this place and its vicinity accepted the invitation. All thoroughly enjoyed themselves and speak highly of the affair.

## MINING NEWS.

Miners' liens, deeds to mines, water-right locations and other mining blanks always on hand at THE TIMES office.

Notices for the location of placer and quartz mines, etc., up-to-date and complete, for sale at THE TIMES office.

The American Mining Code, standard authority on all subjects pertaining to mining, water-rights, etc., in kept on hand at THE TIMES office.

For sale: 225 feet of 7 1/2-inch pipe, 12-inch taper, 2 elbows, No. 1 giant, with nozzles. All in good order and used but little. Enquire at THE TIMES office.

C. D. Crane, an expert miner, is developing the old Lucky Queen mine, located in Jump-off-Joe district. The prospects are favorable and he is quite hopeful of success.

The Gold Bug mine, situated in Mt. Reuben district, has reached a depth of 300 feet, and the ore is showing up better than ever. Twenty-five men are employed there, who keep the 5-stamp mill busy. A cyanide plant was recently installed there, and a steam hoist will soon be put in.

The first quartz mill in Dawson is now running every day. It is no longer looked upon as a venture, and handles an average of twenty tons of ore per day, the yield per ton being \$78. The mill is overwhelmed with order, and the tailings are allowed to pass into the river. During the coming summer a larger mill will be made for catching other than the free gold. At the head of Victoria there is said to be enough ore in sight to keep the mill running for years.

A subscription list, to raise funds for the establishment of a chamber of mines in Grant's Pass, was circulated recently and nearly \$300 secured in a short time. Such an enterprise would prove of great importance to the mining interests of Josephine county. The S. P. Co. has leased the corner lot of the railroad park, near the depot, free of charge for the chamber of mines, and if it is established General Agent Miller will make arrangements so that trains will stop longer and allow passengers plenty of time to examine the exhibit.

A gold nugget that weighed 82.18 ounces, troy weight, was melted at the U. S. assay office in Montana lately. It was the largest piece of virgin gold ever received at the local assay office of the government, and probably one of the biggest nuggets ever found in the world. Its exact value had not been estimated; but experts at the assay office said it would be about \$1400. The nugget was brought to the assay office by Thomas Raymond, who informed B. H. Tatem that he had taken it out of the diggings in Alder Gulch. An effort was made by a local bank to buy it for exhibition purposes; but an agreement could not be reached as to terms, since its intrinsic value could not be known until it had been assayed.

**Thousands Sent into Exile.**

Every year a large number of poor sufferers whose lungs are sore and racked with coughs are urged to go to another climate. But this is costly and not always sure. Don't be an exile when Dr. King's New Discovery for consumption will cure you at home. Its most infallible medicine for coughs, colds and all throat and lung diseases on earth. The first dose brings relief. Astounding cures result from persistent use. Trial bottles free at City Drug Store.

## The Commoner.

(Mr. Bryan's Paper.)

The Commoner has attained within six months from date of the first issue a circulation of 100,000 copies, a record probably never equalled in the history of American periodical literature. The unparalleled growth of this paper demonstrates that there is room in the newspaper field for a national paper devoted to the discussion of political, economic and social problems. To the columns of The Commoner Mr. Bryan contributes his best efforts; and his review of political events as they arise from time to time can not fail to interest those who study public questions. The Commoner's regular subscription price is \$1.00 per year. We have arranged with Mr. Bryan whereby we can furnish his paper and THE WEEKLY TIMES together for one year for \$2.00. The regular subscription price of the two papers when subscribed for separately is \$2.50.

## NERVE WASTE

One of the most helpful books on nerve weakness ever issued is that entitled "Nerve Waste," by Dr. Sawyer of San Francisco, now in its fifth thousand. This work of an experienced and reputable physician is in agreement with the vast mass of false teaching which prevails on this interesting subject. It should be carefully considered and practical advice, and has the two great merits of wisdom and sincerity.

It is endorsed by both the religious and secular press. The Chicago Advance says: "A perusal of the book and the application of its principles will put health, hope and heart into thousands of lives that are now suffering through nervous impairment."

The book is \$1 by mail, postpaid.

One of the most interesting chapters—chapter xx, on Nerves and Nerve Tonic—has been printed separately as a sample chapter, and will be sent to any address for stamp, by the publishers, THE PACIFIC PAPER CO., Box 2008, San Francisco.

## Get the Almanac that Predicted the Galveston Storm.

The Ladies' Birthday Almanac for 1902 has been distributed in our town. This publication achieved great prominence in September by its accurate prediction of the Galveston storm. The New York Times of Sep. 13th said: "Galveston's disastrous storm was predicted with startling accuracy by the weather prophet, Andrew Jackson DeVoe, in the Ladies' Birthday Almanac issued in Chattanooga, Tenn., last January." It is so different from the ordinary cheap patent medicine almanac that it has become very popular, and now has a circulation of 15,000,000 copies annually. Our readers who have not received a copy of the 1902 edition can get it from their merchant or by sending their address to the Ladies' Birthday Almanac, Chattanooga, Tenn.

## County Commissioners' Court.

**JANUARY TERM.**

Jack True, having resigned as road supervisor of district No. 2, 1. Homes has been appointed to fill the vacancy. It was ordered that E. DeRoomb, hospital contractor, hereafter be paid \$4 a week for each patient in the county hospital.

The road easement prayed for by W. F. Songer of Ashland and others was ordered established.

It was ordered that A. J. Daley be authorized to furnish Mrs. Laura Dawson and her family goods to the amount of \$6 a month for three months.

S. G. Van Dyke of district No. 6 was allowed a rebate of \$8 on his road tax, for using wide-tired wagons. The sales of property for delinquent taxes for the years 1897, 1898, 1899 and 1900, were confirmed. The reports of the different county officers were approved.

A tax of 25 mills on the taxable property returned by the assessor, for 1901, for state, county, school and other purposes, was levied.

It was ordered that A. D. Burton, a veteran be admitted to the county hospital, his pension to be used toward paying his maintenance there.

The O. & C. R. Co. having paid into the county treasury \$123.76, amount due for road taxes for the years 1896, 1897 and 1898, the treasurer was ordered to receipt that corporation in full therefor.

Bills to a considerable amount were audited.

## A Boarding and Day School for Girls.

MUSIC, ART AND ELOCUTION.

This School offers to girls a liberal and thorough education, combined with the advantages of a beautiful and refined life. It occupies a large and attractive building in the immediate vicinity of the City Park. The sanitary condition of the premises has been made a matter of special attention. The bed chambers, baths and recreation rooms are large and thoroughly ventilated; and the construction of the building is such that every room is open to the sunlight. The greatest care has been taken to provide all the necessary appointments of a well-equipped school, and to furnish every facility for training pupils in the most approved methods. The aim of the school is to give thorough and well-rounded education to girls and young women, fitting them for college when that is desired, and to aid in the development of true character.

The Fall term opens September 16, 1901. A faculty of twenty competent teachers insures the best results.

There are four skilled teachers in the Music Department alone, specialists in Art and Elocution, and native teachers in French and German.

Provision is made for all athletic games suitable to women, as tennis, croquet, basket ball, bicycling and horse-back riding. A gymnasium, 50x100 feet, is in process of construction which will offer still more opportunity for healthful exercise.
