# MRS. MARY A. LAUMA

Says, "Dr. Williams' Pink Pills Cured Me of Spinal Trouble and I Recommend Them."

Some years ago Mrs. Mary A. Lauma, of No. 703 East Fayette street, Syracuse, N.Y., wife of A. Lauma, the manufac turing jeweler of that city, sustained an injury to her spine by falling on a slippery sidewalk. Six months later she took to her bed and was an invalid for was cured. She says:

"My trouble was a spinal irritation. but the doctors could not determine the exact nature of it. I consulted a number of eminent physicians, perhaps ten or twelve in all, and took treatment from some of them. I tried massage and electricity, the latter affording temporary relief. Perhaps it was because I took so much medicine, at any rate my stomach gave out and I was troubled with indigestion and gas on the stomach. I had a peculiarly unpleasant feeling in my head and there was a numbness in my limbs. At this time I seemed a con-

"A friend of mine induced me to give Dr. Williams' Pink Pills for Pale People a trial. Of course I knew that nothing was going to cure me in an instant and I tried them faithfully. After taking three boxes I began to feel better and had taken thirteen boxes altogether when I was cured. I have recommended Dr. Williams' Pink Pills to every ailing person I have met and I am glad to do so.'

Dr. Williams' Pink Pills for Pale People are the only eminent spinal tonic and their distinction in this respect is due to their double action, on the blood and on the nerves. No other remedy has so remarkable a list of cures to its credit. Even after doctors have failed, these lifegiving pills have cured obstinate cases of locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the aftereffects of the grip, palpitation of the heart, pale and sallow complexions and all forms of weakness either in male or female. Dr. Williams' Pink Pills for Pale People are sold by all dealers, or will be sent postpaid on receipt of price, fifty cents a box; six boxes for two dollars and a half, by addressing Dr. Williams Medicine Co., Schenectady, N. Y.

THE leaders of Wall street finance complain of public's distrust of them and the securities they wish to sell. They ascribe this decay of confidence to demagogic agitation against truststo legislation, or the refusal of it, by Congress-to any and every cause save the true one, which is simply their own conduct. The recent change in the public attitude toward J. Pierpont Morgan well illustrates the point. For years he has been fiercely criticised, and traduced. Nevertheless he retained the confidence of investors, as was of steel securities, until the reduction of the U. S. Steel Co.'s dividends indicated that those who had thus continued to repose confidence in him had been deceived. Mr. Morgan may not have been an active party to the damaging transaction, by which many Rogue River...... 58 were ruined financially; but under the conditions he had to take the responsi-

This Government will find it will have a series of complications on its hands not unlike that offered by the

### SENATOR FULTON INFORMS THE PRESIDENT

That the Forest Reserve Business is Overdone, and that Honest Entrymen are Embarrassed by Unwarranted Questions.

At the solicitation of Senator Fulyears, in fact, until she tried Dr. Wil ton President Roosevelt has interestliams' Pink Pills for Pale People and ed himself in the public land situa-- U. W., will give a Thanksgiving party tion in Oregon, and promises to see to it that there shall be an adjust- ed, and nothing left undone for its sucment of the administration of the forestry bureau and of the Interior Department which will be satisfactory to the people of Oregon.

> During a prolonged conference at the White House, recently, Senator Fulton fully explained the publicland situation in the state, emphasizing the fact that the development of many counties has been materially less withdrawal of lands for forest-re -erve purposes. He also explained partment in requiring proof on tim- the eldest. ber and even homestead entries made in recent months. The Senator made it quite plain that the public-land situation in Oregon is fast approaching a crisis, and decisive remedial action is necessary to restore confidence farm of that size.

and good feeling among the people. He said that while Oregon, as a whole, indorses the forest-reserve policy, its people do not want all the valuable lands included within reserves, nor do they like to have settlers bumillated by the aspersion that they are attempting to make fraudulent entries, when in fact they are acting in good faith.

After his conference Senator Fulton said he felt confident the prevalent abuses would be remedied, as the President intends to take the matter up with the proper officers and insist upon a return to conservatism, not only in forestry matters, but in regard to all forms of public-land en-

long a large amount of the area now withdrawn will be restored to entry

and there will be a let-up in the ridiculous catechism through which entrymen are now put whenever they attempt to prove up on their claims. The following is the area of pro-
