Advertisements inserted at reasona-Entered at the Postoffice at Jacksonville, Ore., as Second Class Mail Matter

WITH Sarto elected Pope at sixtyeight and Russell Sage attending directors' meetings at eighty-seven, it seems foolish to retire Lieut.-Gen. Miles today because he is sixty-four.

WHEN a girl knocks out a masher with her fist and a married woman disposes of another with a horsewhip, our emotions are about evenly divided between gratification at the athletic accomplishments of our women and regret for the decadence of chivalry.

Now comes forward a man at Merlin, Josephine county, who, it is said, can transform gold into silver, and he is now working on the problem of mak ing gold out of silver or some other cheaper metal. It was only a short HALF TRUTHS AND LIES fully fears and against which it warns us. Seen through protection eyes this time ago that Mr. Long was forming a ten million dollar company, with headquarters in Salem, to turn almost any Attempt of the American Econ- dangerous than the billion dollar trust old thing into gold.

THE bituminous coal operators in the ton to the price of coal to consumers to cover the small increase of wages granted by them to the miners. This is the same old trick that was played by the anthracite coal operators in 1900, when, to cover a 10 per cent. advance in wages, they added 50 cents a ton to the retail price, and thus netted a clear "the public would stand it?"

THERE will be keen competition be- full fledged lies. tween the different counties in this The American Economist, organ of rails are produced cheaper in both state making local exhibits at the the 1,000 members of the Protective countries than in 1889 and cheaper state fair this fall. There will be no Tariff league, who pay \$100,000 a year here than in England. When Mr. less than eight countles competing for in dues that juggled statistics and false Charles M. Schwab, the president of the different prizes, which will make statements may be sent regularly to commission in 1901, he admitted that the greatest show of agricultural pro- 6,000 newspapers, is taking the Dubuque | "it would not hurt anybody" if the these exhibits will be taken to St. Louis that a reduction in the tariff on steel | said, "we export largely rails and bilin 1904, to advertise Oregon's resources, rails would result in a corresponding lets because labor does not form the and we predict that Oregon will have reduction in price. The Economist important part there that it does in the finest display she has ever made at says: any exposition. Let Jackson county "Now, we ask the Times to consider spare no pains or expense to be at the the following before going to our confront. She can win if she only makes tention that a removal of the duty or a

tenant-General Young to command the \$20, or even less perhaps. This price rails were, for months in succession. army from the date of the retirement might rule for six months, but who of General Miles, until August 15th, would benefit? . . You cannot re- below the home price, dispose of the when the general staff law goes into duce the duty on steel rails without reeffect and the office of the commanding ducing it on other articles, and if you general of the army is dispensed with. | could a slump in the steel market alone | Young thus becomes the last command- would create a panic in business ciring general and the first chief of staff, cles." although he will hold the position of To make good its assertions the Econcommanding general for only ten days, omist quotes figures from the report of although Congress intended that Miles the industrial commission, showing should have that honor. General that for the 140 months from 1890 to Young was made major-general in 1901 "the margin between the cost and April, 1890, and was promoted to be selling price of steel rails averages lieutenant-general in June, 1900.
