SAVED BY A WARNING

ALARMED BY NUMBNESS, PAIN AND LOSS OF VITALITY.
Mrs. Pember Escapes Shock and is Cured of Rheumatism and Debility by Dr. Williams' Pink Pills.
A few years ago the happiness of Mrs. Loretta A. Pember, of 25 Lebanon avenue, Williamstown, Conn., was disturbed by constant fear of a paralytic shock. An annoying numbness had appeared from time to time in her left arm and this, in connection with a generally debilitated state, she regarded as a signal of danger. It caused her great anxiety and, finally led her to adopt a course by which she was relieved not only from the dread of a shock but also from other serious interferences with her health. She gives the following account of her experience: "For several years I had a numbness in my left arm. It did not stay there all the time, but would go and come again. Sometimes there would be sharp pain. Every time it came it suggested a paralytic stroke and alarmed me greatly. I also had rheumatism in my left knee which was swollen and very painful, and caused me to be laid up in bed for a long time. I was very thin and colorless and lacked vitality. "The doctors gave me but little relief, and that little lasted only a short time. So, when a relative told me about Dr. Williams' Pink Pills for Pale People, I was quite ready to give them a good trial. "They certainly did wonders for me. They drove away the numbness from my arms and delivered me from the fear of a shock that I am sure I would otherwise have had. They also cured my rheumatism and debility. I will take them in small doses as a general tonic, and I cannot recommend them too strongly." Dr. Williams' Pink Pills have effected many remarkable cures in cases of partial paralysis, and even such as are severely stricken should not despair. Those who like Mrs. Pember recognize the approach of the disease, may use them with the utmost hopefulness. Her case proves also their peculiar value as a blood remedy. Rheumatism is a blood disease, and her debility too, as shown by her thinness and lack of color, was due to impoverished blood. Dr. Williams' Pink Pills make new blood and sound health follow. They are sold by all druggists throughout the world.

Puzzle Experts.

The expert solver of newspaper puzzles has turned up in London. It happened in this way: Some people who thought they were not getting all that was coming to them in the matter of prizes made secret investigation, and discovered that all of the prizes for the solution of a certain puzzle went to a single address. Complaint being made to the publishers, they looked into the matter and found that one family, composed of several members, was justly entitled to the prizes and that, in fact, this family was in the puzzle-solving business, earning as much as \$1,000 a week in various prize competitions. Not until their brilliant in the solutions of puzzles has yet been discovered in this country to warrant the suspicion of experts; but they will doubtless arise, and a sharp lookout should be kept. When we have experts in the puzzle and conundrum business we ordinary mortals might as well get off the earth.

Spring Humors

Come to most people and cause many troubles, pimples, boils and other eruptions, besides loss of appetite, that tired feeling, fits of biliousness, indigestion and headache. The sooner one gets rid of them the better, and the way to get rid of them and to build up the system that has suffered from them is to take

A REAL QUEEN is a girl that looks just as well in a 50-cent calico wrapper as she does in a \$50 tailor-made silk; feels just as much at home playing with the children as she does playing the piano; hums the same tune patting socks that she does when she is doing fancy work; cooks just as good a meal for the family as she does for company; can talk just as well on the national topics of the day as she can about her neighbors, and has the same smile on her face weekdays as on Sundays.

AFTER all the fuss and fumble over Hood Smoot, the Mormon senator from Utah, the committee on privileges and elections did not make a report, and Smoot still draws his salary. Some of these so-called investigations make people tired.

A Case of Crawfish.

The apologists of Judge Hanna, having discovered that his great partiality for the P. P. Co. and his disregard of the people's interests will be prominent in defeating his re-election, are endeavoring to square him with a justly indignant constituency.

They are now playing the baby act the Dunham case, and say that the Judge set the judgment given the unfortunate young man aside because he gave a wrong instruction to the jury, which would have caused a reversal of the case by the Supreme Court.

This is a fair sample of the moonshine that Judge Hanna dishes out so profusely; but he cannot fool anybody with such stuff, which even made W. D. Fenton, chief counsel for the railroad company, smile very audibly. Besides, any one who knows Judge Bennett, Dunham's attorney and one of the ablest and squarest lawyers in the state, is well aware of the fact that he would not ask an instruction which would be fatal to his client's cause. This excuse is very flimsy, to say the least.

More Jail Birds.

Chief of Police Good of Ashland on Monday evening brought to the county jail at Jacksonville three birds of passage, who were arrested at Gold Hill Saturday by Marshal Cook, charged with robbing the hardware store of G. W. Croshaw of Ashland of pistols, pocket knives, scissors, etc., to the value of \$25, the night before. Justice Berry held them to answer in the sum of \$500 each, which made them customers of Sheriff Rader.

The Tiding says one of the trio sold a pocket knife on the streets of Gold Hill, Saturday morning, for the sum of 10 cents. On this knife was the name "B. F. Reeser," and it was remarked by a boy, in the hearing of the vendor, that "that knife must have been stolen." The worthy promptly disappeared over the bluff towards the river. The Gold Hill marshal, quired by telephone of Chief Good if the man should be arrested, and was told to hold him by all means. The officer followed the suspect to the river and there found his two companions and placed all three under arrest. Near the rendezvous was found a row of stones leading to a spot underneath a big tree where, after a little digging, the following articles were brought to light: One razor, three pairs of scissors, four or five knives, one of the missing revolvers and a couple dozen cartridges. The men who were arrested gave their names as E. Howard, T. Keegan and Charles Wilson. District Attorney Reames conducted the preliminary hearing before the Justice of the Peace.

Suppression of Lawlessness.

A reward of \$2500 has been offered by Governor Chamberlain for the arrest and conviction of the murderer of Creed Cook, of Lake county, who was killed near Silver Lake two months and a half ago.
A reward of \$300 has been offered for the conviction of each of the men who participated in the killing of \$200 sheep in Lake county on April 28.
This offer of reward is made without express authority of law but the Governor feels confident that if convictions should be secured, and the rewards earned, the Legislature would not hesitate to appropriate money for the purpose. Secretary of State Dunbar and State Treasurer Moore joined with the Governor in promising to lend their aid in securing the appropriation if the rewards should be earned.
With a view to suppressing lawlessness in Lake county Governor Chamberlain has had copies of the offer of reward printed and has sent them to be posted in different sections of that county. He has also written letters to the sheriff and district attorney, urging them to do all in their power to apprehend the outlaws and prevent a repetition of the crimes.

A Washington special says the announcement that Oregon, the largest contributor to the reclamation funds, has finally been recognized by Secretary Hitchcock, who has approved the Malheur project, contemplating the irrigation of 75,000 acres of land in the vicinity of Vale and has set aside \$2,000,000 for the construction of storage reservoirs and canals, is somewhat misleading. The secretary's action does not necessarily mean that the government will undertake the construction of the Malheur project for the \$2,000,000 now set aside; will be expended on that or any other irrigation work in Oregon.

June 7 has been named as selling date for World's Fair tickets at St. Louis and Chicago, account dedication of the Oregon building at the Exposition.

Base Ball Notes.

W. A. Hutton, of the Medford Gray's clever southpaw, was in Roseburg Saturday and twirled three innings for the local team in the game played against Salem and did pretty well. The visitors won by a score of 8 to 0.

The base-ball event of the season will take place June 14th, when the Portland Browns and Medford Grays will meet on the Medford Athletic Association's grounds. It will doubtless be one of the very best games ever seen in Southern Oregon and will bring out a big crowd.

The game played at Ashland Sunday between the local and the Jacksonville teams was won by the former, which had been reinforced by a new catcher. The score stood 7 to 2 in Ashland's favor until the ninth inning, when Jacksonville made four tallies. It was a fast and interesting game, with plenty of errors. Lester and McKee were in the box for their respective teams. Each struck out three, but the former passed four men.

A Novel Organization.

An "Anti-Spooning Society" is the last creation of the women of Cornell University. If a college man calls in the dormitory where the co-eds live the girl he asks for is fined 25 cents, and the fine is doubled if he is permitted to see her. If the entreaties him in conversation, which they call "spooning," the fine amounts to one dollar, and double that sum if she permits him to kiss her. Of course the girls do not pay the penalty. The matter, then, is not at all plain to outsiders. Kisses vary in value, from the plain ones, which may be properly rated at two dollars, to the "Ada Rehan" variety, which may run up into hundreds of dollars and sometimes thousands, the limit being only gauged by his ability to pay, as has been shown by claims filed for broken promises said to go with the delectable privilege.

Munroe Has Arrived.

According to a letter received by the editor of The Telegram from Hot Springs, Ark. There was little news for the San Francisco people to worry about Munroe's being on hand for his fight with Jeffries, or about his condition. The miner has been in training at Hot Springs, and is now in California.
There are probably few people aware that Munroe is a taxpayer of the State of Oregon. But he is, just the same. He owns a farm near Kerby, Josephine County, Or., and while it is not such an extensive affair, it is land, all right, and Munroe might live on it, should he lose all other ways of making a living. Some more interesting news regarding the man was contained in the letter, as follows: "Munroe is a very good fellow to meet, and is not at all inclined to the usual. 'I am in 'abit. He made arrangements to have McKee as his training partner."
"It may be news that Munroe has played football against Multnomah four times. Once he was with the Olympic team, twice with Butte and once with Reliance, Oakland.

The Federal court at Portland has determined to not try Miss Vane and Mrs. Watson together with McKinley and Pater. The court is probably wise in this determination. Two pretty women on trial with two men might dazzle the eyes of justice as administrators by a jury composed of frail masculinity.

The proposed primary election law, to be submitted to the people at the June election is apparently popular with the masses, and will likely be adopted by the voters. It has the appearance of a bunglesome affair, though most of the people seem to want it, and after they get it will have an opportunity to judge of its merits.

A POSITIVE NECESSITY.

Having to lay upon my bed for 14 days from a severely bruised leg, I only found relief when I used a bottle of Ballard's Snow Liniment. It can cheerfully recommend it as the best medicine for bruises ever sent to the afflicted. It has now become a positive necessity upon myself. Dr. H. E. Byrnes, merchant, Droversville, Texas. Sold by Dr. J. Hinkle, Central Point, for 50 cents a bottle.

State Treasurer's Tenth Notice.

J. W. Smylie, the transformer, has returned from a visit with Arthur Wells and his family, who live on Bull's Creek, Josephine county.
Mrs. J. F. Hubbs of Kansas City, mother of L. P. Hubbs of Medford and A. W. Hubbs of Ashland, is visiting her son.
Miss Laura Culy of Steamboat is visiting in Medford and Central Point, the guest of Mrs. A. W. Shearer and Miss Dorothy Day.
Hon. H. S. Evans, the popular mayor of Ashland, is in town on his way to Applegate, to interview the voters. He is making a splendid canvass and his prospects of success are first-class.
Geo. Kicland and J. M. Row of upper Rogue River, were in Medford the forepart of the week. They report everything in that section in a flourishing condition.

W. E. Olmstead, manager of the Vance Mining Co., (which is successfully operating the Sturgis places in Forest Creek district, is being visited by his father, who arrived from Humboldt county, Calif., lately.
Col. Frank H. Ray of New York, who is a prominent figure in Wall street, is visiting his brother, Dr. C. H. Ray, and his family, also inspecting the magnificent property of the Condor Water and Power Co., of which he is the principal stockholder.
These services over the late Carl Rawlings, who died on Sunday, May 8, were conducted by Rev. A. W. Jamieson at the United Presbyterian Church Sunday afternoon, May 15. Funeral services were delayed in order that members of the family might be present. The parents, Captain and Mrs. V. Rawlings, a sister, Mrs. Ella R. Arnold (who was here in Loveland some two years ago) and a brother, Grant, came from Medford, Oregon. Another brother, L. T. Rawlings, came from Sheridan, Wyoming. These were present at the funeral—which was a fine floral offerings were profuse.—(Loveland (Colo.) Reporter.

Ray Robinson, (better known as "Monk") aged 23 years, was arrested by Constable Angle Monday, for indecent exposure of person. It seems that the young man, accompanied by several little boys, went into Bear creek in a nude condition, in plain view of Lee Bruce's residence. On being remonstrated with Robinson became abusive and was brought before Justice Purdin. He was given a jury trial and convicted. The minimum penalty was imposed, three months in the county jail, and Monk will spend that time at Jacksonville.
Col. A. M. Scott and W. F. Smith of Maryville, Mo., who have been touring the West, stopped several days in Glendale last week, to visit their old friend, Dr. Shearer, whom they knew back in Missouri before that country was annexed to the United States. Colonel Scott and Dr. Shearer were at one time partners in the mining business at Steamboat, Josephine county, this state, and Mr. Scott is so well pleased with the bright mining outlook here that he has concluded to remain and engage in that business in Southern Oregon which he believes will eventually be developed into the greatest and richest mining district in the world. Mr. Smith may also conclude to locate here later in the season, says the News.

FAILURE of the general conference of the Methodist Church to elect a colored bishop demonstrates the fact that the American people, as much as they may be interested in uplifting of the negro race, have not yet reached a position where, under any circumstances, they are willing to place the negro on a social, moral, intellectual or even spiritual equality with the white race, whether North or South.

Col. A. M. Scott and W. F. Smith of Maryville, Mo., who have been touring the West, stopped several days in Glendale last week, to visit their old friend, Dr. Shearer, whom they knew back in Missouri before that country was annexed to the United States. Colonel Scott and Dr. Shearer were at one time partners in the mining business at Steamboat, Josephine county, this state, and Mr. Scott is so well pleased with the bright mining outlook here that he has concluded to remain and engage in that business in Southern Oregon which he believes will eventually be developed into the greatest and richest mining district in the world. Mr. Smith may also conclude to locate here later in the season, says the News.

FAILURE of the general conference of the Methodist Church to elect a colored bishop demonstrates the fact that the American people, as much as they may be interested in uplifting of the negro race, have not yet reached a position where, under any circumstances, they are willing to place the negro on a social, moral, intellectual or even spiritual equality with the white race, whether North or South.

These services over the late Carl Rawlings, who died on Sunday, May 8, were conducted by Rev. A. W. Jamieson at the United Presbyterian Church Sunday afternoon, May 15. Funeral services were delayed in order that members of the family might be present. The parents, Captain and Mrs. V. Rawlings, a sister, Mrs. Ella R. Arnold (who was here in Loveland some two years ago) and a brother, Grant, came from Medford, Oregon. Another brother, L. T. Rawlings, came from Sheridan, Wyoming. These were present at the funeral—which was a fine floral offerings were profuse.—(Loveland (Colo.) Reporter.

Ray Robinson, (better known as "Monk") aged 23 years, was arrested by Constable Angle Monday, for indecent exposure of person. It seems that the young man, accompanied by several little boys, went into Bear creek in a nude condition, in plain view of Lee Bruce's residence. On being remonstrated with Robinson became abusive and was brought before Justice Purdin. He was given a jury trial and convicted. The minimum penalty was imposed, three months in the county jail, and Monk will spend that time at Jacksonville.
