

### A PROMINENT EVENT IN SOCIAL CIRCLES.

#### Wedding of a Couple Well and Favorably Known in Southern Oregon.

A brilliant society event took place Tuesday in the beautiful home of Hon. and Mrs. H. E. Ankeny, says the Eugene Guard. It was the wedding of the eldest daughter of the household, Miss Dee, to John S. Orth, a prominent citizen and business man of Jacksonville, Oregon.

The wedding was a semi-private affair, only the immediate friends and relatives of the families being present. Aside from Eugene guests, Mr. and Mrs. D'Huff, of the Dalles; V. Cook and daughter, Miss Lelia, of Portland; Mr. and Mrs. McClallan, of Roseburg; Miss Orth and Miss Ella Orth, sisters of the groom, of Jacksonville, Mrs. E. Wilkinson, Medford, and C. N. McArthur, of Portland, were in attendance.

At 1:30 o'clock the bridal party entered the parlour, which was beautifully decorated in apple blossoms and white and pink ribbon, accompanied by Lohengrin's pretty wedding march played by Mrs. Emma Thompson. At one end of the room they took their stand under a beautiful bower of flowers, and in a few moments were pronounced husband and wife by the Rev. Father Heugan, of the Catholic church, of which faith Mr. Orth is a member.

At the altar the bride looked charming in her gown of liberty silk trimmed in lace and folds. She carried a bouquet of her favorite flowers, orchids and ferns. She was unaccompanied. The groom wore the conventional evening dress. After the ceremony the guests sat at one of the most elaborate wedding banquets ever served in this city. It was a service long to be remembered by it.

An informal reception followed and congratulations were showered upon the fortunate man from the south who wedded and won one of Eugene's most popular daughters. The bride was the recipient of an elaborate display of valuable and beautiful presents, cut glass forming a chief feature.

The happy couple left next morning for Portland, where they will spend a few days of their honeymoon. After a short time spent in Eugene they will repair to Jacksonville, where they will reside. The best wishes of their host friends accompany them.

### HERBINE CURES

Fever and Ague. A dose will usually stop a chill, a continuance always cures. Mrs. Wm. M. Stroed, Medford, Texas, May 31, 1896, writes: "We have used Herbine in our family for eight years, and found it the best medicine we ever used, for the grippe, bilious fever, and malaria." 50c. at City Drug Store.

### Our Fruit Interests.

A. H. Carson, member of the State Board of Horticulture from this district, recently submitted a report, from which we make the following extracts:

"Spraying has been done to a greater extent than any former year, as orchardmen of all classes now realize that their success, if they grow clean fruit that can be sold in the market, it must be sprayed carefully.

"Gasoline power to run spray pumps in this district is increasing rapidly. Fruit men find gasoline power much cheaper than hand labor on the spray pumps, as well as more effective. There are 50 gasoline engines in use in Josephine county alone.

"About 120 acres of new orchards were planted in Jackson county the past winter, the apple leading all other varieties of fruit in acreage.

"The apple anthracnose, which in the past has retarded the apple orchards of Josephine and Douglas counties with extinction, I am glad to report, is found to yield readily by spraying with Bordeaux mixture early in the fall, just as apple-fathering. The Eisman Bros. whose orchard, the Eisman Bros. whose orchard, six miles west of Grants Pass, was so badly diseased with an anthracnose,

or canker, two or three years ago, have eradicated the disease entirely there by spraying with Bordeaux.

"Mr. Rymer, who has a 10-acre apple orchard three miles west of Grants Pass, which for the past four years has been badly diseased with anthracnose, failed to eradicate the disease by spraying late in the winter or early spring. At my suggestion he sprayed the diseased trees with Bordeaux mixture, leaving two rows unsprayed, as a check, with the result that at this date on all the trees sprayed last fall with Bordeaux no new growth appears, while on the two rows left unsprayed the new anthracnose appears in great abundance. This test alone demonstrates that anthracnose has a specific in the use of Bordeaux mixture applied early in the fall."

### Valley Wool Growers to Combine.

Plans are being formulated to combine the entire wool clip of the Willamette Valley and Southern Oregon. Wools will be graded and baled to meet trade requirements and shipped direct to eastern mills, saving all middle profits. It is estimated under the methods of selling that it will add to the profits of the growers over \$100,000 now going into the pockets of the middlemen. One of the largest wool warehouses in Portland has been secured and is being fitted up with sorting machinery and grading tables. When wools are all in shape for market sale will be advertised East and then sold under sealed bids. Having several million pounds together and being properly packed, it will warrant eastern mills sending out their buyers to buy direct from the range. The largest grower in the Willamette valley, S. Philippi of Stayton, Marion county, is beginner of the proposition.

Trumbull, Com'l Agent Ill. Central R. R., 142 Third St., Portland, Ore.

### THE BALLOTING FOR CARNIVAL QUEEN.

#### Medford is a Close Second in the Contest—Interest Increasing Rapidly.

Miss Blackburn, Gold Hill, 804; Freddie Angle, Medford, 708; Helen Colvig, Jacksonville, 763; Lucy George, Ashland, 498; GRANTS PASS, LEADING CANDIDATES: Grace Good, 621; Essie Hartman, 621; Carrie White, 621; E. Dowell, 479.

The race for carnival queen is started, and it's a hard guess as to who will be successful. Gold Hill starts off in the lead, with Miss Angle just six votes behind, while Miss Colvig of Jacksonville is only 41 votes in the rear. Many voters of Grants Pass are supporting outside candidates.

The carnival committee will not accept any more ballots by mail. People living at Medford must vote at the station erected in this city for that purpose. Every Thursday noon the ballots will be counted at the Medford Drug Co.'s place of business, and the public is invited to be present. The contest will be in the hands of a local committee, the press in general. Gold Hill and Jacksonville have made the same arrangements. Each city may have as many candidates as they wish.

The local camp of Woodmen of the World have arranged for big times every Thursday night. It will furnish 25 candidates for the grand initiation which will take place the first afternoon of the carnival.

Plans are being made to run a special train from Medford to Grants Pass, June 15th. Medford Circle will take their team, which is the best drilled one in the state.

### A Thoughtful Man.

M. M. Austin of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble physicians could not help her. He thought of and tried Dr. King's Kidney Pills and she got relief at once and was finally cured. Only 25c. at City Drug Store.

Sick and nervous headaches are among the worst ills of life. The man or woman who is subject to the regular return of these headaches, and who feels a load of misery and wretchedness that is terrible to think of.

Headaches as a rule, result from a disordered condition of the nervous system. Mental excitement, loss of sleep, bodily fatigue, and disordered digestion are exciting causes. When the brain becomes tired and debilitated, the whole nervous system is weakened, and the result is a sick headache, the kidneys inactive, and digestion deranged, headaches invariably follow. To cure and prevent headache, the nervous system must be strengthened and invigorated. The most persistent cases of headache, nervous feelings, and sleeplessness, are permanently cured by Paine's Celery Compound; it is the great reconstructer of the nervous system.

Mrs. Henry Westrick, St. Clair, Mich., tells of her release from suffering as follows:— "I have been troubled with sick headache for a number of years. About every week I would have a bad spell of sick headache, but since I began using Paine's Celery Compound, my headache has gone, and I do not have any more headaches. I feel better than I have for years."

ENGLAND'S DEBTS ARE OF ENORMOUS PROPORTION. London, April 21.—The Daily Telegraph calculates that the total gross liabilities of the United Kingdom amount to £280,000,000. SECURITIES COMPANY MAY PAY MORE DIVIDENDS. St. Paul, April 21.—Before United States Circuit Judge W. H. Sanborn have appeared attorneys for the Northern Securities company and the Southern Pacific, who have presented their request that the recent decree against the Northern Securities be so far suspended as to permit the payment by the railroad of the regular May dividends to the securities company.

The petition was granted by Judge Sanborn after the argument. The attorneys maintained that the money would ultimately reach the same individuals, whether paid to them direct or through the medium of the Northern Securities company. On all other points of the decree no modification was asked. The attorneys presented their petition to Judge Sanborn on Friday, but United States District Attorney Haupt, under instructions from Attorney General Knox, objected, and the case was set for argument. A little over \$4,000,000 will be released for the May dividends and nearly \$4,000,000 will be paid out before a decision can be secured from the supreme court of the United States.

When the breath is bad and the stomach is out of order, there is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S. The use of Kodol began to improve at once, and after taking a few bottles am fully restored in weight, health and strength and can eat whatever I like. Kodol digests what you eat and makes the stomach sweet."

TITLED ITALIAN BOLDLY HUNTS AMERICAN HEIRESS. New York, April 21.—Armed with documents to verify his claim to nobility, Marquis de Mayo Durazzo of Naples, Italy, has come to New York with the intention of marrying an American heiress, and in evidence of his earnestness recently advertised to this effect.

"There is more money in New York than in all Europe," he said when asked why he came to New York instead of going to some other large city.

"You see," said the marquis, "I am young and would like a young and beautiful bride with the large dowry I so come here to find it. American girls are beautiful beyond all others."

Asked if \$100,000 would be a fair dowry, he said: "It would do, but it is not much return for the honor my title brings. My family is nearly 800 years old and has large estates near Naples."

Passports from Naples, signed by the mayor, say that "Arthur, Marquis Durazzo, is of good moral character and the son of Francis, Marquis de Durazzo, a wealthy man of Naples."
