LOCAL NOTES.

Roland of Gold Hill have each secured divorces from their respective wives. No more men are wanted on the Jacksonville County Improvement Co.'s ditch. There is already an ample sufficiency. The Medford postoffice receipts for the year ending March 31st were \$4,263.98, showing a gain over the previous year of \$423.75. John Londen has purchased the Hanley ranch, situated on Little Applegate, and will engage in the stock business on an extensive scale. Subscriptions for Mr. Eryan's paper, 'The Commoner, the leading Democratic newspaper in the United States, are taken at THE TIMES office. Rev. W. Bitter, Rev. S. H. Jones and Rev. A. P. Gillette will each hold services in their respective churches Sunday morning and evening. Quite a number of our citizens attended Emma Nevada's concert at Ashland Tuesday evening, and all express themselves well pleased with it. A number of the young folks assembled at Orth's hall Wednesday evening and indulged in dancing for several hours. It was an impromptu affair. Frank and Chas. Morine of Table Rock were among us a few days ago. The former has been appointed administrator of the estate of W. K. Reeves. If you want the latest in furniture, call at Norris' shop in Jacksonville and see one of his folding davenport. They are superior to anything in that line. Everybody should have one. For sale: 225 feet of 1 1/2-inch pipe, 12-inch taper, 2 elbows, No. 1 giant, with nozzles. All in good order and used but little. Enquire at THE TIMES office. Frank Bird, who was a resident of Jacksonville a few years ago, from whence he went to Portland, died in Arizona a short time since, of consumption. G. W. Mackey has re-opened the Medford Photo Gallery in Adkins' building, C street, opposite Jacksonville County Bank. Up-to-date work and reasonable prices. Will McDaniel is making preparations to open a neat cigar and confectionery store in Ryan's building on California street. He will stock it with the best in that line. Medford's butchers will soon inaugurate a Sunday-closing scheme, which is quite a proper one. They will hereafter open their shops only a little while in the morning of that day. The people of the first judicial district were sorry to hear that A. S. Hammond did not get the nomination for attorney-general. It went to A. M. Crawford of Roseburg by 14 votes. Geo. F. Schmidlein of Woodville brought a friend to Medford Friday for examination by Dr. Pickel with his X-ray. He was found to be afflicted with cancer of the liver and stomach. The celebrated Snap Shot, the best medicine in the world for allaying inflammation in man or beast, can be found at Dr. Robinson's drug store, also at Dr. Hinkle's, Central Point. Try it. There has been a slight change in the schedule time of the southbound overland train which arrives in Medford in the morning. It now gets here about 15 minutes sooner than usual. Mrs. N. D. Wilson has left a supply of Native Herbs, Oil and Balsam, the great blood purifiers and kidney and liver regulators, at THE TIMES office, where they can be obtained at the regular price. Mrs. L. J. Sears has rented the Phipps building, on Seventh street, and will move into it with a stock of millinery goods as soon as the building is repaired. Mrs. Sears will keep up-to-date styles. When in Medford ask for Myers, the popular jeweler. His stock of goods cannot be beaten in Southern Oregon, if equalled. He sells and repairs diamonds, jewelry, watches and clocks, cheaper and better than anyone else.

Cy. Mulkey, the veteran horseman, who is well known over the Pacific coast, and was manager of the Palo Alto stock favor for several years in Jacksonville a short time since. He has turned his attention to mining and packing, and operates in Josephine county. Mr. Mendenhall deposited \$3,000 in the Jacksonville bank yesterday, representing a cleanup at the Roaring Glimet mine near Gold Hill. Mr. Mendenhall purchased the mine some time ago from parties who took out considerable gold and sold it believing they had mined all the gold possible to secure. Weather permitting, the Medford and Jacksonville base-ball teams expect to mix up on the diamond at the county-seat again next Sunday. While Jacksonville was beaten the last time, the members of that team believe that they can reverse the score in the next contest. They have been practicing with that object in view. This paper might be filled with items like the following, and every one be the absolute truth. I had rheumatism for years and tried almost everything, but got no permanent relief until I used Chamberlain's Pain Balm, three bottles of which have cured me. It is the best medicine I ever used.—PHILLIP E. RHOADS, Pennville, Mo. Pain Balm is for sale by City Drug Store. The dancing party given at Orth's Hall Friday evening, under the auspices of Ruth Rebekah Degree Lodge No. 4, I. O. O. F., was much of a success. The attendance was good and the arrangements for the event perfect. First-class music was furnished by Prof. Boffa's popular orchestra, while the supper was such as only the lady members of the order can provide. The shipment to S. Jaffa, an official at Osnabrueck, Germany, of 25,000 salmon eggs by Supt. Bertram of the Rogue river and Elk creek hatcheries (evidence that the fame of our fish has created a demand for them even in foreign lands. It is only a matter of time when they will find their way to the table of every epicure living across the Atlantic. Fifty thousand eggs were shipped to Michigan at the same time. Mrs. Ivan Humason and daughter arrived from Portland this week, to make their home in Medford. Mr. Humason expects to open his new drug store the first of the week. He has been considerably delayed by being unable to get material as fast as needed. The store when fitted up will be one of the finest drug stores in Southern Oregon. Mr. Humason believes that nothing is too good for the Medford trade. C. W. Palm says a number of intending settlers get off the train every day. His firm has made several sales of farms during the past week. Some stop in Medford, but the majority are scattering over Jackson county. Every new settler means an increased revenue for the county, a help in lessening the public debt and an increased demand for the trade of the merchant. There is plenty of room in Southern Oregon for all who may come. The wind went on a wild frolic about town Sunday night and Monday, reached a velocity of about 50 miles an hour Sunday night. It sang tunes upon the wires in a wild manner and rattled doors and windows in away which kept many people awake. Monday it took liberties with hats and umbrellas which it whirled about in unholly glee. While the rain following the wind has done no harm, farmers are anxious to see good weather. The dancing party given by Ruth Rebekah Degree Lodge was a financial as well as a social success. Over \$60 were netted, to which was added the proceeds of the dinner set on convention day. This enables the lodge to purchase the robes, banners, etc., necessary for the drill which will be given on the occasion of the Odd Fellow's entertainment in Jacksonville April 28th, the anniversary of the order. J. W. Baker says he will give Medford the benefit of a good first-class laundry service. He has arranged to start the Southern Oregon Steam Laundry agency in Medford, with headquarters in Palm & York's office on Seventh street. He will start a first-class delivery wagon costing \$200 and equal to any they have in Portland. The work will be done at his steam laundry in Grant's Pass, but customers in Jacksonville will be given the benefit of the same service enjoyed by the people of that town. A. W. Hubbs, the popular salesman for Duell & Co., says there are not many changes in styles in men's clothing this season. Instead of combination suits, those to match will be worn more than usual. The shirt waist are dying out. Instead of any decided styles people are dressing more according to comfort, than with an eye to style. The cut-away and swallow tail will not be used except for dress occasion for business or working suits, except in the case of some professional men, they are totally out of place. The bottle and narrow four-in-hand are the proper thing for summer suits. The hats and shoes will depend upon the tastes of the wearers.

“What Women Like in Men,” “What Men Like in Women,” and “Husbands and Wives,” are the titles of a series of very interesting papers by Refford Pike, the third of which appears in The Cosmopolitan for April. The same number of The Cosmopolitan treats of Prince Henry's wish with a series of beautifully printed photographs, under the title of “A Clever Emperor and Confederation of Nations.” F. Hopkingson Smith, Israel Zangwill, Bret Harte and Maarten Maarten are among the other contributors to this number, which is unusually good in fiction. At their last meeting Jacksonville's board of trustees re-elected Emil Britt president. He has since appointed the following committees: Finance—Cameron, Huffer, Wendt; cemetery—Huffer, Kenney, Cameron; sanitary—Wendt, Kenney, Cameron; streets—Kenney, Huffer, Wendt; public improvements—Kenney, Cameron, Huffer; fire wardens—Cameron and Murphy. R. S. Dunlap was elected sexton of the cemetery, a position he has filled well for nearly 40 years. Dunnington & Deneff were granted liquor license for three months. Chas. Nickell of Jacksonville, holds the record for having attended more Democratic state conventions as a delegate consecutively than any man in Oregon. It is doubtful whether any Republican in the state has been as assiduous in behalf of his party in this respect. Beginning with 1878 Mr. Nickell has attended all of the state convention of his party as a delegate excepting one. He is a delegate again this year. Even the most ardent admirers of the Jeffersonian faith, who still cling to the skirt Andrew Jackson, would feel proud of such a record. While Charley does not claim being a politician, there are those who ever that he enjoys the exciting game and knows how to play a lone hand.—(Southern Oregonian. MEDFORD SQUIBS. D. H. Hartson, the attorney, has returned from his trip north. John P. Jones, traveling agent of the S. P. Co., is among us again. Dr. and Mrs. J. M. Keene have returned from their visit in Portland. F. K. Gore of Pooh Bah and his wife were in Medford yesterday, en route to Portland. Jas. Pelton of Sam's valley and John D. Olwell of Central Point were among our visitors yesterday. Chas. H. Pierce, who has been confined to his room for sometime with an injured leg, is able to be about again. I. A. Webb got back from California this week, considerably improved in health. Davis, who cleverly represents the Portland Spice Co., is in Southern Oregon, interviewing his numerous customers. Lawton and other delegates to the Republican convention have returned home. G. Voorhies, one of Oregon's most extensive horticulturists and owner of the original Stewart orchards, arrived from Portland this morning. Misses Frances Barnes, Belle Potter, Myrtle Sutton, Ethel Florey, Daisy and Ollie Huffer of Jacksonville passed Sunday afternoon in Medford. E. Ehwegen, the energetic manager of the Medford branch of Weinhard's Brewing Co., has been at different points in Southern Oregon lately. Geo. King, the champion land locator, is preparing for an active campaign, and expects to put more people into Southern Oregon this season than ever. Dr. Goble, the clever optician, and his newly-made wife, got back from their honeymoon Sunday, but left next day for Grant's Pass. They will visit several Southern Oregon points before returning. Get a free sample of Chamberlain's Stomach and Liver Tablets at City Drug Store. They are easier to take and more pleasant in effect than pills. Their use is not followed by constipation as is often the case with pills. Regular size, 25c. per box.

Ah, There! DO YOU Drink Coffee? Chase & Sanborn SEAL BRAND. That's the best. Pure Moca and Java mixture for 20c to 40c per pound. Served at the World's Fair. Always fresh. Fine grade Chinese Napkins given away with Coffee for socials and parties. It is the cheapest because its aroma is the strongest. Try a sample. Warner & Wortman, MEDFORD, OREGON.
