A MINER'S TROUBLE

REACHES A CLIMAX AFTER YEARS OF SLOW DEVELOPMENT.

A Settlement Happily Effected in the Case of Henry Story in Time to Avert a Serious Misfortune.

If all the troubles of the coal mine could be adjusted as satisfactorily as that which for many months disturbed the happiness of Mr. Henry Story, of 532 Maskingum avenue, Zanesville, Ohio, it would be a most welcome relief for both the men and their families.

The facts in the case were related by Mrs. Story, who is a very happy woman today because her husband has had such a fortunate escape from the calamity that threatened him.

"My husband," says Mrs. Story, "is a very hard working man and has always been very healthy, but some months ago rheumatism got hold of him, and made him suffer terribly. It would soon have used him up if it had not been for Dr. Williams' Pink Pills for Pale People, which, we think, are the best medicine in the world."

"He suffered so much in his legs that he could hardly stand; his back hurt, and he had such pain in his left arm that he could not rest night or day. His arm would turn numb and I would have to rub and bathe it in hot water. I tried everything I could think of to give him relief. At last he went to a doctor, who told him that his trouble had come from hard work. The doctor gave him some medicine, but it did not do any good."

"In the meantime I picked up a paper and read about Dr. Williams' Pink Pills for Pale People and thought my husband's trouble might be with his nerves. I got two boxes of the pills for him and persuaded him to take them."

"After he had taken the first box he felt much better, and when he had finished the second box he was better still. So I bought six boxes the next time and he took four of them, that is six boxes in all. That is three months ago and he has never had an ache or pain since and can do a hard day's work with any young man. We praise Dr. Williams' Pink Pills to all our friends."

These famous pills are the best of all diseases of the blood such as rheumatism, and of the nerves such as neuralgia and partial paralysis. They repair waste and give fresh vitality. They are sold by all druggists.

ARTHUR FERGUSON, secretary of the Philippine Commission, has sailed from Yokohama in charge of a party of 50 of the most prominent natives of the Philippine Islands for San Francisco. The party is sent to the United States at expense of the Philippine Government, the purpose being to afford these men of influence an opportunity to study American institutions and methods so that they may impress their fellow-countrymen upon their return with the truth of American civilization. The Filipinos under Mr. Ferguson's guidance will visit the principal cities of the United States and will spend some time at the National Capitol and in viewing the Louisiana Purchase Exposition.

Veterans Have Wrong Idea. To make clear the actual effect of the provisions of the recent pension law of Commissioner Ware, the following official statement has been made:

"There seems to be an impression among many of the old soldiers that allowances of pensions under the 'age order' of the Commissioner of Pensions are an addition to pensions allowed heretofore.

"This is an erroneous idea of the order. The law prohibits the payment of more than one pension to a person for the same period, and the effect of the order on those having a pension already will be only to increase such up to the legal limit. If the pension already drawn is below that amount,

Best Cough Medicine for Children. When you buy a cough medicine for small children you want one in which you can place implicit confidence. You want one that not only relieves but cures. You want one that is unquestionably harmless. You want one that is pleasant to take. Chamberlain's Cough Remedy meets all of these conditions. There is nothing so good for the coughs and colds incident to childhood as this. It is also a certain preventive and cure for croup; and there is no danger whatever from whooping cough when it is given. It has been used in many epidemics of that disease with perfect success. For sale City Drug Store.

Forgers Come to Grief.

M. N. Long, constable of Ashland brought four tramps to the county jail at Jacksonville Monday evening.

They are charged with robbery and will be tried at the September term of the Circuit Court, having been held to answer by Justice Berry.

None of them are able to furnish the bail asked and will be guests of the county during the next five months, something they are not averse to.

According to the Tribune they have been foraging on the farmers living between Ashland and Talent. They are undoubtedly the same fellows who broke into Boyd & Robinson's house on the Patton place and stole some provisions, a shotgun and some ammunition.

Friday Fred Herrin returning to the cabin on the other side of the creek, found a young tramp in the house helping himself to provisions. He had set a bucket of eggs outside and was preparing a load of other edibles to carry away. Fred arrested the young man, who appears to have been known in the gang as the "Kid," and brought him to town. He discovered after he arrived in town that the prisoner was wearing a pair of his shoes.

This "Kid" was one of the band of four tramp rascals who have been raiding the farmers to outfit themselves in first class manner so as to ride in their journeys as bad men with arms in their hands. Wednesday night they stole a saddle and bridle from D. H. Jackson's barn at the Eagle Mill place. They also raided G. F. Billing's stable and took three saddles and a bridle.

Thursday they visited Fred Herrin's cabin where he caught the kid, and took his Mauser. Later, presumably yesterday, they went to the cabin of the Herrin Sleep camp on the slope of the Grizzly range and stole John Herrin's rifle.

Thursday Torbet Sanford saw the four men with one rifle and the saddles and gunny sacks in Nell's back pasture about three miles from town where they were trying to catch some horses. He stopped and talked with them, suggesting that to some young fellows out hunting. It was manifested they were then trying to provide themselves with mounts.

The "Kid" tells a story of how he was ejected from the gang, or rather how he deserted them when they were camped at the Myer's barn, which is probably true in the main. He wanted to quit them in the attempt to steal horses. They told them they would make him go along, but at a favorable opportunity he made a run for liberty, and in escaping, he says they took a shot at him. He slept in the Nell barn Thursday night and yesterday he went to Fred Herrin's cabin again to get some provisions where he was caught as stated.

Last Friday evening Constable Long and Torbet Sanford took the "Kid" out with them, who said he would show them where the saddles were secured. He piloted them to the Ed Myer's barn where they found one saddle and along the trail where the tramps went up the hill they found some pieces of harness, apparently cut from Jackson's belongings, and other things scattered along the trail.

They were captured near the Eagle Mills, two miles this side of Ashland, after quite a chase. One of them had his leg broken.

The Democrats Nominated.

The Democracy of Jackson County met in convention at the Opera House Medford to nominate candidates for county offices, elect delegates to the state and congressional convention and transact any other business that might probably come before it.

There was a good attendance, every precinct being represented and there being only four proxies. The utmost harmony prevailed, a majority of the nominations being made by acclamation.

L. L. Mullt was elected chairman and C. L. Reame and Geo. Hoffman, secretaries. L. L. Jacobs and A. Parkey acted as tellers.

The following nominations were made: For Representatives, H. L. Evers of Ashland and J. J. Houck of Gold Hill.

County Judge, Chas. Prim of Jacksonville. Sheriff, J. M. Rader of Eagle Point. County Clerk, J. S. Orth of Jacksonville.

County Commissioner, W. L. McClure of Gold Hill. County Treasurer, David H. Miller of Medford.

Assessor, Fred Furry of Phoenix. School Superintendent, Gus S. Muel of Central Point.

County Recorder, Robt. B. Dow of Medford. Surveyor, Frank Roundtree of Jacksonville.

Cornerer, Dr. H. P. Hargrave of Medford. The following delegates, to attend the state congressional and district conventions, were chosen: J. D. Otwell, W. E. Phipps, J. J. Houck, Chas. Nickell, E. B. Dufar, L. L. Mullt, D. J. Miller, C. L. Reame, A. P. Estabrook, E. J. Farlow.

They were instructed to vote for delegates to the National Convention who would favor the nomination of W. H. Hearst for President.

L. L. Mullt was made chairman of the county committee.

We will give an official account of the proceedings of the convention in our next issue.

A Dandy for Burns. Dr. Borgo, Pana, Ill., writes: "I have used Ballard's Snow Liniment; always recommended it to my friends, as I am a confident there is no other like it is a dandy for burns. Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency. 25c, 50c, \$1.00. Sold by Dr. J. Quinke, Central Point, Ore."

Blue Ledge Reported Sold. Dr. J. F. Reddy, of Spokane, has sold the famous Blue Ledge copper mine, in California, near the Oregon line, to New York people, for \$250,000. The purchasers have made a thorough examination of the property.

The Blue Ledge property is well known among mining men. About a year ago Dr. Reddy, Charles W. Biesel and Archie Ash secured a bond on it to Patsy Clark, who, after spending considerable money in investigating and exploring the property with diamond drills, gave up the option.

Dr. Reddy then went East to interest New York parties in the deal, which he succeeded in doing. They sent their men to expert the mine and spent about \$5000 in exploration, which was evidently satisfactory to the new company. Dr. Reddy has gone to visit the property and to meet the New York people and close up the deal. Plans of the new owners are not known.

Those interested in the property being reported sale are Messrs. Hamilton, the operator and May of Del Norte county, Calif., Dr. Reddy, Chas. Prim, Geo. E. Neuber and T. J. Kenney of Jacksonville.
