Garnett alleges, among other things, that on or about June 1, 1902, at Missoula, Montana, the two entered into partnership for the business of locating settlers on unappropriated government lands in Southern Oregon, California and elsewhere; that the firm located about 60 persons in Jackson, Klamath and Lake counties, said persons each paying \$100 as a locating and w + of lot 8, blk 23, Chitwood fee, aggregating the sum of \$6000, all of which he claims was paid to and received by said defendant, except the sum of \$150, which was paid to the plaintiff. The plaintiff alleges that about 28 of the persons were located in township 32 S., R. 15 E., in Klamath county, without knowledge of plaintiff, claiming no report has ever been made by defendant of such locations and no account has been rendered. Garnett also alleges that since the beginning of the partnership Willett has received large sums of money and is indebted to the firm, and that these and other allegations only came to his knowledge about November 1st. He therefore asks that the partnership be dissolved, the firm's debts paid and an accounting
