AN ENGINEER'S PERIL LATEST DISPATCHES

His Hair-Breadth Escape in a Time of Danger.

"In the first place," said Mr. Thomas P. Coleman, an engineer, living at No. 417 Post street, Salt Lake City, Utah "before I tell you of my narrow escape I will say that my position is a hard one. Not only are the hours long—sometimes I am obliged to work twenty-four to thirty-six hours at a stretch without any rest—but there is a continual strain of responsibility attached.

"Now this strain and lack of rest had begun to tell upon me. I began to have neck headaches. I grew nervous and every little thing bothered me. Then I became irritable and could find no comfort in anything. Very often a dizziness would come over me. I would feel so faint that I could hardly hold my head up and with it all came loss of appetite and restless, wakeful nights. I was worn out that I was wholly unfit for my work.

"But I'm in good shape now," went on Mr. Coleman. "I suffered as I described to you for about three years and during that time took prescriptions by the score from some able physicians, but nothing gave me more than temporary relief. All this time I was unfit for work and, as I became more and more run down in health, I grew more and more discouraged. Then I saw Dr. Williams' Pink Pills for Pale People advertised in a newspaper and in August 1900, I began taking them. I got relief after a few doses and five boxes cured me."

Nervous strain and hard work are the causes of much sickness. The system becomes run down, the nerves racker and the blood becomes poor. The power of Dr. Williams' Pink Pills for Pale People in the vast number of diseases due to derangements of the nervous system or to impure blood has been demonstrated in thousands of instances as remarkable as that of Mr. Coleman.

It is a well established fact that Dr. Williams' Pink Pills for Pale People are an unfailing specific for locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuritis, rheumatism, nervous headache, after-effects of the grip, palpitation of the heart, pale and sallow complexion, and all forms of weakness either in male or female. At all drug stores, or direct from Dr. Williams Medical Co., Schenectady, N. Y., fifty cents per box; six boxes for two dollars and a half.

OUR TOWN LOSES CASE.

PORTLAND, Ore., May 7.—A decision against Medford was rendered yesterday in the United States court in the case of the Sunset Telephone and Telegraph company vs. Medford. Judge Bellinger held that Medford had no right to impose a license of \$100 per annum on the plaintiff company.

According to the decision the ordinance imposing the fine or tax is null and void. The Judge said that a city can fix a license only at figures which will cover the expense of issuing the license; a city cannot add to the conditions under which a franchise was originally granted. The town of Medford will have to show better cause before the case will be again considered by the court.

AN UNLIKELY STORY.

WASHINGTON, D. C., May 7.—Considerable feeling is created at the capitol over a letter read by Mrs. D. M. Parry, who recently returned from Cuba, and claims that the Maine was blown up from an explosion on the inside instead of by Spanish treachery on the outside. Mrs. Parry read the paper before a local society in Indianapolis, Ind. She stated that the American government suspected that the vessel was blown up from the inside, which accounts for the reluctance of the War Department in having it raised.

ALASKAN SUMMER BUSINESS

SEATTLE, Wash., May 7.—The usual summer rush to Alaska has already begun. Every out-going steamer is crowded with passengers and supplies. There is a marked difference in the travel this year, inasmuch that it is steady, instead of a wild stampede, as in former years. The Porcupine district, Klondike Tanana river, Circle City, Nome and Copper river seem to be the main points of interest to gold hunters this year.

NEXT GOLD STAMPEDE.

TACOMA, Wash., May 7.—A schooner is being outfitted in this harbor to carry a party of gold hunters to the Siberian coast. Old argonauts predict that the next great gold stampede will be on Russian territory.

NATIVES SURRENDERING.

MANILA, P. I., May 7.—Bayan, the Moro stronghold, is in the complete possession of the American soldiers. Several of the Moro chiefs were killed in the battle at the storming of the forts. Large bands of natives are coming in daily and laying down their arms. This troublesome province is in complete subjection.

WALL STREET FAILURES.

NEW YORK, May 7.—Wall street has scarcely yet recovered from the shock caused Monday by the failure of several large Wall street firms. The brokers are making desperate efforts to get on their feet again.

BOYS POSTOFFICE ROBBERS.

PORTLAND, Ore., May 7.—Charles and John Kotzam, two boys, have been arrested charged with robbing the postoffice at Orient. They plead guilty to the charge.

DANGER IS PAST.

HET TOO, Holland, May 7.—Queen Wilhelmina is slowly gaining strength. Her danger is considered past, and there is rejoicing over Holland because of her favorable condition.

VIEWING THE REMAINS.

NEW YORK, May 7.—Archbishop Corrigan, who died Monday night, is lying in state at St. Patrick's. Thousands have visited the remains. The funeral services are not completed.

BRET HARTE MOURNED.

LONDON, England, May 7.—Bret Harte, the famous American author, who died yesterday, is being mourned by people all over England. He was held in high esteem here.

BLOW AT BEEF TRUST.

CHICAGO, May 7.—The court has been asked to issue an injunction against the beef trust in order to confiscate all goods shipped by the trust in violation of the law. This is considered a heavy blow against the trust.

SAMPSON'S FUNERAL.

WASHINGTON, D. C., May 7.—Admiral Sampson, who died yesterday of hemorrhage of the brain, will probably be buried Friday, with military honors. His wife is prostrated over his sudden end.

REVOLT IN RUSSIA.

VIENNA, Austria, May 7.—The long-suffering peasants have risen in revolt against the iron oppression of Russia. In the province of Constat, Russia, the regular troops charged the peasants, with the result that 76 were killed and 200 wounded. Thirty-six leaders were captured and flogged to death. The peasants threw a million pounds of sugar into the Dneiper river previous to the charge. The Russian soldiers believe they have entirely crushed the incipient rebellion by their drastic measures towards the prisoners who fell into their hands. A number of sympathizers are being cruelly beaten by the soldiery.

Latest Reports From One of Our Chief Industries.

DEDUCTIONS.

Wm. Bohle has sold his placer mines, situated in Grave creek district, to Mr. Wilson of The Dalles. Price, \$2,000.

Two shifts of men are employed in running a tunnel on the Orme quartz mine, located in Foothills district. The prospects for the development of a good mine are excellent.

Capt. Leavenworth, who is managing the Nellie Wright mine, located near Gold Hill, recently received a carload of machinery for the quartz mill which will soon be installed there.

A half interest in the Yokum & Madden quartz mine, in Grave creek district, has been bought by J. E. Auten, and considerable work has been done on the property, which shows up well.

W. E. Finney has bonded his quartz mine, situated in Steamboat district, to H. Kling, manager of the Seattle Co-operative Mining Co.'s property in Watkins district, who will run a tunnel at once.

H. W. Jackson and C. W. Baker, who are interested in copper mines situated in Shelly creek district, Del Norte county, Calif., recently made them a visit. It is reported that they have bonded them for a large sum.

C. E. Wickstrom's placer mines, in Pleasant creek district, are being successfully operated. Several good-sized nuggets have been picked up, among which was one weighing 855, another worth \$25 and some ranging from \$10 down.

Work has been begun on the big dam the Golden Drift Mining Co. is putting in Rogue river, a few miles east of Grant's Pass. It will furnish water for irrigating and power purposes, as well as for operating the company's extensive placer mines.

The company which has bonded the Eureka mine, in Soldier creek district, are putting in two carloads of machinery. The property was recently visited by Geo. J. Coles, president of the corporation, and T. Eldemiller, secretary of the Victory Mining Co.

The Gopher mine, which is situated in Jump off Joe district, is showing up well under the efficient management of Thos. Lucy, the superintendent. Considerable development work has been done, and a body of fine ore exposed. There is a small mill at the mine, which is doing good work.

C. L. Mangum, the clever superintendent of the Granite Hill mines, located in Louse creek district, while in Grant's Pass last week, exhibited a bottle containing about \$300 in nuggets, many of which were worth from \$3 to \$5 each. That has already proved to be a valuable property.

The placer mine of Hayes & Jewell, situated in Oscar creek district, not far from Grant's Pass, has yielded nicely during the past season. They are among the best in Southern Oregon. A number of good-sized nuggets were picked up there, including one valued at \$116 and two worth over \$50 apiece.

D. Cameron, who has been developing an extensive placer proposition in Pleasant Creek district, has had his efforts crowned with success. He recently showed us quite an amount of elegant gold he had cleaned up lately.

Mr. C. has come to Nevada, where reside the parties with whom he is interested in this enterprise.

Two phenomenally rich gold strikes are reported as having been made in Montana last week. Gold assaying from \$31 to \$2,800 a ton has been found in the claim of William Myers at San Creek, Madison county, according to reports just received. There is great excitement over the discovery, and miners are flocking to the San Creek country. Gold assaying from \$1,400 gold and 1,200 ounces of silver to \$8,000 a ton has been found in the Daniel B. claim, owned by Tony Erhardt, near Argenta, Beaverhead county.

A wonderful gold strike at Silver Peak, Southern Nevada, is reported. The property is owned by the Blairs of New Jersey, who have spent a generous fortune in litigation. The strike was made in the old workings. A force of men followed a small gold seam, which developed into a store of treasure, \$100,000 worth of gold and nuggets being taken out in one day's work. Charles Lane and J. W. Mackay have endeavored to obtain the property, but the Blairs demand close to \$1,000,000 for it. The mines are situated about sixty miles from Tonopah and within forty miles of a railroad. The find is the greatest made in years in Nevada, and in richness exceeds even the Comstock.

The organization of the Last Chance Gold Mining and Milling Co., of Ashland, has been perfected by the following directors being elected: O. C. Tiffany, R. P. Neil, H. L. Whitted, D. A. Applegate and L. L. Mullit. R. P. Neil was elected president, L. L. Mullit, vice-president, D. A. Applegate, secretary and treasurer, and O. C. Tiffany, superintendent. The corporation owns the Last Chance gold quartz mine and the first Westley Extension, situated in Gail's creek district, two miles south of Gold Hill, and it has set aside for sale 100,000 shares at 5 cents each, or 40 per cent. of the capital stock for sale, the proceeds to be used for developing and milling purposes.

Children's Fertilizer.

That's a good name for Scott's Emulsion. Children are like young plants. Some will grow in ordinary soil. Others need fertilizers.

The nature of some children prevents them from thriving on ordinary food. Such children grow right if treated right.

All they need is a little fertilizer—a little extra richness. Scott's Emulsion is the right treatment.

Fertilizers make things grow. That's just what Scott's Emulsion does. It makes children grow in flesh, grow in strength, grow rich blood, grow in mind, grow happy. That's what we make it for.
