

## A VOICE FROM UTAH

### Mrs. Dowd's Significant Warning to Mothers of Growing Girls.

"Mothers cannot be too careful of girls who are approaching womanhood," says Mrs. D. F. Dowd, of Nephi City, Utah. She speaks from the fitness of experience, for her own trouble began with the first critical time of her life. "From the time I was sixteen years old," she says, "I suffered constantly from female weakness and my present good health is due entirely to Dr. Williams' Pink Pills, as you will see. At a critical time and endured tortures as a consequence. My color became very bad. I was nervous and grew constantly worse. Then I began to have palpitation of the heart and my blood became in a wretched condition. I felt tired and languid all the time and was hardly able to get around at my work."

"None of the medicines that I tried made any difference in my health. I was nearly discouraged when I heard from my uncle, Mr. J. Brandon, Sr., of Logansport, Manitowish, telling me that he had used Dr. Williams' Pink Pills with the greatest benefit for nervousness. Then I decided to try them myself, with the result that, after taking two boxes, I found I was much better. A few boxes more made me feel like an entirely different person and now I am able to do my work with ease. All my friends know what good Dr. Williams' Pink Pills for Pale People have done for me."

"Any woman who is ailing with the troubles peculiar to her sex should try Dr. Williams' Pink Pills for Pale People. No discovery of modern times has proved such a blessing to women as these wonderful vegetable pills. Acting directly on the blood and nerves, invigorating the body, regulating the functions, they restore the strength and health in the exhausted patient when every effort of the physician proves unavailing."

Dr. Williams' Pink Pills for Pale People have become famous all over the world on account of the wonderful results they have accomplished. They are not like ordinary medicines and cannot be imitated. In order to protect the public against substitutes, the genuine pills are sold only in boxes bearing the full name in the form of a trade-mark. They may be had at all druggists, or direct by mail at fifty cents per box; six boxes for two dollars and a half, from the Dr. Williams' Medicine Company, Schenectady, N. Y.

## Peculiar To Itself

In what it is and what it does—containing the best blood-purifying, alterative and tonic substances and effecting the most radical and permanent cures of all humors and all eruptions, relieving weak, tired, languid feelings, and building up the whole system—is true only of

### Hood's Sarsaparilla

No other medicine acts like it; no other medicine has done so much real, substantial good, no other medicine has restored health and strength at so little cost.

"I was troubled with scrofula and came near losing my eyesight. For four months I could not see to do anything. After taking two bottles of Hood's Sarsaparilla I could see to walk, and when I had taken eight bottles I could see as well as ever."—S. C. HARRIS, Withers, N. C.

### Hood's Sarsaparilla promises to cure and keep the promise.

BRO. CHAUSSE of the Oregon Observer now occupies a front page in newspaperdom. He has a genuine libel case on his hands, something that every newspaper cannot indulge in. R. D. Hume of Curry county, the cannery man, has taken umbrage at something the Grants Pass journal said about him, averted the fish question, and has sued its proprietor for damages in the sum of \$10,000.

### We Are Attracting More Attention Than Ever.

"By their fruits ye shall know them" is a biblical quotation that finds favor in every pulp in the world. It is not known whether any reference is intended for the state of Oregon; but at any rate it is by our fruits as well as fish, timber and other products that our fame is spreading east. They are talking about us whenever strawberries, apples and pears are indulged in.

Sylvester Johnson, for eleven years president of the Indiana State Horticultural Society, at a meeting held at Indianapolis, said: "I regard Oregon as pre-eminently the fruit state of the Union and its fruits better than those of California. This exhibit fever dispels the opinion that California possesses superior advantages for fruit-growing to that of every other region on the Pacific slope. The Oregon exhibit of apples, pears and plums was not only unequalled, but it excelled that of any other state. The fact may be noted that the largest apples the largest pears and the largest cherries exhibited at the Columbian exposition were grown in Oregon."

Over the West they wear Levi Strauss & Co's Copper-riveted Overalls.

## AN OLD MINER IS ASSASSINATED

### An Unknown Villain Shoots Down Wm. Dunlap in Cold Blood, for His Money.

The people of Grant Pass were greatly excited Sunday to learn that a brutal murder had been committed almost within the very precincts of their town.

While hunting for stock a man whose name we did not learn discovered the body of Wm. Dunlap, an aged miner, lying in a trail in Louse Creek district, about eight miles north of the county seat of Josephine county.

The authorities were notified, and an investigation showed that the murderer had shot down his victim without warning, the bullet of his rifle hitting him in the left side and piercing his heart. Dunlap fell dead in his tracks without a struggle. His body must have laid there several days, as it was in an advanced state of decomposition when found.

Who the assassin will probably always remain a mystery. That robbery was his motive is certain, for he had hidden the clothes worn by Dunlap and systematically searched every part of his cabin near by for money, throwing everything on the floor that he did not want, including a considerable quantity of his own property.

Herrin, recently shared from two fine Rambouillet rams, bought recently, 40 and 46 pounds of wool respectively, which was sold, with the balance of the season's clip, at 16 cents per pound f. o. b. Ashland. The largest clip from a sheep in this valley known heretofore was 32 pounds, says the Tribune.

Attorney-General Crawford has rendered an opinion in which he holds that county clerks are entitled to retain fees collected by them for services rendered in taking testimony in Federal land proceedings. He holds that the law requiring them to pay into the county treasury fees collected by them refers only to fees for services under state laws.

What has become of the First Southern State Board of Agriculture, under whose auspices fairs were formerly held at Medford and Central Point? Can't it be resurrected? It seems almost incredible that Jackson and Josephine counties cannot hold a first-class fair once a year. They certainly have the material with which to do so.

## The County Rock Crusher.

From County Commissioner Patterson we learn that it is expected to get the rock crusher, recently purchased by Jackson county, and which was operated for a few weeks on the roads northeast of Medford, started up again, this time to improve portions of the main county road east and west of Phoenix. Considerable difficulty has been experienced in getting men and teams to operate the plant, \$4 a day being asked for the work.

Ely's Liquid Cream Balm is an old friend in a new form. It is prepared for the particular benefit of sufferers from nasal catarrh. It is used as an atomizer in spraying the diseased membranes. All the healing and soothing properties of Cream Balm are retained in the new preparation. It does not dry up the secretions. Price, including spraying tube, 75 cents. At your druggist's or Ely Brothers, 50 Warren Street, New York, will mail it.

Rev. A. P. Gillette, who has been a resident of Jacksonville during the past eighteen months, held services at Gold Hill Sunday, for the last time. He may give up the ministry and engage in agriculture in Douglas county, where he has a good farm. His family, who has been visiting at Canyonville, returned the forepart of the week to prepare for their departure.

They Will Never Accept Christ.

Rabbi David Levine, who has been conducting the Jewish New Year services in Portland on account of the illness of Dr. Stephen S. Wise, does not agree with Rabbi Hirsch in his statement a few months ago that the Jews would eventually accept Christ.

In a statement regarding his views on the matter Dr. Levine said: "If Christ should come again the Jews would not accept him. Dr. Hirsch, of Chicago, is mistaken when he holds differently, for the Jewish world would look upon Jesus in the flesh today just as it did in old Judea nineteen hundred and three years ago.

"We are a conservative people and always have been. Moses was stoned and only received by the people of Israel after many protestations. If we found it hard to accept Moses, how utterly impossible would Jesus be, for he did not represent Judaism. That is the view of an amalgamation of the races and the acceptance of a common creed is a fine theory, but it is and must be chimerical and vainly fantastic."

A. M. Crawford, attorney-general of the state of Oregon, has been formally charged with the crime of perjury before the State Bar Association.

Wm. E. Willis of Roseburg, one of the oldest practitioners of the state, prefers the charge.

The Association will be asked to disbar Crawford from membership, which amounts to being kept from practicing as a lawyer.

The ground for the action is in a case where Crawford was defendant and he is alleged to have perjured himself while testifying in his own behalf.

There is a mass of documentary evidence in the case.

Clean Water for All.

The value of clean water for swine can not be appreciated by one who has not tried both pure and impure drinking water with them. In swine-raising we have come to realize that good growth on good, clean, sweet food pays much better than raising them slowly on filthy swill, and we have produced swine diseases, and what is probably less important, slower growing hogs. To make the animal continue growing in a thrifty condition we must feed them good, wholesome food under proper sanitary surroundings.

Letter List.

The following is a list of letters remaining uncalled for in the Jacksonville postoffice Sept. 30, 1903: Brown, Ed A. Carrist, Mrs. Jas. Crippen, E. W. Jamieson, G. W. Johnston, Josie Kronling, A. L. Womack, Ace.

One cent will be charged upon delivery.

JOHN F. MILLER, P. M.

Stomach Trouble.

"I have been troubled with my stomach for the past four years," says Dr. L. Beach, of Lowell, Mass. "A few days ago I was induced to buy a box of Chamberlain's Stomach and Liver Tablets, I have taken part of them and feel a great deal better." If you have any trouble with your stomach try a box of these Tablets. You are certain to be pleased with the result. Price 25 cents. For Sale by all druggists.

CASTORIA.

Lost—Irish Terrier Bitch, Sept. 11th, near Grant's Pass. When last seen was following train.
