Rev. E. L. Fitch, presiding elder of the M. E. Church, South, for this district, has been making Southern Oregon an official visit. He preached an able sermon in Medford Sunday.

The Wrought Iron Range Co. of St. Louis, through Phil Gearhart and his corps of assistants, is again operating in Southern Oregon. It has always done a big business here as elsewhere. Attention is called to its advertisement.

The mask ball given at Eagle Point by Jerry Heckthorn was much of a success. The attendance was larger than has been seen at any like event in that town for a long time, 75 tickets being sold. All enjoyed themselves thoroughly.

Judge Day passed a day in Medford this week, giving signatures to a petition to the legislature asking that an appropriation be made to pay the Oregon war veterans what they are due. This is a matter of simple justice, and should not be overlooked.

The estate of Arthur Wilson, of which J. E. Enyart was administrator and Colvig & Cannon attorneys, has been fully settled. The heirs came to an amicable settlement, the widow on one side and the children of the deceased on the other each taking half of the personal and real property.

John B. Hammersly, ex-editor of the Gold Hill News, and Miss Georgia Williams of Josephine county, formerly a compositor in the same office, were recently joined in the bonds of matrimony. They have the congratulations and best wishes of their many friends in which we join.

### Assessor Jones has appointed as his deputies Geo. Hoffman of Applegate, John Ashpole of Eagle Point and Dan Chapman of Barron. All of them have had considerable experience in this line, and are well qualified for the duties of the position. Better selections could not have been made.

The Iowa Lumber Co., which has begun the manufacture of lumber in earnest, with its accustomed enterprise is building a tramway from the mill, which will deliver its product at the railroad. This will not only be a great convenience, but will decrease the expense of handling the lumber considerably.

Interesting services were held at the German Lutheran church in Medford on Christmas and New Year's. The excellent programmes, which consisted of songs, recitations, dialogues, etc., were nicely rendered and duly appreciated by the many in attendance. Rev. Mr. Sack, the popular pastor, and his wife were well remembered, each receiving a number of beautiful presents.

About two weeks ago W. M. Morris of Rock Point had his horse stolen. He decided to use a little printer's ink. In a few days Mr. M. received word from Sheriff Parrott of Douglas county stating that he had recovered the horse and also the probable guilty party. It is thought the thief may prove to be the one who held up the Williams creek stage some two or three weeks ago, says the Gold Hill News.

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions, and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail. I would like to recommend it to all who are troubled with Croup, Whooping Cough, Bronchitis, Asthma, Hay Fever, etc. It is sold by all druggists."—J. C. PENDLETON.

### Veterans to be Favored.

Senator Mitchell has been giving special attention to the claims of the Indian war veterans in the pension bureau, and is just in receipt of a letter from the Commissioner of Pensions in which that official says: "All these Indian war veterans' pension claims to which you refer will have careful consideration at the earliest practical date. There were on file in the Pension Bureau on Dec. 1, 1902, 3,000 claims of survivors and widows. Realizing the advanced age of these claimants and the necessity for early action an extra force of clerks have been detailed to this work in order that these claims may be adjudicated as speedily as possible. I assure you no effort will be spared to adjudicate these claims at the earliest practicable moment. No claim, however, can be made special without an injustice to other claimants equally old and equally deserving."

### Tried to Conceal It.

It's the old story of "murder will out." A woman feels run down, has backache or dyspepsia and thinks it's nothing and tries to hide it until she finally breaks down. Don't deceive yourself. Take Electric Bitters at once. It has a reputation for curing Stomach, Liver and Kidney troubles and revivify the whole system. The worst forms of those maladies will quickly yield to the curative power of Electric Bitters. Only \$3.00 and guaranteed by City Drug Store.

### To the Public.

In retiring from the office of county assessor, after having served two terms, I feel it only just to my friends and to taxpayers in general that I should publicly thank them for the many courtesies extended to both myself and the deputies who assisted me in the field work.

To my deputies I wish to express my appreciation of their conscientious efforts in trying to carry out the plans of the office.

To the clerks who so ably assisted in the office work and the making up of the books, it is simply fair to say that only by their unceasing watchfulness were we able to keep up many of the errors that naturally occur under the present assessment law.

In giving up the office I shall not lose my interest in the work, and I shall speak for my successor the same helplessness that has been so universally extended to me. J. C. PENDLETON.

### Circuit Court Convenes.

The January term of the circuit court for Josephine county convenes Monday, the 12th. The docket is not a heavy one and may soon be disposed of. The following is a list of those who have been summoned to serve as jurors: G. L. Evans, T. P. Gramer, W. E. Dean, W. F. Hyne, Frank Fetzer, R. O. McCrosky, Otto Adams, S. Norton, W. M. Cheshire, H. W. Atkins, F. Dukes, A. H. Applegate and Henry Harth, Grant's Pass; P. Schartinson, Placer; Ed. Hathaway and M. D. L. Crooks, Selma; Geo. L. Youkers and Chas. Vandorn, Merino; A. F. Melner, F. B. Paddock.

### Jennings-Porter.

One of the prettiest weddings during the holidays was that which took place at the residence of Mr. and Mrs. B. Porter of Table Rock on Christmas, when their amiable and accomplished daughter, Miss Myrtle, was united in marriage to Richard H. Jennings, an energetic and popular young man, who is at present manager of the large farm Dr. Ray recently purchased of his mother. The ceremony was performed by Rev. T. L. Grandall of Medford. The bride looked charming in a handsome costume of castor poplin, trimmed in white lace and silk. She was the recipient of numerous valuable and useful presents. After congratulations had been extended to the happy couple, those present, who were received by Misses Margaret Porter and Grace Jennings, partook of a sumptuous repast specially provided for the occasion. The guests, besides the relatives of the bride and groom, were: Mr. and Mrs. J. C. Pendleton, Mr. and Mrs. N. C. Gunn, W. E. Dickinson, Mr. and Mrs. Frank Adams, Mrs. Elyson, Mr. and Mrs. C. A. Dickison, Miss Lucy Ray, Archie Ray, Miss Thora Smith, Mr. and Mrs. W. R. Byrum, Miss Chapman, H. T. Pankey, Elmer Chapman, Mr. Webster, J. Byrum, Mr. and Mrs. Jennings will reside on the Ray farm. In union with their many friends we trust that their journey on matrimonial seas will be fraught with happiness and prosperity.

### Trusted too Much.

Ralph Smith, a trusty at the penitentiary, who was serving a three-year sentence, escaped from the Josephine county, escaped from that institution Friday evening and, as yet, no tidings have been received of him. He had only six months of his sentence to serve and, as he had been an exemplary prisoner and a good worker, he was made a trusty and did chores around the camp and premises occupied by Superintendent Lee. That day Mr. Lee and his family had occasion to leave the city, and Smith was left alone at the house. He took a suit of black worsted clothes, a light gray felt hat and \$37 in money, and has not been seen since. The officers are inclined to think that his mind is affected.

### A Scientific Discovery.

Kodol does for the stomach that which it is unable to do for itself, even when but slightly disordered, and over-loaded. Kodol supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the flames burn, and that the stomach is allowed rest and health. Kodol does not irritate and it enables the stomach to digest its own food. It is a natural, pleasant, and safe remedy for indigestion, flatulency, red blood.

### Criminal Matters.

Sheriff Rader went to Portland last week, armed with a warrant for the arrest of a boy who is charged with seducing a girl living near Jacksonville, sworn out by the latter's father. He was obliged to return empty-handed, however, as the young man had slipped to Vancouver, Wash., where his parents live. An attempt will be made to obtain requisition papers for him from the governor of the state.

Yesterday Sheriff Rader left for Roseburg to bring back two fellows calling themselves Chas. Morris and John Smith. They are in the custody of Sheriff Parrott, who arrested them on a charge of stealing two horses from W. M. Morris of Rock Point.

### A Cure For Lumbago.

W. C. Williamson, of Amherst, Va., says: "For more than a year I suffered from lumbago. I finally tried Chamberlain's Pain Balm and it gave me entire relief, which all other remedies failed to do." For sale by City Drug Store.

### Gone to His Reward.

Adam Klippel, a well-known and highly respected citizen of Portland, died at his residence in the metropolis one day last week, aged 75 years. He was the eldest brother of the late Henry Klippel, and resided at Jacksonville a number of years ago. Mr. K. had a large experience in the newspaper line, and was editor of the Pacific Coast Advocate for a long time. He is survived by three sons—Richard, Edgar and Charles—and one daughter—Mrs. F. W. Torsler. Jacob Klippel of Josephine county is his brother.

### Too Much Water.

Bruce Davie, an inmate of the Josephine county jail, who was confined to await trial at the coming term of circuit court on the charge of stealing jewelry, died in his cell last Friday morning. He was drenched with water from a hose one cold night the winter of last week, by Peter Miller, the jailer, and this is thought to be one of the causes for his death. Davie was a heavy drinker and subject to delirium tremens. On account of his yelling the jailer, who occupied a bed in the corridor, could not sleep, and resorted to the water cure to quiet the maniac. Davie was a stranger in these parts.

### One Hundred Dollars a Box.

Is the value H. A. Tisdale, Summerton, S. C., places on DeWitt's Witch Hazel Salve. He says: "I had the piles for 20 years. I tried many doctors and medicines, but all failed except DeWitt's Witch Hazel Salve. It cured me." It is a combination of the healing properties of Witch Hazel with anti-inflammatories and emollients. It relieves and permanently cures hemorrhoids, itching and protruding piles, sore, cuts, bruises, eczema, salt rheum and all skin diseases.

### Domestic Troubles.

It is exceptional to find a family where there are no domestic ruptures occasioned, but these can be prevented by having Dr. King's New Life Pills around. Much trouble can be averted by their use at work in stomach and liver troubles. They not only relieve you, but cure. 25c. at City Drug Store.

### Still at Large.

A Grant's Pass dispatch says that Edward Lyons, the alleged leader of the gang of horse-thieves who have been operating in Southern Oregon, and who made his escape while being taken to the county jail at Jacksonville by Constable Crommiller, still eludes the officers and no clue to his whereabouts can be obtained. Lyons' parrot resides in that city, and he has other relatives in Jackson and Josephine counties, who would naturally shield him. Sheriff Lewis has been informed that Lyons was in Grant's Pass, and had been seen on the streets there the night before. He was also told where his man could be found; but upon investigation failed to find him.

### Deafness Cannot be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by restoring the hearing power to the natural condition. This can only be done by using the Bristle Root Cure. This medicine penetrates the ear, and restores the hearing power to the natural condition. It is a simple and safe remedy, and is sold by all druggists. Price, 50c per bottle.

### No Oil Burns Here.

By the first of February the locomotives pulling trains between Ashland and Sacramento will be equipped with oil-burners. Supt. Fields says that no oil-burning engines will be used on the Oregon end of the road. The reason the change is not made here is owing to the fact that the company has a vast accumulation of cordwood along its lines, and it will require much time to exhaust the supply. It is not economy to hurry the preparations for constructing oil tanks between Portland and Ashland so long as there is so much wood in sight.

### Consumption.

Salt pork is a famous old-fashioned remedy for consumption. "Eat plenty of pork," was the advice to the consumptive 50 and 100 years ago.

Salt pork is good if a man can stomach it. The idea behind it is that fat is the food the consumptive needs most.

Scott's Emulsion is the modern method of feeding fat to the consumptive. Pork is too rough for sensitive stomachs. Scott's Emulsion is the most refined of fats, especially prepared for easy digestion.

Feeding him fat in this way, which is often the only way, is half the battle, but Scott's Emulsion does more than that. There is something about the combination of cod liver oil and hypophosphites that puts new life into the weak parts and has a special action on the diseased lungs.

### Itching Skin

Distress by day and night—That's the complaint of those who are so unfortunate as to be afflicted with Eczema or Salt Rheum—and outward applications do not cure. They can't.

The source of the trouble is in the blood—make that pure and this itching, burning, itching skin disease will disappear.

"I was taken with an itching on my arms which proved very disagreeable. I concluded it was salt rheum and bought a bottle of Hood's Sarsaparilla. In two days after I began taking it I felt better and it was not long before I was cured. Have never had any skin disease since." Mrs. Ida E. Ward, Cove Point, Md.

### The Improved "Home Comfort" Family and Hotel Ranges

From Those Who Have Used Home Comfort Ranges.

We have used a Home Comfort 14 years with perfect satisfaction in every particular, and we recommend same to general public as one of the best and cheapest in the long run on the market.

Geo. F. MERRINMAN, Postmaster, Medford.

We have used a Home Comfort 14 years without one cent for repairs, and it is in perfect condition. It is a fuel saver, a perfect baker, it pleases the housewife by making the kitchen work a pleasure instead of a drudge. It ought to be in every home, and would be if understood.

J. M. HIBBE, Pullman, Wash.

Fourteen years ago we were induced to buy a Home Comfort, which we are happy to say did away with vexation and annoyance so frequently caused by the use of inferior stoves and ranges. Our neighbors and friends have nearly all bought the Home Comfort since, and are equally as well pleased. We are now thoroughly convinced of its merits and take pleasure in recommending same to the general public.

### A SEVERE TEST

### Came Through Fire Without Serious Injury

[Ottawa (Ont.) Evening Journal, June 7, 1900.]

For a number of years the Wrought Iron Range Co., of St. Louis, Mo., have been manufacturing a range known as the Home Comfort, which they have guaranteed to be as nearly indestructible as human hands and brains could make them. This was amply demonstrated on April 20th last, when the great fire swept over Hull. Eight of these ranges were in the burnt district; but although they were for many hours subjected to the terrible heat, the falling walls and chimneys, the water which was thrown upon the buildings, they were each found to be intact among the ruins. In one case, however, a cast iron pot, which had been left on the range, was found to have been melted and run over the top. The copper reservoirs were naturally melted by the terrible heat, and some of the lighter bracket work was bent by falling roofs and walls; but so far as the main body of the range was concerned, not a piece was warped, not a cover bent or a single plate cracked or broken.

It is the material employed and the method of making which gives the Home Comfort Ranges this wonderful tenacity and strength. The material used is malleable iron, wrought steel and asbestos. Malleable iron has been shown by chemical and mechanical tests to have a heat-resisting power twelve and one-half times greater than that of cast iron. The frames, doors and parts liable to strain or breakage, are made of the material. The end flues and every vital part are all carefully lined with protecting asbestos, thus making a durable, strong and as nearly perfect a range as has yet been made by man or capable of being made.

The following testimony from owners of the ranges in question carries with it complete confirmation and conviction:

"We, the undersigned citizens of Hull, purchased Home Comfort ranges of the Wrought Iron Range Co., of St. Louis, Mo., previous to the recent fire. During the terrible conflagration our ranges were subjected to the most intense heat, and we supposed they were totally destroyed; but upon examination we found the body of the ranges uninjured, not a piece warped or out of place. In one instance a cast iron kettle was melted on the malleable top. We have heard of no other ranges which survived our terrible visitation, and beyond question the Home Comfort range, so far as we are concerned, stands pre-eminently."

### Consumption

Salt pork is a famous old-fashioned remedy for consumption. "Eat plenty of pork," was the advice to the consumptive 50 and 100 years ago.

Salt pork is good if a man can stomach it. The idea behind it is that fat is the food the consumptive needs most.

Scott's Emulsion is the modern method of feeding fat to the consumptive. Pork is too rough for sensitive stomachs. Scott's Emulsion is the most refined of fats, especially prepared for easy digestion.

Feeding him fat in this way, which is often the only way, is half the battle, but Scott's Emulsion does more than that. There is something about the combination of cod liver oil and hypophosphites that puts new life into the weak parts and has a special action on the diseased lungs.

A sample will be sent free upon request.

Be sure that this picture in the wrapper of every bottle of Emulsion you buy.
