Your Heart

May Be Weak. One Person in Four Has a Weak Heart.

One of the surest signs of a weak hearf is shortness of breath after exercise. Your heart is not able to pump the blood fast enough to your lungs. Trouble are: Pains in the Side, Back and Shoulder; Fainting or Weak Spells; Dry Cough; Swelling of Feet and Ankles; Cold Feet or Hands.

No one can afford to allow a weak heart to go without medicine, because weak heart means poor circulation, and poor circulation means weak lungs, stomach, liver, kidneys, etc. If, therefore, you suspect heart trouble,

begin taking Dr. Miles' New Heart Cure. The Heart Cure will do you good, as it is a splendid tonic for the blood and nerves, and will revitalize your entire system.
