Hood's Sarsaparilla of Mock was lost.

rid the blood of all impurities and cure all eruptions.

THE price of labor, in anticipation of "hard times," is likely to be cut every. where. On January 1 wages of all mineworkers in the employ of the United States Steel Corporation will be cut 5 to 15 per cent. The reduction reductions by the independent com-

WAR between Russia and Japan seems almost inevitable, and if it comes Great Britain will probably be involved because of her atliance with Japan. In that event Germany may take the side of Russia, and the world will see one of the greatest conflicts of modern times. Such a war would send the price of wheat up to a dollar in short order Russia is selling very little of her grain, and if war comes she will be in the mar-

SENATOR MORGAN has introduced in the U. S. Senate a resolution declaring that the President has no right to wage war against any foreign power without the consent of Congress, when such country is at peace with the United States; that the provision of the canal treaty between the United States and Panama is in effect a declaration of war with Colombia; that the inter secession of Panama is contrary to the law of neutrality and the law of nations.

THE will of the late Cardinal Herrero Y. Espinoza contains, according to a special dispatch from Madrid, the extraordinary bequest of \$10,000 to the first Spanish general landing in the United States territory with an army gists. sufficiently strong to avenge the loss of Cuba and the Philippines. Pending the happening of this event the legacy is to remain deposited in the Bank of Spain. If that money draws interest and is compounded occasionally, in will find it a white elephant of a bequest. They won't be able to find a place big enough to hold the money.

THE Philippines are to cost us some mi lions more on account of land purchased. An agreement has been reached, providing fer a settlement of the ecution to substantiate what he told Friar land question. The Pope has the District Attorney when the i given his approval to the terms or settlement and the approval of the war department is awaited. The settlement provides for the purchase of 403,-000 acres, comprising all the agricultural lands and buildings of the Friars. with the exception of 12,000 acres, in- Crawford, his deputy, on Friday discluding a farm near Manilla, which has posed of the real estate advertised to also one sugar plantation. The price taxes. agreed upon is seven million, two hun-dred and fifty thousand dollars. The Friars originally asked thirteen million dollars. Governor Taft offered them

ONE of the best bills before Congress. and which certainly ought to be passed, is that introduced by Representative Robinson of Indiana, extending the provisions of the Chinese exclusion act so as to apply not only to Chinese but also to all Japanese and persons of Japanese descent. This bill, if enacted, would require all Japanese laborers now properly in any of the "insular territory" of the United States to obtain within a year from the date of its enactment a certificate of residence. This certificate of residence would entitle its holder to remain a resident of the "insular territory" where it was is-sued. If any Japanese failed or neglect-ed to obtain such a certificate under this bill he is to be deported.

THE railroads of the United States did an enormous business during the sioner Richards will be much more past year, nearly if not quite the biggest known. The report of the interstate commerce commission shows the returns for 201,000 miles of railway and approximately 98 per cent of the entire with greater facility than at any time the Treasury hopes to have at least mileage in the United States. The gross earnings amounted to nearly \$2,-000,000,000, and the operating expenses amounted to \$1,250,000,000, an increase over the previous year of about \$34,-000,000. The commission declares the Elkins law is beneficial, as it has checked many violations. Freight rates show an increase. There is no way in which advance can be prevented. car-coupler problem. During the year 164 passengers were killed, 4400 injured and 895 employes killed and 6400 in-

Mock's Body Found.

Short Line have been notified of the finding at Yale, Idaho, of the remains of J. D. Mock, an aged resident of Grant's Pass, who had been missing since last April.

Considerable mystery has surrounded Mock's dissappearance, and the afternoon in Jacksonville. Short Line officials have made every effort to locate the missing man. Coupons of his ticket, which was purchased at Grants Pass for Albia, Iowa, were found up to Huntington, Or., but beyond that point all trace

It is believed that he wandered from the train at Ya'e and died of exhaustion and exposure. Money, papers and the unused portion of the ticket ford, visiting relatives and friends. were found on the body.

He Pleaded His Own Case.

W. J. Boosey, who lives a few miles south of Jacksonville, seems t be one will affect thousands of men, and will, of the most erratic of men. His it is understood, be followed by like name may not indicate it, but he is one of the rankest of Probibitionists. day.

Mr. B.'s neighbors say that he is very hard to get along with, and two of them have had him arrested for trespass lately. The first time be was fined \$10 and costs, which he paid. Now he, in company with his son, are guests of Hotel de Rader, and will probably remain such during the next

Mr. Poosey naturally enough has no more confidence in lawyers than he has in the most of mankind, so he concluded to plead his own case and that of his son in the Circuit Court. This may have been the reason why

the jury found them guilty. Judge Hanna sentenced each them to pay a fine of \$50 and costs, or be imprisoned for 25 days. They have the next evening. preferred the latter and are now earning \$2 a day by languishing in the county bastile.

states that its provisions do not extend to railroad companies.

Initiative and Referendum.

The Supreme Court has handed down its opinion in the case of Kadderly vs. Portland, in which the validity of the initiative and referendum amendment to the Constitution to the Constitution was legally proposed and properly adopted, and that it is the province of the Legislature, and not of the court, to declare an

PROFIT

emergency. The people rejoice.

The matter of feed is of

The up-to-date farmer knows the most pork, his hens to

get the most eggs. Science.

But how about the children? Are they fed according to science, a bone food if bones flesh and muscle food if they are thin and weak and a blood food if there is anemia?

Scott's Emulsion is a mixed food; the Cod Liver Oil in it the early adjournment agitation in makes flesh, blood and muscle, and brain. It is the standard scientific food for delicate

CHEMISTS.

sample. Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy. Scott&Bowne 409 Pearl St., N. Y.
