EDITORIAL NOTES.

Monte Carlo Schwab says that an addition to our merchant marine is all that is necessary to enable us to control the markets of the world. His idea, of course, is that the proposed ship subsidy will do the business to a turn. If the trust of which Mr. Schwab is the head will reduce the price of steel, even to the point at which it sells abroad, the natural demand will result in the building of more new vessels than any ship subsidy bill that could be framed—certainly more than the measure apparently about to be forced upon the American people, despite their protest.

Jas. W. Brown, who for quite a number of weeks was on trial at Alturas, Modoc county, Calif., charged with participation in the lynching of four men and a boy at Lookout, ended in the acquittal of the defendant, although he was clearly guilty. It was probably the most sensational, ridiculous and remarkable trial that has been held on the Pacific coast in many years. It seems unlikely that the many other persons who have been indicted for the same crime will be tried, as it would be impossible to get a jury in Modoc county; and the laws of California do not provide for a change of venue on the part of the prosecution. The expense of Brown's trial was as large as the conduct of his attorneys and Judge Harrington was silly and outrageous.

The conference of the two houses of congress on the Philippine tariff bill reached agreement after one sitting, the representatives of the House accepting all but one of the material amendments made by the Senate. The amendment which was not accepted was that imposing the tonnage tax of the United States upon foreign vessels engaged in inter-island traffic in the Philippines. The House conferees also refused to accept the proviso connected with the Senate limiting the operation of the sedition laws of the Philippines, leaving that provision to declare simply that "no person in the Philippine islands shall, under the authority of the United States, be convicted of treason by any tribunal, civil or military, unless on the testimony of two witnesses to the same overt act or on confessions in open court."

CENTRAL POINT POINTERS.

Mrs Stidham has become a resident of Ashland.

Harry Caton and his wife have been visiting in Meadows precinct.

'Squire Jacobs, who has been a victim of la grippe, is convalescent.

The Sunset Telephone Co has moved its head quarters for Central Point to Dr Cole's office.

Frank Galloway has become landlord of the Central Point Hotel, taking charge last Monday.

The Eachus family, who are infected with what is called Manila itch, are still in quarantine.

Rev Mr Lockhart, our popular minister, is afflicted with the mumps. Dr Cole is attending him.

Wm Edington and his family have returned from Missouri, and will locate somewhere in the valley again.

D C Grim has left Southern Oregon. We learn that he will return to his former home in Missouri. Success to him.

The Meneley Quartette, who are said to hail from Chicago, gave an entertainment at the M E Church Tuesday night, which was well attended and gave general satisfaction.

Thos Beall is now located at Termo, Calif, where he holds a responsible position with the Nevada, California and Oregon railroad. We are glad to hear that his health is much improved.

Our town election takes place next Monday. The names of the following candidates will appear on the official ballot: For trustees, W J Freeman, Dr Cole, O R Pankey, J W Merritt, W C Leever, C C Gilchrist; recorder, A S Jacobs; treasurer, G S Moore; street commissioner, W A Owen; marshal, Bart Patrick, I C Kent.

TUNNEL CONTRACTS.

Sealed bids will be received up to noon on March 10, 1902, for the following tunnel work. The bids should be addressed to "The General Manager, Waldo S. & M. Co., Waldo, Oregon."

No. 1. Lyttle Tunnel. To be 500 feet long, more or less; 6 feet, 6 inches high, 4 feet, 6 inches wide at the bottom, and 3 feet, 6 inches wide at the top. Fully timbered throughout, said timbering to be peeled and of sound quality; to consist of caps, mudsills, posts and lagging; timber may be cut on the company's property without cost to the contractor.

No. 2. Cowboy Tunnel. To be 600 feet long, more or less; 6 feet, 6 inches wide at bottom and 3 feet, 6 inches wide at top. Fully timbered throughout; said timbering to be peeled, of sound quality, and to consist of caps, mudsills, posts and lagging; timber may be cut on company's property without cost to the contractor.

Contractors shall furnish everything necessary to the work, which shall be prosecuted in each case with not less than two shifts of miners each, trammers, timbermen and other help not included. Payments will be made the 10th of each month for work done the previous month, less 33⅓ per cent., reserved until completion of the contract. The work shall be done in the best possible manner and to the satisfaction of the General Manager or his representative.

The company will furnish all needed surveys and engineering data, which must be strictly adhered to. The General Manager must be fully satisfied as to the ability of the bidder to carry out his contracts, and expressly reserves the right to reject all bids. For further information apply to the company's offices at the mines near Waldo. Bidders should bid on each contract separately.

Health is Wealth.

Every variety of water treatment, massage, electricity, X-ray manual movements, rest cure, etc.; skilled nurses and manipulators of both sexes; elegant treatment rooms; beautiful location, quiet, every room and department steam-heated. Garden City Sanitarium, E. San Jose, Cal. Write for descriptive circular.

WANTED.

Intelligent young men, from 17 to 19 years of age, having common school education, to learn mechanical trades. For full information apply or write to Union Iron Works, 222 Market St., San Francisco.

MINING NEWS.

Fielder Bros., who are working Geo. Owings' claim, situated in Jackson creek district, recently picked up a nugget weighing $54.

Chas. Snow and Arthur Thompson, who are working the Pearce drift, in Poorman's creek district, last week unearthed a piece of gold worth $20.

Fred Reese and Thos. Sutton, prior to their departure for Northern California, sold their quartz mines—the Roaring Gimlet, the 92 and the Ida—to Wm. Mendenhall of Richmond, Ind., who represents Wm. Baisley of Trustee, Ind. The price given in the deed is $6000. They formerly extracted several thousand dollars from the first-named ledge.

W. H. Maultby and Ansel Gilson, who are working some new placer mines in Sterlingville precinct, think they have struck the old boulder channel that always pays so well. They have run a drift 180 feet long and found good pay dirt. It is coarse, some of the pieces weighing as high as $4 and $5 each.

The department of mining engineering at the U. of O. has recently expended $800 for an assaying outfit, consisting of a Union Iron Works rock crusher and a grinder, driven by a two-horse power electric meter, for preparing assay samples. Besides these a number of hand crushers and pulverizers, for the same purpose. The furnaces, which have a capacity of about 200 complete assays per day, or 12 fusions every 20 minutes, are all operated by gasoline from two central tanks, with a capacity of about 15 gallons each. The department also possesses three first-class assay balances, one of which will easily show as little as five tenths worth of gold to the ton of ore. The assay department is designed wholly for the purposes of instruction, and commercial work is not undertaken; but problems in assaying and metallurgy that are too difficult for the ordinary practicing assayer are sometimes welcome, in order to demonstrate the advantage of the scientific way of doing things, says the Guard.

DAVIDSON NEWS.

Ben Thurston, the miner, was here this week, examining the Tip-Top.

Fred Miller is exhibiting a nugget he recently picked up in his mine, valued at over $18.

All the placer miners in this district have fully recovered from a severe attack of the "blues" by taking freely of the copious February rains.

The Mountain Lion Mining Co. made a very satisfactory mill run from ore recently taken from their mine, and is contemplating sinking a deep shaft on the property in the near future.

From 6 o'clock P. M. Feb. 26th to 8 o'clock A M. Feb. 27th two inches of rain fell. Water, water everywhere, and lots of damage to farms, ditches, etc. The general sentiment is that for rain the month of February was in it with its 14 inches.

"We are pleased to learn," says a Kubli correspondent of The Times, "that Peter Burckholter has the contract for carrying the mail from Applegate to Davidson for the next four years." This writer certainly is four years behind, for G. W. Bailey has been awarded the contract, and our people are pleased.

As W. S. Bailey was returning home from Grant's Pass recently he met with an accident that almost resulted in a runaway. In fording Oscar creek (which crossing appears to be used for a dumping-ground as well as a county-road) the team broke the wagon tongue in clambering over the debris. The use of the road for an impounding dam should not be tolerated by our worthy road supervisor.

JOSEPHINE COUNTY ITEMS.

Nearly 13 inches of rain fell at Grant's Pass during the month of February, which beats the record for any one month.

The American Mining Code, standard authority on all subjects pertaining to mining, water-rights, etc., in kept on hand at The Times office.

Engineer Dick Morris, who has been running between Roseburg and Grant's Pass for so long, was last week transferred to one of the overland trains running between Portland and Roseburg.

George Vernon, the fiddler, who operated in Grant's Pass and was afterward arrested in Northern California and taken to Eugene, where he uttered a check and obtained money under false pretenses, pleaded guilty in the Lane county circuit court Monday. He was sentenced to the penitentiary for three years—two years on the first charge and one year on the latter.

General Agents Wanted

To sell Prof. Long's Magnetic Combs. They remove dandruff, cure scalp ailments and check falling hair, are untarnishable and will not break. Everybody wants them; good proposition to hustlers. Send for terms. Outfit (six styles) in a plush case $2.00. Ladies' Dressing Comb 50c, Gentlemen's Toilet Comb 40c—both 75c. Write today.

Magnetic Comb Co., Pekin, Ill.

Don't Let Them Suffer.

Often children are tortured with itching and burning eczema and other skin diseases, but Bucklen's Arnica Salve heals the raw sores, expels inflammation, leaves the skin without a scar. Clean, fragrant, cheap, there's no salve on earth as good. Try it. Cure guaranteed. Only 25c at City Drug Store.

ROYAL
Baking Powder

Most healthful leavener in the world. Goes farther.

ROYAL BAKING POWDER CO., NEW YORK.

Duties of a Guest.

A guest's obligation begins with the reception of the invitation. It should be either readily and courteously accepted or promptly and courteously declined.

Nothing is more trying to the patience of the hostess and to the temper of the cook than a belated dinner guest. Perhaps no invitation once accepted should be more strictly kept than this one to dine. A guest should be at the hostess' house five minutes before the hour appointed, and, to use another's expression, "Nothing but death should hinder."

We should go to any function resolved to be entertaining and easily entertained. An appreciative, responsive, animated guest lifts part of the responsibility from a hostess. If our dinner partner bores us, we can pretend to be interested, and thus show our good breeding and compliment both him and our hostess.—Woman's Home Companion.

Dogs Lead the Blind.

A new field of usefulness has been opened for especially intelligent dogs by the keeper of a kennel in England. The animals are trained to lead the blind, and with this object in view they are taught to walk in a straight line and at a steady pace. To accomplish this result with a frisky young puppy requires about two months of constant daily practice. The dogs are also taught to avoid carts on the street, and their sense of locality is developed to a high degree. It takes about five months to train the dog in all branches of his work, and when he has thoroughly mastered his profession he is sold for $10 or $15.

Help... Nature

Babies and children need proper food, rarely ever medicine. If they do not thrive on their food something is wrong. They need a little help to get their digestive machinery working properly.

SCOTT'S EMULSION OF COD LIVER OIL WITH HYPOPHOSPHITES OF LIME & SODA

will generally correct this difficulty.

If you will put from one-fourth to half a teaspoonful in baby's bottle three or four times a day you will soon see a marked improvement. For larger children, from half to a teaspoonful, according to age, dissolved in their milk, if you so desire, will very soon show its great nourishing power. If the mother's milk does not nourish the baby, she needs the emulsion. It will show an effect at once both upon mother and child.

50c. and $1.00, all druggists.

Did you ever compare a delicious, flaky, delicately browned loaf of bread made from

Snowy Butte Flour

With the sad results achieved from the use of cheaper flour? The one, the highest triumph of cookery—the most useful of all the arts; the other, a monument to wasted energy, blasted hopes and poor judgment. But why continue the comparison? If you have made the mistake in the past, trying to exist on inferior flour, redeem yourself by ordering Snowy Butte flour only in future.

Every up-to-date dealer Handles it.

ARE YOU DEAF? ANY HEAD NOISES?

ALL CASES OF
DEAFNESS OR HARD HEARING ARE NOW CURABLE
by our new invention. Only those born deaf are incurable.
HEAD NOISES CEASE IMMEDIATELY.
F. A. WERMAN, OF BALTIMORE, SAYS:

BALTIMORE, Md., March 30, 1901.

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.

About five years ago my right ear began to sing, and this kept on getting worse, until I lost my hearing in this ear entirely.

I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.

I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and today, after five weeks, my hearing in the deafened ear has been entirely restored. I thank you heartily and beg to remain very truly yours.

F. A. WERMAN, 730 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation.

Examination and advice free. YOU CAN CURE YOURSELF AT HOME at a nominal cost.
