Poison Oak Poison Ivy

are among the best known
of the many dangerous
wild plants and shrubs.
To touch or handle them
quickly produces swelling
and inflammation with
intense itching and burning
of the skin. The eruption
soon disappears, the suf-
ferer hopes forever; but
almost as soon as the blisters
and pustules appeared the poison had reached
the blood, and will break out at regular
intervals and each time in a more aggra-
vated form. This poison will loiter in the
system for years, and every atom of it
must be forced out of the blood before you
can expect a perfect, permanent cure.

SSS Nature's Antidote

FOR
Nature's Poisons,
is the only cure for Poison Oak, Poison
Ivy, and all noxious plants. It is com-
posed exclusively of roots and herbs. Now
is the time to get the poison out of your
system, as delay means your condition
worse. Don't experiment longer with
salves, washes and soaps—they never cure.

Mr. S. M. Marshall, bookkeeper of the Atlanta
(Ga.) Gas Light Co., was poisoned with Poison
Oak. He took Sulphur, Eucalypti and various
other drugs, and applied externally numerous
lotions and salves with no benefit. At times the
swelling and inflammation was so severe he was
almost blind. For eight years the poison would
break out every season. His condition was much
improved after taking one bottle of S. S. S., and
a few bottles cleared his blood of the poison, and
all evidences of the disease disappeared.

People are often poisoned without
knowing when or how. Explain your case
fully to our physicians, and they will
cheerfully give such information and ad-
vice as you require, without charge, and
we will send at the same time an interest-
ing book on Blood and Skin Diseases.

MOTHERHOOD

The greatest ambition of Ameri-
can men and women is to have
homes blessed with children. The
woman afflicted with female dis-
ease is constantly menaced with
becoming a childless wife. No
medicine can restore dead or-
gans, but Wine of Cardui does
regulate derangements that pre-
vent conception; does prevent
miscarriage; does restore weak
functions and shattered nerves
and does bring babies to homes
barren and desolate for years.

Wine of Cardui gives women the
health and strength to bear healthy
children. You can get a
dollar bottle of Wine of Cardui
from your dealer.

WINE OF CARDUI

143 Market Street,
Memphis, Tenn., April 14, 1901.

In February, 1901, I took one bottle of
Wine of Cardui and one package of
Theodore's Black-Draught. I had been
married fifteen years and had never
given birth to a child until I took Wine
of Cardui. Now I am mother of a fine
baby girl which was born March 15, 1901.
The baby weighs fourteen pounds and I
feel as well as any person could feel.
Now my home is happy and my life
is without Wine of Cardui in my house
again.

Placer Mine for Sale.

A good placer mine, containing
about five acres, including a comfort-
able dwelling-house, situated in Jack-
sonville, can be bought cheap, as the
owner wishes to leave the state. For
further particulars apply at THE
TIMES OFFICE.

Magnificent Dolls.

Three dolls, representing different as-
pects of Paris fashions, have been pre-
sented the three daughters of the em-
press of Russia, the Grand Duchesses
Olga, Tatiana and Xenia. The dolls
were the gift of a famous Paris dress-
maker, who lent all his skill to mak-
ing their attire beautiful and effective.
One doll is dressed for an evening party
in a gown of wheat colored mousseline
de soie, trimmed with lace of a
sage green shade. The mantle is of
beige colored cloth, lined throughout
with white satin. White embroidery
covers the lapels. A white gauze toque
adorned with feathers and diamonds
completes the costume. The second
doll is dressed as a yachtswoman, the
costume being made of white cloth. A
small "sweater" and golf cape complete
the effect. For the third doll a dress
of the time of Louis XV. was selected.
The gown is made of white satin, with
garlands of flowers festooned around
the bottom of the skirt by combina-
tions of ribbon. On the corsage flow-
ers are attached by velvet bows, and
mochlin lace gives an airy effect to the
costume. A large picture hat is gar-
landed with pompon roses, and the
flower effect is carried out even to the
white leather shoes, which have tiny
bouquets attached instead of jeweled
buckles.

Winter Care of Calves.

Fall calves should be kept in a warm,
dry, light stable and fed skim milk
until the following spring, says New Eng-
land Homestead. Skim milk, however,
should not form the entire ration. Oil-
meal is needed in place of the butter
fat removed and some crushed oats
and wheat bran to make growth. Sil-
lage, if you have it, or sweet clover
hay should be given daily in small
quantities. Calves for beef may have
some cornmeal.

Two Pig Litters a Year.

Why should a hog man be content
with one litter of pigs a year when he
can have two at no more cost? asks
Farm and Ranch. Encourage the two
litter a year habit in sows, and they
will live longer, do better and be pro-
ductive at a greater age than one litter
a year sows. It is the opinion of many
experienced hog men that sows will
bring more pigs at a litter twice a year
than once a year.

Wheat Screenings for Sheep.

In some feed tests carried on at the
Utah station with sheep to determine
the comparative value of wheat, frosted
wheat and wheat screenings it was
shown that it is more profitable to feed
the screenings than either good or
frosted wheat, cost considered.

Don't Live Together.

Constipation and health never go
together. DeWitt's Little Early Ris-
ers promote easy action of the bowels
without distress. "I have been
troubled with costiveness nine years,"
says J. O. Green, Depauw, Ind. "I
have tried many remedies but Little
Early Risers give best results." City
Drug Store, Jacksonville, and Dr. J.
Hinkle, Central Point.

President Garfield's Widow.

Word comes from the Mentor (O.)
farm of the Garfields that the widow of
the former president, who is now well
on in years, is in a serious condition of
ill health. Her only daughter, the little
Mollie of the White House years ago,
now Mrs. J. Stanley Brown and the
mother of several children, has gone
with her family and mother to Califor-
nia for the possible benefit of the latter.
They have leased for the winter a beau-
tiful cottage on Orange Grove avenue
in Pasadena.

The Bonapartes.

Mrs. Jerome Bonaparte and her son,
Mr. Jerome N. Bonaparte, arrived at
their Washington home the other day,
after a visit of several months to the
Count and Countess de Moltke-Huitfeldt,
at their estate in Glorup, Den-
mark. Mr. Bonaparte is the third of
that name to be known in this country
and is the great-grandson of Jerome
Bonaparte, the Corsican, and younger
brother of Napoleon I., who, in 1803,
married the beautiful Baltimorean,
Miss Elizabeth Patterson.

By building some bedchambers in the
attic for women servants the presiden-
tial family have contrived to settle
themselves comfortably in the White
House and reserve one commodious
chamber for guests. Doubtless there
will be times when it would be conven-
ient to have two or more guest cham-
bers, but the Roosevelts may be trusted
to get along with such domestic dif-
ficulties without complaining.

A Cure for Lumbago.

W. C. Williamson of Amherst, Va.,
says: "For more than a year I suffered
from lumbago. I finally tried Cham-
berlain's Pain Balm and it gave me
entire relief, which all other reme-
dies had failed to do." Sold by City
Drug Store.

A Golf Story.

A well known Scotch "moonster"
took up golf and despite great practice
could not succeed in passing the tyro
stage. His simple exclamations of
"Tut, tut!" "Oh, dear, now!" "Well,
well!" and the like were plain evi-
dences of a perturbed spirit.

One day, when the perspiration flow-
ed freely from his lofty brow and his
honest countenance shone with a lus-
ter and radiance which, alas, were not
due to calmness of soul, but rather the
heat of the sun and his laborious ef-
forts to move the obstinate gutta
percha from its station on the tee, he
was tempted to indulge in strong lan-
guage. "Dear, dear, I'll have to
give it up! I'll have to give it up!" he
said at last, with a despairing look at
the ball.

"Give up the game, Mr. D.!" exclaimed
his friend, who had been a witness
of his attempts.

"Na, na—the moonster!" answered
the other, with a sigh.

The Best Prescription for Malaria.

Chills and Fever is a bottle of GROVE'S TASTE-
LESS CHINA TONIC. It is simply iron and quin-
ine in a tasteless form. No cure, no pay.
Price 50c.

Spiders' Webs.

The webs of those spiders which spin
snare out of doors, as the geometrical
garden spider, are formed of two sorts
of silk, one of which is used for the
main cables and the radiating threads,
the other for the concentric threads.
The latter are thickly studded with
minute globules of a viscous substance,
which retains the fly, gnat or moth
that may blunder against them, while
the former are quite dry and harmless.
A third kind of silk is produced by the
busy little spinner when some such
large insect as a wasp has become en-
tangled in the web and threatens to
break the delicate structure in its strug-
gles. This takes the form of an envelop-
ing mass, which is suddenly produced
and which effectually prevents any
further gyrations on the part of the
captured insect.—Cornhill Magazine.

A Giant Tree.

Near Dakar, in lower Senegal, is an
enormous baobab tree whose trunk
measures fully seventy-five feet in cir-
cumference at the base. The fruit of
the baobab, which grows abundantly
in Senegal, is called "monkey bread."
It is used by the natives for curdling
milk and as a specific for certain dis-
eases. Decoctions of the dried leaves
are also used as medicine. From the
bark strong cords are made, and the
gum that exudes from it is employed
as a salve. The root of the young baobab
is sometimes eaten by the natives.

A Household Sandbag.

A sandbag is a very useful thing to
have in the house. Dry the sand thor-
oughly in the oven and then make a
flannel bag about eight inches square.
Fill it with the sand, sew up the open-
ing carefully and cover the bag with
cotton or linen. This will prevent the
sand from sifting out and will allow of
the bag being quickly heated when re-
quired by placing it in the oven. Sand
holds heat a long time and is softer to
the feet of an invalid than the ordinary
hot water bottle.

Of Benefit to You.

D. S. Mitchell, Fulford, Md.: "Dur-
ing a long illness I was troubled with
bed sores, was advised to try DeWitt's
Witch Hazel Salve, and did so with
wonderful results. I was perfectly
cured. It is the best salve on the
market." Sure cure for piles, sores,
burns. Beware of counterfeits. City
Drug Store, Jacksonville, and Dr. J.
Hinkle, Central Point.

Pretty Sure Indications.

A story is told of a conscientious
ministerial golfer who had been offered
another pastorate, much better than
the one he held and with an ideal golf
course attached. The family were all
enthusiastic players. Happening to call
one day at the minister's dwelling a
friend of the family and a golfer him-
self met the daughter in the hall and
asked her, "Is your father going to ac-
cept the offer?" "Well," the girl re-
plied demurely, "papa is praying for
guidance in the library, and mamma is
up stairs packing."

Only One and Little of It.

Colonel Dutsey, an officer of volun-
teers during the civil war, was sent to
Sing Sing by sentence of court martial
for too free indulgence in a variety of
peccadilloes. "I am Count Dutsey,"
he said to the keeper of the prison by
way of introduction. "I speak five
languages"—He got no further, for
the keeper broke in upon him with the
explanation, "We speak but one lan-
guage here, and we want mighty little
of that."

A Saving Man.

"Bilkins got married rather sudden-
ly, didn't he?"
"Yes; somebody gave him a railway
pass to Bournemouth for two, and he
didn't want to waste it."—London Tit-
Bits.

Buenos Ayres is the largest city south

of the equator. Rio de Janeiro comes
next, and Sydney, New South Wales,
is a good third.
