

A prominent club woman, Mrs. Danforth, of St. Joseph, Mich., tells how she was cured of falling of the womb and its accompanying pains and misery by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Life looks dark indeed when a woman feels that her strength is fading away and she has no hopes of ever being restored. Such was my feeling a few months ago when I was advised that my poor health was caused by prolapsus or falling of the womb. The words sounded like a knell to me. I felt that my sun had set; but Lydia E. Pinkham's Vegetable Compound came to me as an elixir of life; it restored the lost forces and built me up until my good health returned to me. For four months I took the medicine daily and each dose added health and strength. I am so thankful for the help I obtained through its use."—MRS. FLORENCE DANFORTH, 1007 Miles Ave., St. Joseph, Mich.

A medicine that has restored so many women to health and can produce proof of the fact must be regarded with respect. This is the record of Lydia E. Pinkham's Vegetable Compound, which cannot be equalled by any other medicine the world has ever produced. Here is another case:—

"DEAR MRS. PINKHAM:—For years I was troubled with falling of the womb, irregular and painful menstruation, leucorrhoea, bearing-down pains, backache, headache, dizzy and fainting spells, and stomach trouble. "I doctored for about five years but did not seem to improve. I began the use of your medicine, and have taken seven bottles of Lydia E. Pinkham's Vegetable Compound, three of Blood Purifier, and also used the Sensitive Wash and Liver Pills, and am now enjoying good health, and have gained in flesh. I thank you very much for what you have done for me, and heartily recommend your medicine to all suffering women."—MISS EDNA SNYDER, 218 East Center St., Marion, Ohio.

"FREE MEDICAL ADVICE TO WOMEN." Women would save time and much sickness if they would write to Mrs. Pinkham for advice as soon as any distressing symptoms appear. It is free, and has put thousands of women on the right road to recovery. Mrs. Pinkham never violates the confidence thus entrusted to her, and although she publishes thousands of testimonials from women who have been benefited by her advice and medicine, never in all her experience has she published such a letter without the full consent, and often by special request of the writer.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of those who have benefited by our medicine, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

He Denies the Soft Impeachment.

Horace McKinley, whose name has been mentioned in the stories of Miss Marie Ware's alleged flight from Eugene, declares the rumors that he had gone to join Miss Ware had no substance of truth whatever. He explains he went to Klamath county to attend to matters connected with his timberland business. About Clyde D. Lloyd's participation in the charges against Miss Ware he professed to know nothing. He said that Miss Ware had not fled at all, but had come to California to visit relatives and that she would soon return.

Mr. McKinley scouted the tales about his alleged collusion with Miss Ware. He said he never took illegal advantage of the government or of any individual in his land transactions. He admitted that he was a friend of Miss Ware, and that her friendship had stood him in good stead in his business; but he denied that her treatment of him could cause others engaged in the same business to make any valid complaint to the government.

THEIR Semi-Annual Session.

The Southern Medical Association, which now comprises the doctors of Jackson, Josephine, Douglas, Lake and Klamath counties, will hold its semi-annual session at Medford, Tuesday, May 12th. This will be an unusually interesting meeting. Dr. R. C. Coffey, of Portland, an eminent physician, will meet with the Society and deliver a lecture. Dr. Woods Hutchinson, secretary of the State Board of Health, will also be present.

BEAUTY AND STRENGTH.

Are desirable. You are strong and vigorous when your blood is pure. Many—men and women—fail to become so because they neglect the care of the skin and complexion. Remedy this unpleasant evil by eating nourishing food, and taking a small dose of Herber's Hair and Skin Dye. Pure and dry air, and the increased electric influences of sunshine are vastly helpful.

THE Benefit of Change.

We are like house plants: We need a change of soil now and then—to be replanted in new scenes, new experiences, new surroundings—a change of climate, dry air instead of moisture, and more fresh air. This is a sometimes essential to health. These conditions are hard to find at hand that better than Europe can offer. Take a change to California. It is a land where you can find the best of everything. The landscape is beautiful, the climate is pure and dry, and the increased electric influences of sunshine are vastly helpful.

Democratic Platform at Albany April 11.

The Democratic party of the First Congressional District of the state of Oregon, in convention assembled, reaffirms allegiance to the time-honored principles of government as promulgated by Thomas Jefferson.

We are unalterably opposed to the present trust domination of our financial and tariff legislation, especially as exemplified by the Aldrich and Fowler bills now pending before Congress, and declare such control as subversive of good government.

There is an overwhelming demand from a vast majority of the people for a revision of the tariff along national lines. We repudiate the absurd proposition of continuing high protection on the products of gigantic trusts, now grown pliethoric with wealth under governmental favors.

We demand favorable action in lieu of mere promises in securing federal improvements of our rivers and harbors.

We demand the passage of effective laws controlling trusts and sincere efforts to enforce them.

The public lands belong to the people, and any attempt to alienate said lands contrary to law should be condemned at the bar of public opinion; and we therefore favor an honest administration of the land department as well as of all other departments.

The administration of Governor George W. Chamberlain justly receives the commendation of all people, irrespective of party, and the record of the Democratic party in the recent legislative session reflects honor upon the party, and will rebound to the welfare of the state. We commend their earnest endeavor to curtail public expenditures in the interest of the taxpayers.
