NO. 12

An Immense Strike.

E. M. Sturges, a prospector from a mining district in Mexico, near Douglas, A. T., reports a tremendous gold strike in the Torres mountains, about forty miles from the terminus of the Nacozari railroad. Sturges claims to have taken out \$150,000 in gold in the last six weeks. His outfit only worked the very richest deposits by the old system of robbing the veins. He says the ledge can be traced through three hills. Samples of ore are said to run as high as 300 ounces of gold to the ton; worth \$72,000. There is great excitement at Douglas, and a stampede has begun to the vicinity of the strike.

LOCAL NOTES.

Chief of Police Smith of Ashland is very sick with stomach trouble. Miss Maud Vaughn of Ashland is visiting relatives residing at Sam's Valley. Roy Robley is visiting at Ashland. He is now connected with the electric light company of Santa Rosa, Calif. R. C. Harrison, of the Iowa Lumber Co., has returned from a trip to Chicago in the interest of that corporation. Lent begins February 25. Archbishop Christie has just issued the Lenten regulations for the archdiocese of Oregon. The People's Press, the organ of the Socialist party in Oregon, is dead at Albany. It had quite a number of subscribers in Southern Oregon.

E. S. LYONS KILLS SHERIFF OF LANE CO.

An Outlaw Well Known in Southern Oregon Will Swing for His Crime. Trapped in the home of the outlaw he sought to arrest, and with his arms held tight in the grasp of two women, W. W. Withers, sheriff of Lane county, was fatally shot on the Siuslaw river, 30 miles west of Eugene.

In Memoriam.

At a regular meeting of Jane M. McCully Club No. 29, N. D. O., held Feb. 4th, the following resolutions were adopted: WHEREAS, It has pleased Divine Providence, in his mysterious dispensation of events, to take from our midst our beloved sister, Elsie C. Day; therefore be it

The Biggest of All.

The World's Fair of 1904, to be held at St. Louis, will be approximately twice as large as any former international exposition. The Centennial Exposition at Philadelphia covered 236 acres, the Paris Exposition of 1889-1890 336 acres, the Columbian Exposition at Chicago, 633 acres. The ground to be used for the World's Fair at St. Louis will cover 1180 acres. The construction cost of the Centennial Exposition was \$5,500,000; that of the Paris Exposition was \$9,000,000. The cost of the Columbian Exposition was estimated at \$18,322,000, and the total cost was \$27,250,000. The estimated construction cost of the St. Louis Fair is \$30,000,000, and the total cost will be upwards of \$40,000,000 by the time the work is completed.

Before the exposition gates are open the city of St. Louis will have expended the enormous sum of \$20,000,000. Of this amount \$5,000,000 was appropriated for the fair through the municipal assembly. Citizens of St. Louis raised \$5,000,000 additional by private subscription. The U. S. government and the state of Missouri have appropriated \$5,000,000 and \$1,000,000 for the fair respectively. By popular vote at a special election the charter amendments were carried, which will enable the city to expend \$10,000,000 for street paving and other improvements.

A Store Robbed.

The mercantile establishment of J. C. Rads & Son, located in West Medford, was burglarized Sunday night. Entry was made through the rear of the building. The thief or thieves made away with about \$50 worth of goods. There is no clue to the culprits, although certain hoodlums are suspected.

LIKE HER OLD SELF

THE STORY OF A GIRL ON THE PACIFIC COAST.

Both She and Her Mother are Enthusiastic Over a Wonderful Event in Their Lives. Miss Maud E. Cable, of Chico, Butte Co., Calif., is a bright, vivacious girl of fifteen, with the glow of health in her cheeks. A few months ago, however, she was sick and weakly. How this wonderful change came about is best told in the words of her mother, Mrs. Rose Cable, who says: "My daughter was in a miserable state of health and I feared she could not live. It began with irregularity in the natural functions of her sex, accompanied by severe headaches, heart and stomach trouble, and finally she broke down entirely. The doctor said she had anemia, which, he said, meant that her blood had turned to water. "The pain in her head was so severe that she was hardly able to bear it; her stomach so weak that she could eat nothing but soup. Her liver was so enlarged and torpid, her nerves all unstrung and her complexion just like a dead person's. She grew weaker in spite of the doctor's care and finally her hands and feet began to swell. "An advertisement in the papers led me to have her try Dr. Williams' Pink Pills for Pale People and she began to feel better almost immediately upon taking them. She grew better every day. When she had taken them two weeks she had gained eight pounds, and fourteen by the time she had taken five boxes. Her color has come back and she looks like her old self. She has gone to work again. "I feel very grateful for what Dr. Williams' Pink Pills have done for her, for I am sure they saved her life."

Finley Perrine, bailiff of the supreme court for a number of years, died at Salem, Feb. 6th, of brain trouble.

He was a prominent Mason and popular with all who knew him. T. B. Goodpasture has purchased Ira Wakefield's place, located in Phoenix, containing nearly 30 acres of some of the best land in the valley. We learn that the price paid was \$6000.

Chas. Nickell, U. S. Commissioner for the District of Oregon, is equipped to receive applications under the timber and stone, also homestead laws.

Final proofs taken, and all business connected with U. S. government lands transacted. Office with SOUTHERN OREGONIAN, Medford, Phone 211. Burleigh hill providing for the maintenance of a state bureau of information at Portland and the levying of a state tax on Jacks, was defeated. This is one of the Legislature's many mistakes, for the measure was a meritorious one and would have benefited the whole state much, especially Southern Oregon.

The People's Press, the organ of the Socialist party in Oregon, is dead at Albany.

It had quite a number of subscribers in Southern Oregon. Mrs. G. Newbery visited in Medford and Phoenix Sunday. She was accompanied to Jacksonville by her sister, Mrs. C. C. Taylor. S. M. Eby, who was formerly a resident of the valley, made us a short visit this week, while on his way home from California. He is now located in Idaho and engaged in farming.

Murderer Lyons is covering in a cell in the jail at Eugene, and the town is quieting down after days of such excitement as that country has never known.

Lyons was caught Monday morning on a freight train going south, near Creswell. This is 12 miles south of Eugene. The people of Creswell and vicinity were in a state of great suspense, looking for a man who might prove to be the hunted outlaw. About 3:30 Monday morning a posse men consisting of Ed. F. York, J. M. W. G. C. Law, Wm. B. Jones, James Noland, H. Veach and Wm. Miller, were near the Southern Pacific railroad station just as the freight train pulled out. Lyons was spotted by the posse men, who at once proceeded to run the engine to stop the train. The engineer refused to stop, and Lyons was thrown off the train. Lyons was caught Monday morning on a freight train going south, near Creswell. This is 12 miles south of Eugene.

Sen. Mulkey has introduced a local option bill in the state senate. It provides that the legal voters of any incorporated city or town shall have the authority to vote upon and determine for themselves the question as to whether licenses for the sale of intoxicating liquors shall be granted by the council.

A vote upon the question may be called by filing with the recorder a petition signed by ten or more legal voters not less than 15 days before any general election of such municipality. It is not likely that the bill will pass.

Aching Joints

In the fingers, toes, arms, and other parts of the body, are joints that are inflamed and swollen by rheumatism—that acid condition of the blood which affects the muscles also. Sufferers dread to move, especially after sitting or lying long, and their condition is commonly worse in wet weather. It has been a long time since we have been without Hood's Sarsaparilla. My father thinks he could not do without it. He has been troubled with rheumatism since he was a boy, and Hood's Sarsaparilla is the only medicine he can take that will enable him to take his place in the field. Miss ADA DORT, Sidney, Iowa.

Timber Depredations.

Reports that timber has been cut and encroachments made on the Ashland forest reserve have been in circulation for some months past, and it is also asserted that homesteads have been located in the Canyon from which the entries have been felled and sold in the Ashland. The recent visit of E. N. Deady, a special agent of the general land office, is believed to be of significance in this connection. Not only are there heavy penalties in the way of fine and imprisonment for the violation of laws on the Government reserve, but they are equally severe on entries who cut timber for commercial purposes on their homesteads. The Tidings hears that Mr. Deady made some sensational discoveries while here, and developments of interest are expected to follow. He left for the north Friday evening, accompanied by three men who are alleged to be witnesses of unlawful timber cutting.

Broke His Leg.

Last Sunday afternoon a severe truck place in front of Hotel Nally, in which Special Policemen Eids and Tolpe broke were the central figures. Some words had passed between the pair, when the officer placed Brodeur under arrest and proceeded to march him to the city jail. The latter resisted, where a scuffle ensued, in which he had one of his legs broken above the ankle. He was removed to his residence, where Dr. Shearer attended to his injured limb.

For Stomach Troubles.

"I have taken a great many different medicines for stomach troubles, but nothing did me any good. I am now taking Chamberlain's Stomach and Liver Tablets. For sale by City Drug Store."

Cancer Cured.

Mr. W. W. Pickett, Smithfield, Ill., writes, Sept. 10th, 1901: "I had been suffering several years with a cancer on my face, which was of great annoyance and unbearable itching. I was using Ballard's Snow Liniment for a sore leg, and through its use I learned of the existence of Chamberlain's Cancer Remedy. I bought a bottle, and as it gave me almost instant relief I decided to continue to use it. In a short time the cancer came out, my face healed up and there is not the slightest scar left. I have implicit faith in the merits of this preparation. In a short time it has completely disappeared." 25c, 50c and \$1.00. For sale by City Drug Store.

Neurology.

Hon. Garrett H. Van Ripper died at Ashland Saturday, in the 77th year of his age. He was a pioneer of 1850, first settling in Douglas county. In 1870 he removed to that section of Jackson county now known as Klamath county, and lived there until 10 years ago, when he went to Ashland, where he has since resided. In 1872 he was elected to the lower house of the Oregon Legislature from Jackson county, serving one term. A wife and five children survive Mr. V., who was an honorable and highly respected man.

Are You Restless at Night.

And harassed by a bad cough? Use Chamberlain's Cough Remedy. It will cure your cough and induce a prompt and radical cure. 25c, 50c, and \$1.00 bottle at City Drug Store.

A Young Man Honored.

Gov. Chamberlain has appointed E. A. McPherson, of Portland, assistant warden at the State Penitentiary, to succeed A. C. Dille, who recently resigned his position because of the Carlisle scandal that was disclosed at that institution. The new appointee has already begun his duties. Mr. McPherson was born in Jackson, and for a time resided in Jacksonville and Josephine county with his parents. His father was W. A. McPherson, once state printer. He served as shop guard at the prison under the Penney administration. It is a good appointment. In Portland he was employed by the Moyer Clothing Company.

The Easy Pill.

DeWitt's Little Early Risers do not gripe nor weaken the system. They cure biliousness, jaundice, constipation and dyspepsia, by arousing the secretions, moving the bowels gently, yet effectively, and giving strength and tone to the glands of the stomach, liver and bowels. The cause of the trouble is removed entirely. These famous little pills exert a decided tonic effect upon the organs involved, and if their use is continued for a few days there will be no return of the trouble.

Estroy Notice.

Came to the Swayne Ranch, Union precinct, about Nov. 1, 1902, a roan steer, two years old, no brands visible, long crop off right ear and short crop off left ear. The owner can recover the animal by proving property and paying charges. G. C. CULY, Applegate, Feb. 2, 1903.

St. Valentine's Ball.

A dancing party will take place in the public hall at Ruch Friday night, Feb. 13th. Good music and supper will be provided. Tickets, \$1.50 for the animal by proving property and paying charges. G. C. CULY, Applegate, Feb. 2, 1903.
