CURRENT COMMENT.

THE People's Press of Albany has been merged with the Liberator, a journal of the Socialist persuasion lately started at Portland.

SFNATOR MITCHELL has been quite ill, but is said to be improving. His death must have been anticipated by some of the legislators, as they proposed adjourning the legislature to a certain date, in order not to allow Gov. Chamberlain the privilege of naming his successor.

THE supervisors of Santa Cruz, Cal., have appropriated \$1250 for the purpose of fighting the codlin moth, under the direction of the College of Agriculture of that state. This is an important work, and most vigorous efforts should be made everywhere to destroy this fruit pest.

THE officers of Josephine county will soon get bigger salaries, as Representative Hale's bill increasing them has passed the legislature. Hereafter the sheriff will get \$2,000 a year and be allowed a deputy at \$65 a month; the clerk \$1700 a year and \$75 monthly for clerical assistance. The county \$600 respectively.

"I have gone 14 days at a time without a movement of the bowels, not being able to move them except by using hot water injections. Chronic constipation for seven years placed me in this terrible condition; during that time I did everything I heard of but never found any relief; such was my case until I began using CASCARETS. I now have from one to three passages a day, and if I was rich I would give \$100.00 for each movement; it is such a relief."
