STERILITY

How shall a mother who is weak and sick with some female trouble bear healthy children? How anxious women ought to be to give their children the blessing of a good constitution! Many women long for a child to bless their home, but because of some debility or displacement of the female organs, they are barren.

Preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound more successfully than by any other medicine, because it gives tone and strength to the parts, curing all displacements and inflammation.

Actual sterility in woman is very rare. If any woman thinks she is sterile, let her write to Mrs. Pinkham, Lynn, Mass., whose advice is given free to all expectant or would-be mothers. The medicine that instantly asserts its curative powers in the ills of women is

Lydia E. Pinkham's Vegetable Compound

Read these Two Remarkable Cures.

"DEAR MRS. PINKHAM: - During the early part of my married life I was very delicate in health. I had two miscarrages, and both my husband and I felt very badly as we were anxious to have children. A neighbor who had been using Lydia E. Pinkham's Vegetable Compound advised me to try it, and I decided to do so. I soon felt that my appetite was increasing, the headaches gradually decreased and finally disappeared, and my general health improved. I felt as if new blood coursed through my veins, the sluggish tired feeling disappeared, and I became strong and well.

"Within a year after I became the mother of a strong healthy child, the joy of our home. You certainly have a splendid remedy, and I wish every mother knew of it. Sincerely yours, Mrs. Anna Potts, 510 Park Ave., Hot Springs, Ark."

"Dear Mrs. Pinkham: - I was married for five years, and gave birth to two premature children. After that I took Lydia E. Pinkham's Vegetable Compound, and it changed me from a weak, nervous woman to a strong, happy and healthy wife within seven months. Within two years a lovely little girl was born, which is the pride and joy of our household. If every woman who is cured feels as grateful and happy as I do, you must have a host of friends, for every day I bless you for the light, health and happiness your Vegetable Compound has brought to my home. Sincerely your friend, Mrs. MAE P. WHARRY, Flat 31, The Norman, Milwaukee, Wis." Sec. Northshore Oratorical Society.

fires and trespass on public lands. Whittaker Wright, the noted Canadian and English promoter, sentenced to seven years imprisonment on trial in a court at London for crooked dealings, committed suicide in the court room by taking cyanide of potassium. It is supposed, while pulling a handkerchief from his pocket to wipe his face, that a tablet of the fatal dose was dextrously swallowed, although the officers kept close watch, expecting some such attempt. The condemned acted very coolly and placed a cigar in his mouth, but soon afterward collapsed.
