Bright's Disease.

The largest sum ever paid for a prescription of Bright's Disease is \$100.00. The sufferer involved in this case and who had been cured by Bright's Disease and Diabetic Pills, had the same cure by the use of Bright's Disease and Diabetic Pills. They commenced the serious investigation of the specific Nov. 15, 1906. They interviewed scores of the cured and tried it out on its merits by putting over three dozen cases on the treatment and watching them. They also give physicians to name chronic, incurable ailments, and administered it with the physician or judge. Up to Aug. 30, eighty-seven per cent of the test cases were either well or progressing favorably.

Sour Stomach

"After I was induced to try **CABRERA'S** I will never use without them. Now they are in a very bad state, and my doctor had said I had stomach trouble. Now I can take Cabrer's, I feel fine. My wife has used them with beneficial results for her stomach."

Effect of a Snake Bite.
The case of Luther King, an inmate of the Soldiers' Home at Roseburg, is peculiar one. The man claims that on August 7, 1873, he was bitten by a rattlesnake in Idaho, and in August of every year since 1894 the form of a snake appears under the skin of his foot, gradually crawling up to his knee, where he has bitings, then slowly disappearing. In addition, spots appear like those on a rattlesnake. These break open and poison runs from them. In 1894 one spot appeared, and every year an additional spot comes, but last year none appeared. His legs are helpless and cold, and he has no feeling in the members. During the time of the existence of this phenomenon from August 23 to 10th, he is blind, and for a month is helpless and eats nothing.

My Breath.

Shortness of Breath Is One of the Common Signs of Heart Disease.

Notwithstanding what many physicians say, heart disease can be cured. Dr. Miles' New Heart Cure has permanently restored to health many thousands who had found no relief in the medicines (allopathic or homoeopathic) of regular practicing physicians. It has proved itself unique in the history of medicine, by being so uniformly successful in curing those diseases.

Dr. Pleasants made a professional visit to Tillamook Sunday. Dr. L. M. Grisham of Sam's Valley was in after supplies on Monday. Mr. and Mrs. A. O. Freck of Jacksonville were in town Friday on business. Mrs. Frank McE spent a day here last week visiting relatives and friends.

The farmers are now cutting the second crop of alfalfa. Mrs. Romig of La Grande is visiting her niece, Miss Lizzie B. Kincaid. Mrs. J. C. Pendleton of Table Rock was shopping with our merchants Friday.

Sunday, July 10th, seven people united with the Baptist Church, by letter. Mrs. Elizabeth Ross, one of the pioneer women of Rogue River Valley, is suffering with a very severe attack of ulcerated sore throat.

Mr. M. P. Holmes was elected president of Central Point council of the Knights and Ladies of Security last meeting. There is rejoicing at the farm home of Mr. and Mrs. A. L. Williams since the arrival on the 16th inst. of a nine-pound boy.

Hon. S. M. Nealon of Sam's Valley attended the regular meeting of the W. H. Harrison Post last Saturday. Street Commissioner J. McNeil is having our streets sanded, which is a great improvement to our town. J. W. Merritt, Dr. Hinkle, W. J. Freeman and J. Ramsey attended the sale at Godfrey's in Sam's Valley Saturday.

Mr. Dr. Pleasants and her daughter, Miss Stella, left for Ashland Saturday to spend the week attending Chautauqua. The members of Holly Lodge, D. of H., gave an entertainment and ice cream social last Friday evening, to a number of invited guests, which was much of a success and thoroughly enjoyed by all who were in attendance.

Mr. and Mrs. W. H. Norcross left for Portland Saturday, Mr. N. being a delegate from the Table Rock A. O. U. W. lodge and Mrs. N. being a delegate from Holly Lodge to the State Supreme lodge.

Elder Thos. M. Jones has gone to Portland, where he will remain a month. The members of the Christian Church are meeting regularly in their new building, which is neat and commodious.

R. C. Hensley and Mark Welch are giving our business streets a liberal coat of gravel and sand. A. W. Jacobs and Mrs. Rose Jacobs of Ashland were guests of 'Squire Jacobs Friday night.

HERE AND THERE.

Beef has reached the highest price attained since the Civil War. The fighting Japs, according to the despatches, know no such thing as postponement of action. They keep their powder dry by burning it. E. C. Dake, the well-known advertising agent of San Francisco died July 30. He had been identified with the business interests of San Francisco since 1852.

The Filipinos now touring the country demand at every opportunity "either independence or statehood." Whiteley Reid says independence is preferable. The fact that several have been indicted for the Sycum steamboat horror in New York harbor does not satisfy the American people. They demanded that several of the guilty shall be punished.

A deserted babe, absolutely unprotected from the weather, was found on the banks of the river at Eugene, where its mother had left it. A man, while searching for a lost cow, discovered the infant. Among the recipes for keeping cool is one enjoining the weary summer man to studiously refrain from allowing himself to be presented to him during the heat of the day. Nothing is more calculated to make a man hot.

"Old maid insurance" is carried out in Denmark. Women who think they may become old maids pay so much a year, and at 40 receive pensions for life. If they marry before 40 what they have paid premiums goes to swell the amount available for the benefit of their less fortunate sisters. Doctors everywhere recommend Harper's Whiskey for the nervous at all times of hot weather and as a safeguard against malaria - because of its purity. Sold by Ed. H. Helms, Jacksonville, Oregon.

At last Paul Kruger, president of the late Transvaal republic, has surrendered to the inevitable after long and eventful life. Few men of this age have had more ups and downs than he, and few have been more prominent. He will ever be revered by the Boers even though they have been forced to renounce their allegiance to his government. If the reports that an Indiana professor has succeeded in generating life by the use of certain chemical protozoa, Dr. Loeb of the University of California will be obliged to take a back-seat and admit his inferiority. Dr. Loeb has merely succeeded in demonstrating that the life process could be altered and remarkable results obtained by acting on living organisms with various chemical substances, but the Indiana experimenter claims to have found, not a means of altering already existing being, but of actually creating them.

Unattila's wheat crop this year will be extraordinary. Conservatively men place it at more than 5,000,000 bushels. There is only one county in Oregon or Washington that produces more wheat and that is Whitman in eastern Washington. Unattila county is the banner wheat county in Oregon, having the reputation of raising one per cent of all the wheat grown in the United States; and her producers sell annually of wheat, barley, wood, sheep, cattle, horses and fruit to the amount of \$250 per capita.

Had it not been for several women who were present, Geo. H. Richardson, a traveling salesman in the employ of the John Clark Saddlery Co., would have lost his life in the river at the Portland drydock Sunday before last. He was looking about the place when he fell through a hole between two platforms. Three ribs were broken in the fall, and he would drown but for the heroic work of the women who saw his peril and rescued him.

The pill that will, will fill the bill. To cleanse the liver, without a quiver, "Take one at night." Dr. Williams' Little Earth Pills are small, easy to take, easy and gentle in effect, yet they are so certain in results that no one who uses them is disappointed. For constipation, biliousness, headache, torpid liver, jaundice, dizziness and all troubles arising from an inactive, sluggish liver, Early Risers are unexcelled. Sold by all druggists.

Frightened by the narrow escape of her young son from being run down by a heavy truck, Mrs. Mary Murphy, wife of a Brooklyn merchant, was strangled to death by her false teeth. The woman went to Coney Island for an outing. In his hurry to cross the street her son dashed in front of a team and narrowly escaped. His mother attempted to scream and fell sprawling before a crowd of pleasure-seekers. She died in a few minutes and the doctors found the cause in a set of false teeth he'd way down her throat.

The reports of the national banks to the comptroller of the currency showing the condition of these institutions at the close of business on June 9 constitute the most remarkable presentation that has been made by them at the close of any government fiscal year since the passage of the original national banking act. On June 9 loans and discounts amounted to \$3,695,000,000, the highest mark that has yet been reached in national bank reports to the government. That amount is \$198,000,000 in excess of the volume of loans and discounts that was reported about one year ago, and it is nearly one billion dollars in excess of the volume of loans and discounts ever in increase in these items of resources of national banks, practically 35 per cent since 1894.

Weak Hearts
Are caused by indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, the stomach expands - swells, and puts up against the heart. This crowds the heart and shortens the breath. Rapid heart beats and heart disease is the final result. Kodol Dyspepsia Cure digests what you eat, takes the strain off the heart, cures indigestion, dyspepsia, sour stomach, and contributes nourishment, strength and health to every organ of the body. Sold by all druggists.

McGraw on Foul Strike.
"The foul strike rule is a great thing for the pitchers," says John J. McGraw. "They all like it. But it's a poor thing for the spectators, because it kills the batting. It only saves 10 to 15 minutes on a game. The batter has no chance. Under the old rules a clever batter could make some fight against the pitcher; but now a clever batter is no better than a farmer. The rule has made a lot of pitchers; but a game of ball without batting might as well be a game of checkers without checkers."

Hardly a question of more importance will come before the next session of the Legislature than that of creating fixed salaries for state officers. A bill for this purpose will certainly be introduced early in the session, and should not meet with any opposition; but, of course, there are members who believe a public office is a private snare, who will oppose the flat salary measure and may be able to defeat it.

THE FORD'S BLACK DRAUGHT FOR CONSTIPATION

Constipation is nothing more than a clogging of the bowels and nothing less than vital stagnation or death if not relieved. If every constipated sufferer could realize that he is allowing poisonous filth to remain in his system, he would soon get relief. Constipation invites all kind of contagion. Headaches, biliousness, colds and many other ailments disappear when constipated bowels are relieved. The Ford's Black-Draught thoroughly cleans out the bowels in an easy and natural manner without the purging of calomel or other violent cathartics.

Be sure that you get the original Ford's Black-Draught, made by The Chattanooga Medicine Co. Sold by all druggists in 35 cent and \$1.00 packages.
