

### Fibroid Tumors Cured.

A distressing case of Fibroid Tumor, which baffled the skill of Boston doctors. Mrs. Hayes, of Boston, Mass., in the following letter tells how she was cured, after everything else failed, by Lydia E. Pinkham's Vegetable Compound.

Mrs. Hayes' First Letter Appealing to Mrs. Pinkham for Help: "DEAR MRS. PINKHAM:—I have been under Boston doctors' treatment for a long time without any relief. They tell me I have a fibroid tumor. I cannot sit down without great pain, and the soreness extends up my spine. I have bearing-down pains both back and front. My abdomen is swollen, and I have had flowing spells for three years. My appetite is not good. I cannot walk or be on my feet for any length of time. The symptoms of Fibroid Tumor given in your little book accurately describe my case, so I write to you for advice."—(Signed) Mrs. E. F. HAYES, 292 Dudley St., (Roxbury) Boston, Mass.

Note the result of Mrs. Pinkham's advice—although she advised Mrs. Hayes, of Boston, to take her medicine—which she knew would help her—her letter contained a mass of additional instructions as to treatment, all of which helped to bring about the happy result.

"DEAR MRS. PINKHAM:—Sometime ago I wrote to you describing my symptoms and asked your advice. You replied, and I followed all your directions carefully, and to-day I am a well woman. "The use of Lydia E. Pinkham's Vegetable Compound entirely expelled the tumor and strengthened my whole system. I can walk miles now."

"Lydia E. Pinkham's Vegetable Compound is worth five dollars a drop. I advise all women who are afflicted with tumors or female troubles of any kind to give it a faithful trial."—(Signed) Mrs. E. F. HAYES, 292 Dudley St., (Roxbury) Boston, Mass.

Mountains of gold could not purchase such testimony—or take the place of the health and happiness which Lydia E. Pinkham's Vegetable Compound brought to Mrs. Hayes.

Such testimony should be accepted by all women as convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for all the distressing ills of women; all ovarian troubles; tumors; inflammations; ulceration, falling and displacements of the womb; leukæmia; irregular, suppressed or painful menstruation. Surely the volume and character of the testimonial letters we are daily printing in the newspapers can leave no room for doubt. Mrs. Hayes at her above address will gladly answer any letters which sick women may write for fuller information about her illness. Her gratitude to Mrs. Pinkham and Lydia E. Pinkham's Vegetable Compound is so genuine and heartfelt that she thinks no trouble is too great for her to take in return for her health and happiness.

Truly it is said that it is Lydia E. Pinkham's Vegetable Compound that is curing so many women, and no other medicine; don't forget this when some druggist wants to sell you something else.

**\$5000** REWARD if we cannot furnish you the original letters and signatures of Mrs. Hayes, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

### Marvelous Escape from Death!

### PAINE'S CELERY COMPOUND

### Does a Wondrous Work for a Lady Who Was Almost Crazed with Pain and Suffering.

It is well known that terrible rheumatism, sciatica, and neuralgia cause more helplessness, acute suffering, and agony, than any of the other diseases that afflict humanity. The great medicinal virtues of Paine's Celery Compound make it the only trustworthy specific for the cure of all forms of rheumatism and neuralgia. Thousands of strong testimonial letters from the most prominent people of the land, prove that Paine's Celery Compound has banished these terrible fatal troubles when all other treatment has failed. Mrs. Margaret Bledsoe, of Brownsboro, Minn., after thirty years of agonizing tortures had a desire to end her life, it was the will of Heaven; she almost prayed for the time to lay it down. Heaven, however, made use of Paine's Celery Compound, and is enjoying true life once more. She says:— "For years I have been a great sufferer from neuralgia in the head, and also with rheumatism in the whole body. I began to feel much better when I used Paine's Celery Compound, and soon found I was much better. Before taking the Compound, my life was such a burden that I almost prayed to lay it down. I was laid every two weeks with horrible pain in the head, back, and neck, until I was almost crazed. I am able to do house work and most of my duties for twenty-five years. I am really enjoying life again, thanks to Paine's Celery Compound. I am satisfied that my life has been prolonged many years by its use."

### THE NUGGAR TANK.

This Loathsome Spot is One of the Sights of India.

One of the innumerable curious sights of India is the Nuggar tank. It is a small pond, in former times the crocodiles which inhabit it roamed the neighborhood at their will, seeking whom they might devour, but so great were their depredations that the authorities were forced to build a wall round their haunt. This is a swamp, caused by hot springs, the medicinal virtues of which have been known from early times and are attributed to the sanctity of a Mohammedan whose tomb is closely by and to whom the crocodiles are sacred.

The tank, as it is called, is about 150 yards long by about half that distance in breadth. In this space one observer counted over 200 reptiles from eight to fifteen feet long and smaller ones innumerable. They are so tame, in a sense, that it is necessary to poke them with a stick before they will move. Buffaloes are always standing in the water and are not attacked, but any animal that is incautiously seized, "The whole appearance of the place," says one writer, "with its green, slimy, stagnant water and so many of these huge, uncouth monsters moving singly about, is disgusting in the extreme, and it will long be remembered by me as the most loathsome spot I ever beheld."—Chambers' Journal.

### If The Baby is Cutting Teeth.

Be sure and use that old and well-tried remedy, Mrs. Winslow's SOOTHING SYRUP, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and cures every other distress. Twenty-five cents a bottle.

### A Speedy Healing.

A yearling filly, owned in Kentucky, by Belvoir, 2:18, dam by Jay Bird, trotted a quarter in forty-one seconds and an eighth in nineteen the fifth time she was on the track.

### Wouldn't Wear a Glove.

Yenger is one of the few catchers who will not wear a glove, and uniformly as it is, his record came in the shape of a badly split hand that puts him out of the game for awhile.

### HERBINE CURES

Fever and Ague. A dose will usually stop a chill, a continuance always cures. Mrs. Wm. M. Stroud, Middleton, Texas, May 31, 1899, writes: "We have used Herbine in our family for eight years, and found it the best medicine we have ever used, for biliousness, griping fever, and malaria."—At City Drug Store.

### A Thoughtful Man

M. M. Austin of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of rheumatism and liver trouble physicians could not help her. He thought of all the King's New Life Pills and she got relief at once and was finally cured. Only 25c., at City Drug Store.

### Mortifying Advice.

A federal officialholder tells of campaigning in Kentucky with another stump speaker. The latter thought to make a good impression in the famous distillery town of Owensboro, and his speech there sounded the praises of whiskey. "Why, gentlemen," said he, "I have noticed in my reading of history and biography that all great men drank liquor. I tell you, whiskey makes men smart."

### What's that?

"What's that?" said an old farmer who was a noted teetotaler. "Whiskey makes men smart," retorted the orator, "and I challenge denial."

### Then, said the farmer,

"you'd better get a couple of barrels and begin on it at once."

### Farm for Sale.

### Southern Oregon Mines

The largest gold nugget yet discovered in the Nome District yielded to the finder \$1700.

Notices for the location of placer and quartz mines, etc., up-to-date and complete, for sale at this office.

A. N. Mills of Tacoma, a well-known operator in mines, is in this section again, accompanied by W. DeVarilla of Grants Pass. They are negotiating for the Opp mines, located a few miles west of Jacksonville.

E. H. Stull has returned from the Red Hen mine, located in Douglas county, which he has been developing for some time past. The ledge is now twelve feet wide and carries one of an excellent quality. He will leave for Kingman, Arizona, in a short time.

The American Mining Code, standard authority on all subjects pertaining to mining, water-rights, etc., is kept on hand at this office.

The management of the Shorty-Hope Mining and Milling Co. have arranged with Jesse A. McCall, the expert United States Deputy Mineral Surveyor for Oregon, to survey and map the ledges through the entire length of their properties, nearly a mile.

H. S. Reed of Medford, the mining man, was in Ashland recently, says the Tribune. With his partner, Mr. Fletcher, he has a crew of men at work on the Little Applegate Cinnabar mine, 12 miles southwest of Ashland. They are running a new tunnel, which will tap the ledge 140 feet below the old workings, and it will take about four months to get underneath the old shaft.

The American Mining Code, standard authority on all subjects pertaining to mining, water-rights, etc., is kept on hand at this office.

W. D. Sisson had some fine specimens of copper ore in Yreka, which came from some copper ledges he is interested in with other parties at the head of Smith river in Del Norte Co., Cal. The group of mines extend into Oregon, across the boundary, and are close to the northwest corner of this county. They are probably in the same belt as the Preston Peak and Cook creek copper mines on Siskiyou mountain, near the California line.
