Catarrh The cause exists in the blood, in what causes inflammation of the mucous membrane. It is therefore impossible to cure the disease by local applications. It is positively dangerous to neglect it, because it always affects the stomach and deranges the general health, and is likely to develop into consumption. Many have been radically and permanently cured by Hood's Sarsaparilla. It cleanses the blood and has a peculiar alterative and tonic effect. R. Long, California Junction, Iowa, writes: "I had catarrh three years, lost my appetite and could not sleep. My head pained me and I felt bad all over. I took Hood's Sarsaparilla and now have a good appetite, sleep well, and have no symptoms of catarrh." Hood's Sarsaparilla Promises to cure and keeps the promise. It is better not to put off treatment—buy Hood's today. The Coss Piano House Deals in Pianos, Organs, Pianolas, Aeolians, Orchestralles, Vocalion Pipe-Organs. Also Small Instruments and Sheet Music.
