The fact that Commander William
 H. Beecher, the United States naval
 attaché at Berlin, is a close personal
 friend of the German emperor occasions
 some comment. It is said that
 during the past two years Commander
 Beecher has breakfasted, lunched and
 dined with Emperor William twenty-
 seven times and has had forty-six audi-
 ences with his majesty, almost all at
 the emperor's initiative. Emperor Wil-
 liam on several occasions, like the Kiel
 regatta and at smoking parties, put
 his arm on Commander Beecher's shoulder
 and called him "Bill." Well, what
 of it? Isn't Bill Beecher just as good
 a fellow as Bill Hohenzollern?

Where China is Busy.

China is making arms at a great
 rate, all the Yangtze arsenals being at
 work full time, says the Pittsburg Dis-
 patch. At Hankow over 200 workmen
 are employed in making field guns,
 Mauser rifles and all kinds of ammuni-
 tion, including smokeless powder, and
 at Shanghai an equal number are em-
 ployed in turning out a like product.
 As treaty stipulations prohibit the im-
 portation of foreign arms into China,
 its home production, particularly in
 view of the recent experiences, is stimu-
 lated to a degree of activity not often
 witnessed in any of its industries.

Leads them All.

"One Minute Cough Cure beats all
 other medicines I ever tried for
 coughs, colds, croup, and throat and
 lung troubles," says D. Scott Curran
 of Loganton, Pa. One Minute Cough
 Cure is the only absolutely safe cough
 remedy which acts immediately.
 Mothers everywhere testify to the
 good it has done their little ones.
 Croup is so sudden in its attacks that
 the doctor often arrives too late. It
 yields at once to One Minute Cough
 Cure. Pleasant to take. Children
 like it. Sure cure for grip, bronchitis,
 coughs.

THE ONLY WAY.

Remove the Protective Tariff and
 Stop the Cry of Favoritism.

Recently the press generally has de-
 veloped much satisfaction from abusing
 Messrs. Henry T. Oxnard and W.
 Bayard Cutting of the American Beet
 Sugar company. These men are being
 called very uncomplimentary names.
 They are accused of a fiendish will-
 ingness to see Cuba ruined and our
 national good name besmirched, all for
 the sake of their own greed for gain.
 It is time that the press and the pub-
 lic of the country should turn from
 flaying these gentlemen and devote
 some time to the consideration of the
 conditions which make it possible for
 a few men to wield such power over
 national politics in defiance of public
 opinion.

We submit that Oxnard and Cutting
 are no worse than thousands of others
 who plunder the poor, but escape scot
 free from public censure. True, Mr.
 Cutting displayed more brazen cheek
 than is usual even among protection-
 ists when he calmly stated before the
 ways and means committee that to
 grant a reduction of duty on Cuban
 sugar would be class legislation. It
 seems at first thought that the removal
 of a special class privilege does not
 constitute class legislation. And yet
 as long as our present absurd tariff
 law remains there is much truth in
 Mr. Cutting's argument. Why should
 the baby beet be sent to shift for itself
 while all the other infants in Uncle
 Sam's extensive nursery are fed to
 fattness at national expense? Justice
 demands that the protection of govern-
 ment be extended equally to all. The
 only practical way of doing this is to
 abolish all special privileges. Remove
 the protective tariff from all indus-
 tries, and then there can be no cry of
 class legislation, and the greatest
 source of corruption in our national
 legislature will be destroyed. Con-
 gress will then be in a situation where
 it can legislate for the people instead
 of powerful protected interests.

Spring Fever.

Spring fever is another name for
 biliousness. It is more serious than
 most people think. A torpid liver
 and inactive bowels mean a poisoned
 system. If neglected serious illness
 may follow such symptoms. DeWitt's
 Little Early Risers remove all danger
 by stimulating the liver, opening
 the bowels and cleansing the system
 of impurities. Safe pills. Never
 gripe. "I have taken DeWitt's Little
 Early Risers for torpid liver every
 spring for years," writes R. M. Everly,
 Moundsville, W. V. "They do me
 more good than anything I have ever
 tried."

Economy of High Wages.

Sir Christopher Furness, head of the
 great British shipping firm, after his
 recent protracted tour of our coasts
 announced that he had decided to be-
 come interested in a new shipbuilding
 plant in this country. Like every intel-
 ligent student of the situation, he per-
 ceived that with the cheapest coal and
 steel in unlimited supply the United
 States has the advantage of all rivals,
 and, moreover, Sir Christopher, part
 proprietor of five shipbuilding yards in
 England, asserts that even the labor is
 cheaper here because the men work 20
 per cent longer hours.—New York Her-
 ald.

The Testing of Pather.

When faint the city whistles blow
 And milk carts rattle to and fro:
 When the glad sunbeams newly fling
 Abroad their promises of spring,
 Then father to the garden goes
 And rakes and digs and plants and hoes.
 When he has placed beneath the loam
 About his glad suburban home
 Lettuce and beans and trailing vine,
 And proudly says, "All this is mine,"
 And joyous hears the breakfast bell
 And feels his bosom proudly swell:
 What sounds portentous on the breeze
 Cause his slow curling blood to freeze?
 There, cackling singly or together,
 With feet steel-shod and tongs of leather,
 The neighbors' soul-destroying hens
 Have flown their fragile makeshift pens!
 The big white rooster proudly leads!
 The air is full of garden seeds!
 The old hen flits with rapid sweeps
 Earth, stumps, sod, gravel and the roots
 That pa has planted with such care
 And left to grow in comfort there.
 'Tis nothing but abounding grace
 That holdeth father in his place;
 Instead of clubbing every hen
 He plants the garden once again,
 And ma says, with exasperation sage,
 "Ter father's mellerin' with age."
 —Minneapolis Journal.

Keene's Polo Views.

The visit of the American polo play-
 ers to England will doubtless result in
 uniform rules to govern future inter-
 national matches.
 Foxhall P. Keene, the best of the
 American players and captain of the
 team, declares that certain changes in
 the rules will be acceptable to English
 and American players.
 One rule that is perplexing to Amer-
 icans is that governing offside play.
 In England No. 1 cannot touch an op-
 posing player until the ball has had
 time to be returned. It prevents the
 open style of play, and Mr. Keene con-
 siders it far from right.
 He does not believe in the English
 system of hooking mallets, which pre-
 vents many goals from being scored
 when the attacking force has the ball
 in front of an opponent's goal in a
 scrimmage.
 Mr. Keene also favors fewer inter-
 missions and more continuous play in
 order to finish a game instead of allow-
 ing periods for useless argument dur-
 ing the progress of a match.

The readers of this paper will be pleased to
 learn that there is at least one dreaded dis-
 ease that science has been able to cure in all
 its stages, and that is catarrh. Hall's Catarrh
 Cure is the only positive catarrh cure known
 to the medical fraternity. Catarrh being a
 constitutional disease, requires a constitu-
 tional treatment. Hall's Catarrh Cure
 is taken internally, acting directly upon the
 blood and mucous surfaces of the system,
 thereby destroying the foundation of the dis-
 ease, and giving the patients strength by build-
 ing up the constitution and assisting nature in
 doing its work. The proprietors have so much
 faith in its curative powers that they offer One
 Hundred Dollars for any case that it fails to
 cure. Send for list of testimonials.

Motor Measurement.

The rulings of the N. C. A. relative to
 the measurement of pacing motor tan-
 dems is certain to benefit competition
 between the middle distance cyclists of
 America. It is not desirable to have
 the pace so artificial that a second rater
 can follow as fast as a first class rider
 owing to the big protection from wind
 resistance. Under the present
 ruling a man must have some pedaling
 ability in order to negotiate fast miles
 behind the artificial pacing machine.

Arab Girl's Twin Fillies.

Arab Girl, dam of the ex-queen of
 pacers, Bessie Bonehill, 2:05 1/2, owned
 at Maple Leaf farm, South Charleston,
 O., has foaled twin fillies by Axis, son
 of Axtell. Both are reported alive and
 doing well. This is especially remark-
 able, as Arab Girl is twenty years old.

Violent Cancer Cured.

Startling proof of a wonderful ad-
 vance in medicine is given by drug-
 gist G. W. Roberts of Elizabeth, W.
 V. An old man there had long suffer-
 ed with what good doctors pro-
 nounced incurable cancer. They be-
 lieved his case hopeless till he used
 Electric Bitters and applied Bucklen's
 Arnica Salve, which treatment com-
 pletely cured him. When Electric
 Bitters are used to expel bilious, kid-
 ney and microbe poisons at the same
 time, this salve exerts its matchless
 healing power, blood diseases, skin
 eruptions, ulcers and sores vanish.
 Bitters 50 cents, salve 25 cents at City
 Drug Store.

Might Serve a Double Purpose.

It is said that Mr. Hanna must de-
 cide to lay aside the ship subsidy steel
 until after election. In that way he
 might hope to keep it out of the cam-
 paign as an issue and at the same time
 make the subsidy seekers stand another
 big assessment.—Albany Argus.

Limited Generosity.

"Here, my little girl, is a penny for
 you. I was poor once myself."
 "Thanks, boss. I guess dey ain't any
 danger of yer ever gittin' dat way
 ag'in."—New York Journal.
