A PASTOR'S TROUBLE

Trials Which Beset a Minister in Indian Territory.

For many long years the Rev. William B. Brock, of Provence, I. T., was burdened with troubles more than fall to the lot of the average man, but finally he was able to throw them off and now tells entertainingly how he accomplished it. He says:

"When I was a boy of about twelve years, I had what a boy seldom has—rheumatism. I had been in bad health for some months and was taken out of school on account of it. But I kept getting worse and at one time could hardly get around. This I suppose, undermined my health and was the cause of the later troubles which afflicted me.

"Some eighteen years ago I developed a torpid liver and an enlarged spleen which finally caused a chronic diarrhoea. This in itself was very weakening but in addition to that, my stomach refused hearty food, I had a severe pain in my side almost all the time and, when I walked any distance, I became out of breath, with a feeling of burning at the heart. My head and limbs would ache fearfully, especially at night. Then my rheumatism came on again and, later, I had a dry, hacking cough which nearly drove me distracted.

"I was under the care of two physicians but, although the tonics they gave me seemed to do me good for a while the effect was only temporary. Finally I was induced to try Dr. Williams' Pink Pills for Pale People by an advertisement in a paper which told of the cure of a case similar to mine. This was four years ago. I took them and eight boxes made me well. I am now well and strong and Dr. Williams' Pink Pills for Pale People have made me so."

Mr. Brock took a medicine that attacked his trouble at the root—the blood and nerves. Poor blood and disordered nerves are at the seat of nearly all the ailments which afflict mankind, and Dr Williams' Pink Pills for Pale People have been proven to be a certain remedy for all diseases arising from this cause.

Dr. Williams' Pink Pills for Pale People are sold at fifty cents a box or six boxes for two dollars and fifty cents, and may be had of all druggists, or direct by mail from Dr. Williams Medicine Co., Schenectady, N. Y.

The burial of the dead started yesterday, and the other bodies are being buried as rapidly as they are recovered. It was impossible to identify all of the remains, for some of the men were literally torn to pieces. The wives and near relatives of the miners are watching the remains as they are brought to the surface, and more than one has fainted and been carried away over the awful sights that met the gaze.

The police here was put upon the scent by a man from "Frisco," claiming he had shaken hands with Hadley on the streets of Seattle. The detectives believe he told the truth.

Ordered that George Ridinger be allowed the sum of $25.00 for plans and specifications furnished county court for steel bridge across Bear creek.

"In the matter of bids for construction of a bridge across Bear creek at Medford."

The court having carefully examined the plans and specifications submitted for the construction of a bridge across Bear creek at Medford, together with the various bids for the construction of the same, deeming all of said bids excessive, rejected each and all of said bids.

It was further ordered by the court that the plans and specifications submitted by Geo. Ridlinger for a steel bridge be and the same are hereby adopted, and that bids for the construction of same be advertised for two consecutive weeks, and in accordance with said plans and specifications said bids to be opened on or before Wednesday, June 4th, 1902, each bidder to deposit with his bid five per cent. of the amount of such bid, which shall be forfeited to the county in case the award is made to him and he fails, neglects or refuses for the period of two days after such award is made to enter into the contract and fill his bond in the manner required by and to the satisfaction of the county court.

J. W. Willeke appointed clerk for East Medford and Carl T. Skyrman clerk of Trail precinct.

In the matter of the road petitioned for by Mosher and others. Viewer's and surveyor's report read the second time and ordered established in accordance with said reports upon the payment by petitioners of the costs of viewing and surveying the same.

In the matter of the road petitioned for by I. L. Hamilton and others.

It is ordered by the court the same be continued until June, 1902, term of this court, for the reason that no affidavit of posting notice has been filed nor any bond as required by statute.

In the matter of the road petitioned for by S. L. Bennett and others. The court having fully considered the above petition, and being fully advised as to the necessity of the establishment of said proposed road finds that there is a good county road in the immediate vicinity of said proposed road that will accommodate the public without inconvenience to any one, and that the establishment of another road would be a useless expense to the county and a burden upon the taxpayers; it is therefore ordered by the court that said petition be and the same hereby dismissed.
