15 CENTS PER EGG for hatching purposes, from Pure-Bred, High-Grade Barred Plymouth Rock chickens, is dirt cheap. The Barred Plymouth Rock is the best all-round chicken known; matures early, grows large-a good layer, and unsurpassed for the table. First come, first served. Order now, and thus make sure of a start in these superior fowls. There is money in them, whether raised for the market or for home use. It costs as much to keep a "scrub" chicken as a pure-bred, and it is not worth half as much for any purpose. Call at the farm, or write.
