The commencement exercises of the High School were attended by a large number of people. The graduates did credit to their training, and proved that the public schools of Medford are of a high order. These young women and young men graduates are armored for the warfare of the world with intellectual attainments. Their minds have been disciplined to exert their will power, concentrate their thoughts and control their minds in whatever vocation they shall select for their life's work. They are like trained soldiers; but, prepared as they are, they have a hard struggle before them, which will tax their strength and ability to the utmost, and some are likely to fall by the wayside. In whatever they undertake the SOUTHERN OREGONIAN wishes them success.

**SUCCESSFUL DEMOCRATIC CANDIDATES.**

**A BUSINESS MAN.**

Mr. Miller will Transact Public Business the Same as his own Business.

"I have already expressed my views

through the SOUTHERN OREGONIAN," says D. H. Miller, who was elected county treasurer on the Democratic ticket.

Mr. Miller said in this paper that he had been a business man all his life; that there was no reason why the business of the public should not be conducted the same as any private business, and that in the event of his election he would employ the same methods in handling county affairs as he did in transacting his own business.

"I have only to add," Mr. Miller said, "that at the end of the term I can best thank my friends for the honor they have imposed on me, in showing them how I have handled their money."

**PLEGDED TO FAIRNESS.**

Wilbur A. Jones says He Will Carry Out his Promises.

Wilbur A. Jones was elected assessor on the Democratic ticket. In the Republican nominee he had a strong man to run against.

"I can say no more than I have already said, and stand ready to fulfill all of my pledges," he said when asked for an opinion. "I have pledged myself to a just, impartial administration, and, in slang phrase, 'it is up to me.'"

**LARGEST MAJORITY.**

Jos. Rader Comes Ahead of Any Candidate Running.

Joseph Rader secured a larger majority than any candidate on the different tickets. He was elected sheriff

well. Although a young man, he is bright and efficient, and gives promise of making a good official.

"Just tell them I am feeling as happy as a king," said he, when asked for an expression. Then, speaking seriously, he continued: "I feel deeply grateful for the confidence reposed in me, and shall endeavor hard to show that I appreciate it."

for the great compliment paid me by the voters," said he, "by conducting my office in such a manner as will gain the approbation of all classes. It will not be for the lack of earnest effort if I cannot give substantial evidence of my feelings before my term of office ends."

**APPRECIATES COMPLIMENT**

What John D. Olwell says About his Election.

"I appreciate the compliment paid me by the voters of Jackson county, and I shall endeavor to show how sincerely I thank them by shaping my actions in representing Jackson county in such a way as to merit their future approval."

The speaker was John D. Olwell, elected representative of Jackson county on the Democratic ticket. He conducted his campaign in a clean, clear-cut manner, free from all personalities. He feels that he owes his election not alone to the Democrats, but to the Republicans as well. His

popularity swept aside party prejudice. He was elected by his friends, regardless of party principles.

"It shall be my one aim," said he, in a sincere, modest manner, "to represent the interests of Jackson county in a faithful, impartial way. Thus can I best show how I appreciate the compliment."

**ORTH IS HAPPY.**

Says he Shall Show by his Actions he Appreciates His Big Vote.

John Orth, elected county clerk, is another Democrat. Not only did he have a popular man to overcome, but a Republican majority as

well. Although a young man, he is bright and efficient, and gives promise of making a good official.

"Just tell them I am feeling as happy as a king," said he, when asked for an expression. Then, speaking seriously, he continued: "I feel deeply grateful for the confidence reposed in me, and shall endeavor hard to show that I appreciate it."

**CANTRALL GRATEFUL**

And Will Represent Jackson County Industriouslly.

Miles Cantrall was elected representative on the Democratic ticket.

"I shall endeavor to serve the county in a creditable manner," he said when approached. "A person cannot accomplish all he would like oftentimes, because he is controlled more or less by the conditions surrounding him; but of one thing the people of Jackson county may feel sure, and that is—I shall either represent them in a faithful manner or not at all. I wish to take this opportunity to thank my many friends for the

trust they have reposed in me by electing me to represent them in the legislature.

**WAS RE-ELECTED.**

Voters Showed Appreciation of Dr. Pickel's Services.

That Dr. E. B. Pickel must have made a good coroner in the past is shown in the fact that he was again elected. He went in on the Democratic ticket, and has proved an efficient official.

"I always endeavor to do my duty to the best of my ability," he said. "Further than that I have nothing to say."

**SCROFULA**

I bequeath to my children Scrofula with all its attendant horrors, humiliation and suffering. This is a strange legacy to leave to posterity; a heavy burden to place upon the shoulders of the young.

This treacherous disease dwarfs the body and hinders the growth and development of the faculties, and the child born of blood poison, or scrofula-tainted parentage, is poorly equipped for life's duties.

Scrofula is a disease with numerous and varied symptoms; enlarged glands or tumors about the neck and armpits, catarrh of the head, weak eyes and dreadful skin eruptions upon different parts of the body show the presence of tubercular or scrofulous matter in the blood. This dangerous and stealthy disease entrenches itself securely in the system and attacks the bones and tissues, destroys the red corpuscles of the blood, resulting in white swelling, a pallid, waxy appearance of the skin, loss of strength and a gradual wasting away of the body.

S. S. S. combines both purifying and tonic properties, and is guaranteed entirely vegetable, making it the ideal remedy in all scrofulous affections. It purifies the deteriorated blood, makes it rich and strong and a complete and permanent cure is soon effected. S. S. S. improves the digestion and assimilation of food, restores the lost properties to the blood and quickens the circulation, bringing a healthy color to the skin and vigor to the weak and emaciated body.

Write us about your case and our physicians will cheerfully advise and help you in every possible way to regain your health. Book on blood and skin diseases free.

This School offers to girls a broad and thorough education, combined with the advantages of a healthful and refined home. It occupies a large and attractive building in the immediate vicinity of the City Park. The sanitary condition of the premises has been made a matter of special attention. The bed chambers, class and recreation rooms are large and thoroughly ventilated; and the construction of the building is such that every room is open to the sunlight.

The greatest care has been taken to provide all the necessary appointments of a well-equipped school, and to furnish every facility for training pupils in the most approved methods. The aim of the school is to give thorough and well-ordered instruction to girls and young women, fitting them for college when that is desired, and to aid in the development of true and womanly character.

The Fall term opens September 16, 1901. A faculty of twenty competent teachers (six are graduates of the Fall term) will give individual care and instruction necessary to the best results.

There are four skilled teachers in the Music Department alone, specialists in Art and Elocution, and native teachers in French and German. Provision is made for all athletic games suitable to women, as tennis, croquet, basket ball bicycling and horseback riding. A gymnasium, 50x100 feet, is in process of construction which will offer still more opportunities for healthful exercise.
