## A WASTE OF MONEY

IN FRUITLESS EFFORTS TO CURE STOMACH TROUBLE.

Not Artificial Digestion But Natural Digestion Is What Is Needed—How This May Be Obtained.

More money is spent experimenting with worthless medicines for stomach trouble than for any other disease. These preparations may temporarily aid digestion but they cannot cure indigestion. They go to the wrong way.

To permanently cure indigestion, dyspepsia or other stomach trouble, the medicine should act upon the digestive organs themselves—not upon their contents. It should not do the stomach work but should make the stomach able to do its own work.

This is what Dr. Williams' Pink Pills for Pale People will do as no other medicine can. They are not composed of artificial ingredients, which promote an artificial digestion, but the tone up the stomach, restore the weakened functions of the digestive organs and thereby promote natural digestion. A case in point is that of Arthur McLaughlin, No. 2728 North Lincoln street, Chicago, Ill. He says:

"For a long time I was troubled with severe pains in the stomach—cramps of chronic indigestion. I would feel a craving for food, but when I ate I experienced those wretched pains which nearly drove me distracted. My kidneys also became affected. I tried several different stomach medicines and, for a while they seemed to help me. Then the same old pains would come back. This went on for nearly two years and at times I was pretty much discouraged. "One day a friend advised me to try Dr. Williams' Pink Pills for Pale People. I did so. Before I finished a box the pains were less frequent and less severe, and by the time I had finished three boxes the pains were a thing of the past. Now I can eat anything and enjoy it and I feel like a new man."

Dr. Williams' Pink Pills for Pale People will not only cure stomach trouble but are a positive cure for all diseases arising from impoverished blood or shattered nerves. They are sold by all dealers or will be sent postpaid on receipt of fifty cents a box or six boxes for \$2.50. Write to Dr. Williams' Medicine Company, Schenectady, N. Y. A diet book sent free upon request.

## A Serious Accident.

T. B. Houston, an old resident of Thompson Creek, was the victim of an accident Sunday, which almost resulted fatally.

In company with John S. Miller, his father-in-law, Bailey went to the top of the Steamboat grade in search of a bee tree. On returning the brake of his wagon gave way and the team ran down the long, steep hill at a swift rate. He was thrown onto the gear between the horses, who did not relax their speed until the bottom was reached.

Mr. Houston was found to be severely hurt, and he was taken to the Methodist hospital, where Dr. Jones is attending him. Three of his ribs were broken, one of his arms fractured at the shoulder, while he received other injuries of a serious character.

## All Humors

Are impure matters which the skin, liver, kidneys and other organs can not take care of without help, there is such an accumulation of them. They litter the whole system. Pimples, boils, eczema and other eruptions, loss of appetite, that tired feeling, bilious turns, fits of indigestion, dull headaches and many other troubles are due to them.

## Hood's Sarsaparilla and Pills

Remove all humors, overcome all their effects, strengthen, tone and invigorate the whole system.

"I had salt rheum on my hands so that I could not work. I took Hood's Sarsaparilla and it drove out the humor. I continued its use till the sore disappeared. Mrs. Ida O. Brown, Rumford Falls, Me.

Hood's Sarsaparilla promises to cure and keeps the promise.

## New Trial Wanted.

Arguments for a new trial in the breach of promise suit of Birdie McCarty, a school teacher, against J. D. Heryford, one of Lake county's land and cattle barons, have been made before United States District Judge Bellinger, at Portland, by John M. Gearing, attorney for the defendant, and Thos. O'Day for plaintiff. Miss McCarty sued Heryford for \$75,000 for having trifled with her affections, and obtained judgment for \$22,500. The motion for a new trial is based upon an affidavit of Mrs. Fitch, the proprietress of a lodging house at Bly, who denies Miss McCarty's statement that she and Heryford stayed at the house and had occupied a room together. Mrs. Fitch declares that the statement is false and also fails to agree with some other portions of Miss McCarty's evidence.
