Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble. If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

WILSON'S OPERA HOUSE OPENING

By Sweeney & Alvado's Big White Minstrels.

The citizens of Medford should show their appreciation of Manager Wilson for building a ground-floor opera house by giving his first professional attraction a rousing big audience on Monday, Sept. 1st. The Sweeney Alvado Minstrels are now making their third annual tour. Nothing but success has crowned their former seasons, and since opening in the East this season the press has been very conservative, and pronounce the troupe an artistic as well as a financial success. A minstrel show in every sense of the word, excelling in its first part and olio, its band and orchestra is of the highest order. The stage settings and its novelties are strictly first-class in detail. There will be a noontime parade, headed by Maurer's celebrated band. Remember this is a guaranteed attraction. The prices of admission are as follows: Children, general admission, 35 cents, no reserved seats; adults, general admission, 50 cents. Reserved seats, 75 cents, now on sale at Medford Drug Co.'s store.

The University of Oregon.

The University of Oregon will open its twenty seventh session at Eugene, Wednesday, September 17th. The outlook for the year seems at present very promising. A number of new men have been added to the faculty, all thoroughly fitted both by preparation and by experience for their work. The University buildings are being repaired and improved during the summer, the dormitory, gymnasium, and Deady Hall receiving special attention.

Students intending to enter this school are invited to correspond with the president relative to their work. Catalogues will cheerfully be sent on application.

Treasurer's First Notice.

D. H. Miller, county treasurer, gives notice that there are funds in the county treasury for the redemption of outstanding warrants protested from Nov. 4, 1899, to December 30, 1899, both dates inclusive. Interest on the same ceased after Aug. 15, 1902.

HEADACHE

Both my wife and myself have been using CASCARETS and they are the best medicine we have ever had in the house. Last week my wife was frantic with headache for two days, she tried some of your CASCARETS, and they relieved the pain in her head almost immediately. We both recommend CASCARETS. CHAS. LATEST DISPATCHES

California Republican Convention Looks Anti-Gage.

SACRAMENTO, Aug. 26.—J. H. Neff of Placer called the Republican State Convention to order as temporary chairman. This, in connection with the refusal to endorse his administration, looks as if Gov. Gage will not be re-nominated. The prominent candidates for the gubernatorial nomination are, Edson of Siskiyou, Flint of San Benito and Pardee of Alameda. The platform submitted endorses the administration of President Roosevelt, protests against reciprocity with Cuba and applauds attitude of California's congressional delegation on this subject, denounces a treaty permitting foreign fruits to come into competition with California products, favors building warships at navy yards, an eight-hour day for government workmen, election of U. S. Senators by popular vote and national irrigation legislation. No reference is made to Gage's administration. The amendment offered by Judge McKinley of Los Angeles, endorsing the Governor, was hotly debated.

The President Will Visit Us.

SAN FRANCISCO, Aug. 26.—United States Senator Foster of Washington, who is in this city, is authority for the statement that President Roosevelt will visit this coast next fall. The Chief Executive will be accompanied by his wife and family, and will, it is said, stay in San Francisco for at least three days.

In speaking of the intended visit of President Roosevelt to San Francisco and the Pacific coast in general, Senator Foster stated that affairs are at present being arranged for the proposed trip. The President will visit, during his tour, all cities by the way of Washington and Montana, and will return via the Union Pacific.

Portugal's Crown Jewels Sold.

LISBON, Aug. 26.—Great consternation has been caused in royal circles over the report circulated by a court functionary to the effect that the jewels had been taken from the ruler's crown and sold in order to cover a big royal debt. The country has been on the verge of bankruptcy for some time, and unless some radical steps were taken there is no doubt but what the kingdom would be ruined. It is said that in order to keep up appearances and hold the secret from the world the jewels were replaced with imitations.

A Big Miners' Riot.

HAZLETON, Pa., Aug. 26.—The effort of the owners of the collieries to resume work with non-union miners resulted in extraordinary disturbances today. For a time ten thousand men were rioting, else ready to follow any leadership that might have suggested violence or destruction of property. The colliery representatives concluded not to strain the temper of the strikers to the breaking point and soon suspended work. One man was stabbed during the excitement.

Gen. Miles Goes to the Philippines.

WASHINGTON, Aug. 26.—Gen. Miles has not yet informed the War Department of his intentions to visit the Philippines; but will probably do so and obtain consent of the President. Otherwise there is little doubt but that he would be relieved of his command before he returned. It is not known at the War Department what his purpose is in proposing to visit the Philippines, unless it is to inspect the army posts there.

A Novel Strike.

CHICAGO, August 26.—The Western Union telegraph company messenger boy strike, which culminated in the employment of girls as messengers, took on another phase yesterday. The boys congregated in the vicinity of the Western Union offices and in some instances assaulted the girls as they went with their messages. In other instances they deterred the girls from their work through threats of violence.

The Strikers Are Still Firm.

WILKESBARRE, Aug. 26.—Yesterday was the beginning of the 16th week of the anthracite coal strike, and everything shows that both sides are determined to fight to the end. President Mitchell seemed exceptionally cheerful this morning, and apparently took no stock in the report that the men are weakening and willing to return to work if adequate protection is given them.

Southern Oregon Mines

Davis Bros., who are prospecting in Steamboat district, have discovered a vein of quartz that shows up very well.

C. D. Crane has gone to Spokane with some excellent samples of ore taken from the Lucky Queen mine, located in Josephine county, which he has bonded.

A. B. Cousin of the Galice and St. Helena Mining Co. has opened an office of the corporation in Chicago, where stock will be sold. Several men are engaged in putting its property in shape.

Reed & Fletcher have suspended operations at their mine, located in Forest creek district, until they can arrange some of their machinery more satisfactorily. The property is showing up well.

Piping has been completed for the season at the Sterling mine, and cleaning up is now in progress. The company makes a longer run than any other in Southern Oregon, having superior water rights.

Mr. Childs, who went to the big copper mine, at the head of Applegate, with the intention of bonding it, has returned to San Francisco. He has not yet succeeded in closing negotiations for the property.

J. L. Mahan of Ashland, accompanied by W. L. Hurlbert and O. P. Moore of Spokane, recently inspected the Oregon Belle mine, situated in Forest creek district. They were well pleased with the property.

Broad & Reid, owners of the Oregon Belle, which is situated in Forest creek district, have a force of men employed in putting ore on the dump. They have one of the best properties in the State, and are making regular cleanups, each one of which yields many hundred dollars. Certain parties are inspecting it, with intentions of purchasing at a big figure.

J. W. Opp has a force employed in the Gold Standard mine, located a few miles west of Jacksonville; but is unable to operate the mill on account of the scarcity of water. He has made several satisfactory cleanups. The last one yielded about \$1400, the result of crushing 25 tons of ore. Negotiations are pending for the transfer of the property, and if consummated the property will be operated on a large scale.

RELIGIOUS APPOINTMENTS.

Rev. A. P. Gillette will hold services at the M. E. church in Jacksonville every second and fourth Sunday, morning and evening.

Rev. S. H. Jones will hold services at the Presbyterian church in Jacksonville every Sunday.

A YOUNG LADY'S LIFE SAVED.

At Panama, Colombia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Dr. Chas. Utter, a prominent physician of Panama, Colombia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by City Drug Store.

A Cure for Cholera Infantum.

"Last May," says Mrs. Curtis Baker of Bookwalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered, and is now (nearly a year since) a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by City Drug Store.

FINE SHOE WORK.

E. S. Winkler of Medford, who is an expert shoemaker, wishes to inform the citizens of Jacksonville and vicinity that he is prepared to do all kinds of work in his line at reasonable rates. What are Humors?

They are vitiated or morbid fluids coursing the veins and affecting the tissues. They are commonly due to defective digestion but are sometimes inherited.

How do they manifest themselves? In many forms of cutaneous eruption, salt rheum or eczema, pimples and boils, and in weakness, languor, general debility.

How are they expelled? By

Hood's Sarsaparilla

which also builds up the system that has suffered from them.

It is the best medicine for all humors.
